Annual Meeting of Stockholders**

June 23, 2017

Dear Fellow Stockholder:

It is my pleasure to invite you to our Annual Meeting of Stockholders, which will be held on Thursday, August 3, 2017, at Arlington Hall at Lee Park, 3333 Turtle Creek Blvd., Dallas, Texas 75219, at 8:00 a.m. We hope that you will attend the meeting, but we encourage you to vote by proxy whether or not you plan to attend the meeting in person.

This year we are again taking advantage of the Securities and Exchange Commission rules that allow companies to furnish their proxy materials over the Internet. As a result, beginning on June 23, 2017, we are mailing a Notice Regarding the Availability of Proxy Materials, or Notice, to many of our stockholders instead of a paper copy of the materials for the Annual Meeting. The Notice contains instructions on how to access the proxy materials over the Internet and vote online, as well as how stockholders can elect to receive paper copies of the materials. We believe that this process should expedite stockholders' receipt of proxy materials and provide stockholders with the information they need, while being consistent with our objective of conserving our natural resources and reducing the costs of printing and distributing our proxy materials.

If you attend the Annual Meeting and desire to vote your shares personally rather than by proxy, you may withdraw your proxy at any time before it is exercised. **Your vote is very important, whether you own one share or many.**

Thank you for your continued support and interest in Eagle.

Sincerely,

DAVID B. POWERS

President and Chief Executive Officer

ABOUT THE MEETING

Who Can Vote

The record date for the determination of holders of the Company's Common Stock, par value \$0.01 per share, which we refer to as our "Common Stock," entitled to notice of and to vote at the meeting, or any adjournment or postponement of the meeting, is the close of business on June 6, 2017. In this proxy statement, we refer to this date as the "record date." As of the record date, there were 48,567,963 shares of our Common Stock issued and outstanding and entitled to vote at the meeting. Our stock transfer books will not be closed in connection with the meeting. Our Common Stock is listed on the New York Stock Exchange, or "NYSE," under the symbol "EXP."

How Proxies Will be Voted

Shares represented by valid proxies will be voted at the meeting in accordance with the directions given. If the enclosed proxy card is signed and returned without any direction given, the shares will be voted in the manner, if any, recommended by the Board. The Board does not intend to present, and has no information indicating that others will present, any business at the annual meeting other than as set forth in the attached Notice of Annual Meeting of Stockholders. However, if other matters requiring the vote of our stockholders properly come before the meeting, it is the intention of the persons named in the accompanying form of proxy to vote the proxies held by them in accordance with their best judgment in such matters.

How to Revoke Your Proxy

You have the unconditional right to revoke your proxy at any time prior to the voting thereof by submitting a later-dated proxy, by attending the meeting and voting in person, or by written notice to us addressed to: Eagle Materials Inc., Attention: James H. Graass, Secretary, 3811 Turtle Creek Blvd., Suite 1100, Dallas, Texas 75219-4487. No such revocation shall be effective, however, unless and until received by the Company at or prior to the meeting.

Quorum and Required Vote

The presence at the meeting, in person or represented by proxy, of the holders of a majority of the voting power of the shares of our capital stock entitled to vote on any matter shall constitute a quorum for purposes of such matter. Abstentions and broker non-votes will be included in determining the presence of a quorum at the meeting. The holders of Common Stock will be entitled to one vote per share on each matter that may properly be brought before the meeting or any adjournment thereof. There is no cumulative voting.

<u>Proposal</u>	<u>Required Vote</u>	<u>Effect of Abstentions and Broker Non-Votes</u>
Election of Directors	Majority of votes cast	No effect on outcome of vote
Advisory vote on compensation of our named executive officers	Majority of votes cast	No effect on outcome of vote
Advisory recommendation regarding frequency of future votes on compensation	The frequency receiving the greatest number of votes	No effect on outcome of vote
Approval of the expected appointment of Ernst & Young LLP as our independent auditors for the fiscal year ending March 31, 2018	Affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy at the meeting	Same effect as votes against proposal

Pursuant to the rules of the NYSE, brokers do not have discretionary authority to vote in the election of directors if they did not receive instructions from the beneficial owner because the election of directors is not considered a "routine" matter. The advisory vote regarding executive compensation is also not considered "routine," and brokers may not vote your shares with respect to such matter without instructions from you.

Expenses of Soliciting Proxies

The cost of soliciting proxies for the meeting will be borne by the Company. Solicitations may be made on behalf of our Board by mail, personal interview, telephone or other electronic means by officers and other employees of the Company, who will receive no additional compensation therefor. To aid in the solicitation of proxies, we have retained the firm of Okapi Partners, which will receive a fee of approximately \$9,500, in addition to the reimbursement of out-of-pocket expenses. We will request banks, brokers, custodians, nominees, fiduciaries and other record holders to forward copies of this proxy statement to persons on whose behalf they hold shares of Common Stock and to request authority for the exercise of proxies by the record holders on behalf of those persons. In compliance with the regulations of the Securities and Exchange Commission, or "SEC," and the NYSE, we will reimburse such persons for reasonable expenses incurred by them in forwarding proxy materials to the beneficial owners of our Common Stock.

How You Can Vote

You can vote your shares at the meeting, by telephone, over the Internet or by completing, signing, dating and returning your proxy in the enclosed envelope.

PROPOSAL NO. 1: ELECTION OF DIRECTORS AND RELATED MATTERS

General

Our Board of Directors is the ultimate decision-making body of the Company, except with respect to those matters reserved to our stockholders. The primary responsibilities of our Board include:

- the selection, compensation and evaluation of our Chief Executive Officer and oversight over succession planning;
- oversight of our strategic planning;
- approval of all our material transactions and financings;
- oversight of processes that are in place to promote compliance with law and high standards of business ethics;
- advising management on major issues that may arise; and
- evaluating the performance of the Board and its committees, and making appropriate changes where necessary.

Members of our Board of Directors are divided into three classes based on their term of office (Class I, II and III). The directors in each such class hold office for staggered terms of three years each. At present, each class has three directors.

Retirement of Laurence E. Hirsch

Mr. Laurence E. Hirsch, a Class II director who is our current Chairman and has been a director since 1985, will retire at the annual meeting and is not seeking reelection. It is anticipated that upon Mr. Hirsch’s retirement, Richard R. Stewart, currently our Vice Chairman, will succeed Mr. Hirsch as Chairman, and Michael R. Nicolais will be appointed Vice Chairman. The Company and the Board of Directors recognize and sincerely thank Mr. Hirsch for his exemplary leadership, dedication and service to the Company and its shareholders for the last 32 years. The following table shows the composition of our Board after the annual meeting, assuming the election of the proposed slate of Class II director nominees and the retirement of Mr. Hirsch:

<u>Class</u>	<u>Directors</u>
<i>Class I:</i> Term expires at the 2019 annual meeting and every three years thereafter	George Damiris Martin M. Ellen David B. Powers
<i>Class II:</i> Term expires at the 2020 annual meeting and every three years thereafter	Michael R. Nicolais Richard R. Stewart
<i>Class III:</i> Term expires at the 2018 annual meeting and every three years thereafter	F. William Barnett Richard Beckwitt Ed H. Bowman

Director Independence

NYSE corporate governance rules require that our Board of Directors be comprised of a majority of independent directors. Our Board of Directors has determined, upon the recommendation of our Corporate Governance and Nominating Committee, which we refer to as our “Governance Committee,” that all members of our Board of Directors, other than Mr. Powers, are “independent” within the meaning of the specific provisions of the Securities Exchange Act of 1934, as amended, which we refer to as the “Exchange Act,” and the corporate governance rules of the NYSE.

In determining that eight of our nine directors are “independent,” our Board of Directors considered the following facts:

- Messrs. F. William Barnett, Richard Beckwitt, Ed H. Bowman, George Damiris, Martin M. Ellen and Richard R. Stewart have no relationship with the Company that potentially affects their independence.

[Table of Contents](#)

- From 1985 until his retirement in March 2004, Mr. Hirsch (who has determined not to seek reelection and is retiring at the annual meeting) was an officer of Centex Corporation, our former parent company, which we refer to as “Centex.” Mr. Hirsch was also our interim Chief Executive Officer for approximately six months from April 2003 until September 2003. Because it has been over ten years since Mr. Hirsch retired from Centex or served as an officer of the Company on an interim basis, and in light of the absence of any other material relationship with the Company (other than as a director of the Company), our Board of Directors has determined that Mr. Hirsch has no material relationship with the Company.
- Mr. Michael R. Nicolais entered into an employment relationship in 2004 with a company owned by another member of our Board of Directors, Mr. Hirsch. In particular, in April 2004, Mr. Nicolais accepted employment as president of Highlander Partners L.P., or “Highlander Partners,” a private investment partnership of which Mr. Hirsch is the sole equity owner. Mr. Nicolais is currently Vice Chairman and Chief Executive Officer of Highlander Partners. In view of, among other things: (1) the fact that Mr. Nicolais has never served as an officer or employee of the Company or any of its parents or subsidiaries; (2) the employment relationship between Mr. Nicolais and Highlander Partners commenced after the completion of the spin-off of the Company from Centex, and after the date Mr. Hirsch retired as an executive officer and director of Centex; (3) the investment services provided by Mr. Nicolais to Highlander Partners are largely unrelated to the Company (except to the extent that such services involve investment services relating to a portion of the shares of our Common Stock beneficially owned by Mr. Hirsch); and (4) the fact that, as described above, our Board of Directors has determined that Mr. Hirsch himself has no material relationship with the Company, our Board of Directors determined that Mr. Nicolais has no material relationship with the Company.

Nominees

Each of the nominees listed below is currently a member of our Board of Directors. Each of these nominees has been recommended for nomination by our Governance Committee after considering the criteria described below under the heading “Corporate Governance and Nominating Committee.” We have no reason to believe that any of the listed nominees will become unavailable for election, but if for any reason that should be the case, proxies may be voted for substitute nominees. Because this is an uncontested election of directors, a majority of votes cast by the holders of our Common Stock (number of shares voted “for” a director nominee must exceed the number of votes cast “against” the director nominee) will be required to elect the nominees for director in accordance with our Bylaws and our Corporate Governance Guidelines. (A plurality voting standard would apply in a contested election.) If an incumbent director is not re-elected, such director will promptly tender his or her resignation to the Chairman of the Board, and a special committee of independent directors will consider the resignation and make a recommendation to the Board as to whether to accept or reject such resignation. The Board will then publicly disclose its decision regarding the resignation and the rationale behind the decision.

As noted above, Mr. Hirsch is not seeking reelection as a Class II director, and he will retire at the 2017 annual meeting.

Recommendation of the Board

Our Board of Directors recommends that holders of Common Stock vote “for” the election of the two nominees listed below to serve as Class II directors for a three-year term ending at our 2020 annual meeting of stockholders:

Michael R. Nicolais
Richard R. Stewart

BOARD COMPENSATION

Board compensation for the 12-month period from August 2016 through July 2017 was approved by our Board of Directors in August 2016. The Board adopted a director compensation structure in which directors who are not employees of the Company or any of our subsidiaries received compensation for their services during the 12-month period from August 2016 through July 2017 by electing one of the following two compensation package alternatives:

- (1) total compensation valued at \$187,000, of which \$93,500 is paid in cash and the remainder is provided in the form of an equity grant valued at \$93,500; or
- (2) an equity grant valued at \$215,000.

The grant date value of the equity grant under either alternative is allocated between restricted stock and options to purchase Common Stock (based upon the recommendation of the Compensation Committee) with respect to each non-employee director.

In accordance with the terms of the Eagle Materials Inc. Amended and Restated Incentive Plan, which we refer to as our “Incentive Plan,” the exercise price of stock options is set at the closing price of the Common Stock on the NYSE on the date of grant. The number of option shares granted is determined as of the date of grant by using the Black-Scholes method. All the options granted to directors in August 2016 were fully exercisable when granted and have a ten-year term.

The number of shares of restricted stock is determined as of the date of grant using the closing price of the Common Stock on the NYSE on the date of grant. The restricted stock granted to directors in August 2016 was earned at the time of grant; however, the shares will not become fully vested (unrestricted) until the director’s service on the Board terminates because of the director’s death or the director’s retirement in accordance with the Company’s director retirement policy, or under such circumstances as are approved by the Compensation Committee. During the restriction period the director will have the right to vote the shares. In addition, the director will also be entitled to cash dividends as and when the Company issues a cash dividend on the Common Stock. Notwithstanding the above, the restricted shares issued to Mr. Hirsch do not have voting rights and are not entitled to cash dividends, but rather to a dividend-equivalent payment.

Non-employee directors who chair committees of the Board of Directors receive additional annual compensation. The Governance Committee Chair receives a fee of \$15,000 per year. The chairs of the Audit Committee and the Compensation Committee each receive a fee of \$20,000 per year. The Vice Chairman of the Board receives a fee of \$35,000 per year, and the Chairman of the Board receives a fee of \$50,000 per year. Chairpersons who choose compensation package alternative one (part equity and part cash) receive this additional compensation in the form of cash. Chairpersons who choose compensation package alternative two (all equity) receive this additional compensation in the form of equity, in which case a 30% premium is added to such fees when valuing the equity to be received by such chairperson.

If non-employee directors hold unvested restricted stock units, which we refer to as “RSUs,” granted as part of director compensation in prior fiscal years (which currently includes Messrs. Barnett, Hirsch and Nicolais), these directors will receive dividend equivalent units as and when the Company pays a cash dividend on the Common Stock in accordance with the terms of the RSUs.

All directors are reimbursed for reasonable expenses of attending meetings.

Any cash dividends declared and paid by the Company during the restricted period are paid in cash with respect to such restricted stock.

Board Leadership Structure and Role in Risk Oversight

The positions of Chairman of the Board and CEO are performed by two different persons. Mr. Powers, our CEO, focuses on the day-to-day operation of the Company's businesses and participates in both operational and long-term strategy and development. Mr. Hirsch, our Chairman, oversees the Company's general strategic direction and leads and manages the Board. Mr. Stewart, our Vice Chairman, fulfills the Chairman's duties in the event that Mr. Hirsch is unavailable.

As part of its primary risk management function, the Audit Committee oversees the preparation by management of a risk report on a quarterly basis. However, our entire Board of Directors is also charged with, and is actively involved in, identifying, evaluating and managing risks on behalf of the Company, and the Board undertakes to hold discussions on these topics with management and the Audit Committee throughout the year. Further, the independent directors address risk management in executive sessions without management present. As appropriate in the context of their chartered roles, the Board's other committees also perform risk management and oversight activities during the year. For example, the Governance Committee is responsible for overseeing governance issues that may create governance risks, such as board composition, director selection and other governance policies and practices that are critical to the success of the Company.

Risk Assessment in Compensation Programs

Consistent with SEC disclosure requirements, management, the Compensation Committee and the Board have assessed the Company's compensation programs. Based upon all of the facts and circumstances available to the Company at the time of the filing of this Proxy Statement, the Board has concluded that risks arising from the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company or encourage unnecessary and excessive risk-taking. This assessment was overseen by the Compensation Committee, in consultation with management. The Board reviewed the compensation policies and practices in effect for our executive officers, senior management and other employees and assessed the features the Company has built into the compensation programs to discourage excessive risk-taking. These features include, among other things, a balance between different elements of compensation, use of different time periods and performance metrics for different elements of compensation, restrictions on pricing authority, review and approval of material contracts, and stock ownership guidelines for senior management.

Under this authorization, the Special Situation Stock Option Committee may grant stock options to newly-hired employees and newly-promoted employees, under terms set by the Compensation Committee. This authority for fiscal 2018, which expires on May 31, 2018, is limited to an aggregate of 60,000 option shares, no one individual may receive more than 15,000 option shares, and Section 16 reporting persons may not receive awards pursuant to this authority. Stock options granted under this delegation of authority vest 20% per year commencing on the first anniversary of the grant date. During fiscal 2017, 17,500 stock options were granted to employees under this authority out of a maximum of 60,000.

Our Compensation Committee’s report for the fiscal year ended March 31, 2017 is presented below under the heading “Compensation Committee Report” beginning on page 20 of this proxy statement.

Our Compensation Committee meets as often as it deems appropriate, but no less than twice per year.

Governance Committee

The primary purposes of this committee are: (1) to advise and counsel our Board and management regarding, and oversee, our governance, including our Board’s selection of directors; (2) to develop and recommend to the Board a set of corporate governance principles for the Company; and (3) to oversee the evaluation of our Board and management. - actively seek, recruit, screen, and interview individuals qualified to become members of the Board, and consider management's recommendations for director candidates;
- evaluate the qualifications and performance of incumbent directors and determine whether to recommend them for re-election to the Board;
- establish and periodically re-evaluate criteria for Board membership;
- recommend to the Board the director nominees for each annual stockholders' meeting; and
- recommend to the Board nominees for each committee of the Board.

The Governance Committee initiates and oversees an annual evaluation of the effectiveness of the Board and each committee, as well as the composition, organization (including committee structure, membership and leadership) and practices of the Board. This evaluation is confidential as to each member of the Board and its committees. Part of the Governance Committee's self-evaluation process involves an assessment of the effectiveness of the Company's corporate governance policies, which includes the Company's policies surrounding diversity.

Among the criteria the Governance Committee uses in evaluating the suitability of individual nominees for director (whether such nominations are made by management, a stockholder or otherwise) are their integrity, experience, achievements, judgment, intelligence, personal character, ability to make independent analytical inquiries, willingness to devote adequate time to Board duties and the likelihood that he or she will be able to serve on the Board for a sustained period, giving due consideration to diversity in perspectives, backgrounds, business experiences, professional expertise, gender and ethnic background. Subject to its fiduciary duties and applicable laws and regulations, when searching for new directors, the Governance Committee is charged with endeavoring to identify highly qualified diverse candidates, including women and individuals from minority groups, to include in the pool of candidates from which director nominees are chosen.

Members of the Governance Committee, other members of the Board or executive officers may, from time to time, identify potential candidates for nomination to our Board. All proposed nominees, including candidates recommended for nomination by stockholders in accordance with the procedures described below, will be evaluated in light of the criteria described above and the projected needs of the Board at the time. As set forth in its charter, the Governance Committee may retain a search firm to assist in identifying potential candidates for nomination to the Board of Directors.

Our Governance Committee will consider candidates recommended by stockholders for election to our Board. A stockholder who wishes to recommend a candidate for evaluation by our Governance Committee should forward the candidate's name, business or residence address, principal occupation or employment and a description of the candidate's qualifications to the Chairman of the Governance Committee at the following address: Eagle Materials Inc., Attention: Secretary, 3811 Turtle Creek Boulevard, Suite 1100, Dallas, Texas 75219-4487.

Any stockholder wishing to receive a copy of our Bylaws should direct a written request to our Secretary at the Company's principal executive offices.

No nominees for election to the Board at our 2017 annual meeting of stockholders were submitted by stockholders or groups of stockholders owning more than 5% of our Common Stock.

Executive Committee

The principal function of our Board's Executive Committee is to exercise all of the powers of the Board to direct our business and affairs between meetings of the Board, except that the Executive Committee may not amend our Certificate of Incorporation or Bylaws, adopt an agreement of merger or consolidation under Delaware law, recommend the sale of all or substantially all of our assets or recommend the dissolution of the Company or the revocation of a dissolution. COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

Our Compensation Practices

Pay-for-performance is a longstanding core tenet of our compensation philosophy and one of the keys to Eagle’s long-term success. For years, our executive compensation programs have incorporated pay-for-performance and many other compensation best practices, including the following:

- No employment agreements currently in effect with our executives.
- No tax gross-up agreements with our executives.
- No defined benefit plans are provided to our executives.
- Our incentive plan prohibits the re-pricing of options.
- A substantial portion of our annual long-term compensation awards are performance-based.
- Our executives are provided very limited perquisites.
- The benefits provided to our executives under the defined contribution Profit Sharing and Retirement Plan are determined on the same basis as the benefits provided all salaried employees.
- Our stock ownership guidelines require management to align their long-term interests with those of our stockholders.
- Under our insider trading policy, employees and executives are prohibited from speculating in our securities or engaging in transactions designed to hedge their ownership interests.

At Eagle Materials, we do not view our employees as “merely an expense” of the Company. Instead, we strive to invest in our people and their futures as a means of delivering more long-term value to our stockholders and customers.

Fiscal 2017 Compensation Highlights

The following highlights of our executive compensation program in fiscal 2017 exemplify our long-standing commitment to sound compensation practices, including pay-for-performance.

- The various components of the compensation payable to our Chief Executive Officer, or “CEO,” and the executive officers named in our Summary Compensation Table, or “Named Executive Officers,” during fiscal 2017 are as follows:

CEO Pay (Fiscal 2017)

Other NEO Pay (Average) (Fiscal 2017)

- The base salaries for fiscal 2017 for our Named Executive Officers are on average between the median and the 75th percentile base salary in the compensation study prepared by our compensation consultant as described on page 26 below.
- Approximately 57% of the total compensation of our Named Executive Officers, on average, for fiscal 2017 was performance-based (annual cash incentive bonus, performance-based restricted stock and performance-based stock options).
- 100% of our cash annual incentive bonus for our Named Executive Officers for fiscal 2017 was performance-based in that the bonus pool amount is tied to, and varies with, our operating earnings. Cash annual incentive bonuses were structured in all cases so that they could be adjusted downward by the Compensation Committee at the end of the fiscal year based on an individual Named Executive Officer's performance.
- 50% of the value of our annual long-term awards made to Named Executive Officers during fiscal 2017 was in the form of performance-based equity (restricted stock and/or stock options). These grants were to be earned if the Company attained a target level average return on equity for the fiscal year ended March 31, 2017.
 - In May 2017, the Compensation Committee determined that the Company's return on equity was approximately 98.6% of the maximum performance level (or approximately 118.3% of the target performance level), and the earned equity was determined accordingly. All unearned performance-based equity was forfeited. One-fourth of the earned performance-based equity vested upon the certification by the Compensation Committee, and the remaining earned performance-based equity will vest ratably on March 31 of 2018, 2019 and 2020 (assuming continued service by the relevant officer).
- 50% of the value of our annual long-term awards made to Named Executive Officers during fiscal 2017 was in the form of time-vesting equity (stock options and/or restricted stock), which will vest ratably on the four anniversaries of the date of grant (assuming continued service by the relevant officer).
- Some key features of the fiscal 2017 compensation for David B. Powers, our CEO:
 - Mr. Powers's base salary was set at \$800,000, which is slightly below the median of the compensation study.
 - Almost 60% of Mr. Powers's cash compensation for fiscal 2017 was performance-based.

Advisory Vote on Executive Compensation; Stockholder Engagement

At the 2016 Annual Meeting of Stockholders, the Company's stockholders voted to approve a non-binding advisory resolution approving the compensation paid to our Named Executive Officers as disclosed in the proxy statement for the 2016 Annual Meeting of Stockholders. The vote was 61.73% in favor, 38.06% against (with 0.20% abstaining). Although a substantial majority of the stockholders approved our compensation practices, the 2016 vote represented a decline in support from 2015 (98.46% in favor). The Compensation Committee believes the decrease in the percentage of votes cast in favor of the Company's executive compensation was the result of a negative say-on-pay voting recommendation issued by a proxy advisory firm. The Company did not agree with the recommendation by that firm primarily because it was focused on the structuring of what we believe is an immaterial component of the overall retirement package we paid to our retiring CEO.

We regularly communicate with our stockholders throughout the fiscal year to better understand their opinions on our business strategy and objectives and to obtain feedback regarding other matters of investor interest, such as executive compensation. Throughout fiscal 2017, we had such discussions with stockholders representing over 65% of our outstanding shares (including the targeted outreach discussed below). The investor feedback related to the Company's compensation program throughout this process generally indicated support for the executive compensation program.

In response to the proxy advisory firm's negative say-on-pay voting recommendation, the Company conducted a targeted outreach to several of its large institutional stockholders (holding an aggregate of approximately 31% of our outstanding shares) in the weeks prior to the annual meeting in order to discuss the Company's disagreement with the negative recommendation. The Company's discussions with these institutions confirmed general support for the executive compensation program; however, some of the stockholders deferred to the proxy advisory firm's recommendation with respect to the 2016 say-on-pay vote.

In light of this feedback and the significant historical stockholder support of the executive compensation program (over 98% voted in favor in each of the prior three years), the Compensation Committee did not perceive a need for any major revisions to the Company's programs; however, the Committee has taken it under advisement to be mindful of the issues raised by the proxy advisory firm when structuring any future retirement packages. The Committee also took a fresh look at the Company's compensation programs in connection with the transition to our new CEO, David B. Powers, resulting in some changes that are reflected in the CD&A, including the migration of several employees into annual incentive bonus programs that are tied to operating earnings (as opposed to a percentage of base salary), a revised process for goalsetting for annual incentive bonuses, and adjustments to the structure of the long-term incentive program.

The Compensation Committee is firmly committed to providing its executives with compensation opportunities that are tied to Company performance and stockholder value creation. We encourage you to review the complete description of the Company's executive compensation program prior to casting your vote on this year's say-on-pay advisory vote proposal (Proposal No. 2).

Named Executive Officers

This Compensation Discussion and Analysis is intended to provide investors with a more complete understanding of our compensation policies and decisions during fiscal 2017 for the following persons who were "Named Executive Officers" during such fiscal year:

David B. Powers	President and Chief Executive Officer
D. Craig Kesler	Executive Vice President – Finance and Administration and Chief Financial Officer
Michael Haack	Executive Vice President and Chief Operating Officer
Robert S. Stewart	Executive Vice President – Strategy, Corporate Development and Communications
James H. Graass	Executive Vice President, General Counsel and Secretary

Compensation Philosophy

Our compensation philosophy is based on the principles that executive compensation should:

- Align the interests of our executives with those of our stockholders,
- Reflect the Company’s performance as well as the executive’s individual performance,
- Motivate management to achieve the Company’s operational and strategic goals,
- Reward performance by both our executives and the Company relative to our peers’ performance in light of business conditions, and
- Be designed to attract, retain and motivate highly qualified and talented executives over time.

We believe that a significant portion of an executive’s compensation should be “at risk” – that is, dependent upon our operational and financial performance and the individual’s performance. The key features of our executive compensation program include the following:

- (1) We seek to align the interests of executives with those of our stockholders by:
 - Creating a direct and substantial link between the executive’s annual cash incentive bonus and our annual operating earnings,
 - Structuring long-term compensation as equity awards, so that executives have an appropriate incentive to contribute to the creation of long-term stockholder value, and
 - Requiring executives to meet stock ownership guidelines that will result in each executive holding a meaningful equity stake in the Company.
- (2) We seek to encourage improved performance by:
 - Establishing our annual incentive bonus maximums based on our earnings, with the ability for the Committee to reduce the bonus based on individual performance goals, and
 - Tying the ability to earn a substantial portion of our equity-based awards to the achievement of financial goals.

To achieve our compensation objectives for fiscal 2017, our executive compensation program used a combination of short-term and long-term elements: (1) annual salary, (2) annual incentive bonus, and (3) long-term incentive compensation in the form of stock options and restricted stock. Each element of long-term and short-term compensation is discussed more fully below under the heading “Elements of Executive Compensation.”

No Employment Agreements; No Change-in-Control Agreements. We do not currently have employment agreements or change-in-control agreements with any Named Executive Officer; however, under the terms of our award agreements, unvested equity awards become fully vested and exercisable in the event of a change in control. See “Change in Control Benefits” below.

Compensation Risk

Although a significant portion of potential compensation to our executive officers is performance-based, we do not believe that our compensation policies, principles, objectives and practices are structured to promote inappropriate risk taking by our executives. We believe that the focus of our overall compensation program encourages management to take a balanced approach that focuses on increasing and sustaining our profitability. See “Board Leadership Structure and Role in Risk Oversight — Risk Assessment in Compensation Programs” above.

Role of the Compensation Committee and Management in Executive Compensation

Our Compensation Committee has certain duties and responsibilities relating to the compensation of the CEO and the other senior executive officers. See “Board Committees — Compensation Committee” above. The senior executive officers include all of the Named Executive Officers. In particular, the Compensation Committee is charged with the responsibility to:

- Review and make recommendations regarding our general compensation philosophy and structure,
- Annually review and approve corporate goals and objectives relevant to the compensation of our CEO,
- Evaluate our CEO’s performance in light of such goals and objectives,
- Set the salary and other cash and equity compensation for our CEO based on such evaluation,
- Review and approve the compensation of our other senior executive officers,
- Administer each of our plans for which our Compensation Committee has administrative responsibility,
- Grant cash awards (including annual incentive bonuses) under our annual bonus programs and equity awards (including options, restricted stock and restricted stock units) under our long-term Incentive Plan to our officers and other key employees,
- Review and recommend to the Board the compensation of our non-employee directors, and
- Recommend to the Board stock ownership guidelines for our executive officers and monitor compliance therewith.

The Compensation Committee consists solely of directors who are independent under the NYSE listing standards (including the enhanced independence requirements for compensation committee members) and Section 162(m) of the Internal Revenue Code, and who are “non-employee directors” under Rule 16b-3 of the Exchange Act. The Compensation Committee is authorized to hire such outside advisors as it deems appropriate. The Compensation Committee’s charter may be found in the “Investor Relations/Corporate Governance” section of our website www.eaglematerials.com.

The Compensation Committee sets compensation for the Named Executive Officers on an annual basis. In general, the process for setting compensation involves the following steps:

- As early as practicable after the beginning of each fiscal year, the Compensation Committee determines (1) the salary of each Named Executive Officer for such fiscal year, (2) the overall size of the annual incentive bonus pools based on operating earnings in which the Named Executive Officers will have the opportunity to participate during such year and the percentage of the pool assigned to each Named Executive Officer, (3) whether the Compensation Committee will make any long-term incentive compensation awards in such fiscal year, (4) if the Compensation Committee decides to make long-term compensation awards for such fiscal year, the amount, nature of and terms applicable to such awards, including the form any such awards will take (e.g., options, restricted stock, restricted stock units and/or cash), the individual grant date fair value for awards to be made to each Named Executive Officer, the performance- or time-vesting criteria (or both) that will apply to any such awards, and the exercisability or payment schedules that will apply to any such awards if the performance criteria are satisfied, and (5) the Eagle Materials Special Situation Program for such fiscal year and the overall funding levels for such program based on operating earnings. For fiscal 2017, the Compensation Committee made these determinations at two separate meetings held in May 2016.

[Table of Contents](#)

- After the end of the fiscal year, the Compensation Committee (1) reviews and approves the annual incentive bonus pools, (2) determines the extent to which the performance criteria for the prior fiscal year applicable to any long-term incentive awards were satisfied, (3) determines the amount of the downward adjustment, if any, to be made to the annual incentive bonus payment to each Named Executive Officer based on individual performance, and (4) if applicable, makes awards under the Eagle Materials Special Situation Program. The Compensation Committee made these determinations for fiscal 2017 at a meeting held in May 2017.

Our CEO participates to a certain extent in the administration of our compensation program for Named Executive Officers, other than himself. At the end of each fiscal year, the CEO provides input to the Compensation Committee on the performance of each of the other Named Executive Officers and recommends compensation adjustments (salary adjustments for the current fiscal year, any downward adjustments to annual incentive bonus levels for the recently completed fiscal year, and annual incentive bonus levels for the current fiscal year) and, if applicable, long-term incentive award levels for such Named Executive Officers. The CEO also provides input on the structure of our long-term incentive awards (if any) for such Named Executive Officers, including the long-term incentive award levels and the performance or other criteria that determine vesting and other terms and conditions applicable to the awards. The Compensation Committee considers the CEO's input, along with other information presented by its compensation consultants or otherwise available to it, in making its final compensation decisions with respect to the Named Executive Officers.

Engagement of a Compensation Consultant

Late in fiscal 2016 (January 2016), the Compensation Committee again retained Longnecker & Associates ("L&A"), an independent compensation consulting firm based in Houston, Texas, to review levels and incentive components of our executives' compensation in an effort to align the compensation of our officers competitively with the market for fiscal 2017. The primary role of L&A was to provide the Compensation Committee with market data and information regarding compensation trends in our industry and to make recommendations regarding base salaries, the design of our incentive programs and executive compensation levels. Our management did not direct or oversee the retention or activities of L&A with respect to our executive compensation program. The Compensation Committee has assessed the independence of L&A pursuant to SEC and NYSE rules and concluded that no conflict of interest exists that would prevent L&A from independently advising the Compensation Committee.

Compensation Peers

The data used by L&A in its survey of compensation, which we refer to as the "compensation study," was weighted so that 50% was from published surveys from Towers Watson, Economic Research Institute, Mercer, Pay Factors, Kenexa and WorldatWork and 50% was from disclosure in compensation peer group proxy statements. At the beginning of fiscal 2017 (spring of 2016) L&A reviewed the Company's current peer group for appropriateness and provided the Compensation Committee with recommendations for any additional peers to be included. L&A analyzed the Company's peer group and potential additional companies based on (1) other similar companies within similar industries, (2) revenue, (3) market capitalization, (4) enterprise value, (5) asset size (6) net income, (7) EBITDA and (8) one-year and three-year total shareholder return ("TSR"). Based on this analysis, L&A recommended removal of the following peers used in fiscal 2016: Globe Specialty Metals, Inc. (merged with FerroAtlantica); and Newpark Resources, Inc. (too small by several metrics). L&A recommended the addition of the following companies to the peer group: Summit Materials Inc., Continental Building Products, Inc., U.S. Concrete, Inc. and Headwaters Incorporated. Based on L&A's recommendation, the Compensation Committee utilized the following 15-company peer group in analyzing fiscal 2017 compensation ("compensation peer group"):

We are aware that institutional shareholder advisors, such as Institutional Shareholder Services, Glass Lewis and others, utilize methodologies to determine “peer groups” that may differ from our process. We believe that the methodologies they use may result in a peer group that does not provide a close “fit” for Eagle. For example, if the institutional shareholder advisor relies upon GICS codes to identify potential peers, the resulting peer group would include many companies whose operations we view as sufficiently dissimilar to ours as to make comparisons significantly less meaningful. Additionally, if the institutional shareholder advisor constructs a peer group based solely on revenues, the resulting peer group can create a poor fit for two reasons. First, because of accounting rules we are unable to include our 50/50 Texas Lehigh joint venture’s revenues in our revenue line item—we instead account for that entity in a separate line item valuing the equity interest in an unconsolidated joint venture. Our revenue is, in effect, understated. Second, in our industry, with large up-front capital projects, we believe that cash flow and earnings are more important than revenues when evaluating peers. For these reasons and in light of the peer analysis described above, we believe that the compensation peer group identified by our Compensation Committee for fiscal 2017 provides a more appropriate and meaningful basis for assessing our executive compensation.

Elements of Executive Compensation

In addition to the health benefit plans and programs generally available to all employees, our executive compensation program includes the following elements:

- Base salary
- Annual incentive bonus
- Long-term incentive compensation
- Salary continuation plan

Base Salary

Salaries of the Named Executive Officers are reviewed annually as well as at the time of a promotion or significant change in responsibilities. As described above, the Compensation Committee engaged L&A to conduct the compensation study at the beginning of fiscal 2017. L&A’s compensation study was delivered to the Compensation Committee in May 2016. The fiscal 2017 base salaries for the Named Executive Officers were set as follows: Mr. Powers - \$800,000; Mr. Kesler - \$420,000; Mr. Haack - \$530,500; Mr. Stewart - \$420,500; and Mr. Graass - \$399,000. Considerations that may influence the salary level for a Named Executive Officer include individual performance, the Named Executive Officer’s skills or experience, our operating performance and the nature and responsibilities of the position. Following the base salary adjustments, the salaries of the Named Executive Officers were, on average, between the median and the 75th percentile of the L&A compensation study.

Annual Incentive Bonus

The Compensation Committee is responsible for approving the annual incentive bonus for our CEO and the other Named Executive Officers. Annual incentive bonuses paid to our Named Executive Officers for fiscal 2017 were made under (1) the Eagle Materials Inc. Salaried Incentive Compensation Program for Fiscal Year 2017, which we refer to as the “Eagle Annual Incentive Program,” and (2) the Eagle Materials Inc. Special Situation Program for Fiscal Year 2017, which we refer to as the “SSP.” These incentive programs were structured to create financial incentives and rewards that are directly related to corporate performance and the participating Named Executive Officer’s individual performance during the fiscal year. Our Incentive Plan provides an absolute cap on cash that any employee may receive in any fiscal year under such programs (\$5 million).

The Compensation Committee believes these programs are consistent with our compensation philosophy in that they place a significant portion of the executive’s compensation “at risk.” Generally, under these programs, a significant portion of the executive’s total compensation is dependent upon the performance of the Company as well as the individual’s performance. The Company’s annual incentive bonus programs also reflect the Committee’s philosophy of aligning the interests of our executives with those of the shareholders. These programs create this alignment by providing that an officer’s annual bonus potential varies directly with our operating earnings. Although individual performance and achievement of goals (as discussed in more detail below under “Approving

[Table of Contents](#)

the Annual Incentive Bonus”) may affect the actual incentive bonus amount, our programs are structured in such a way that the executive officer’s incentive bonus potential can vary considerably as operating earnings change from year to year.

Eagle Annual Incentive Program

For fiscal 2017, each of our Named Executive Officers was a participant in the Eagle Annual Incentive Program. Under this program, during the first quarter of the fiscal year, a percentage of our operating earnings is designated by the Compensation Committee as a pool for bonuses, and each participating Named Executive Officer is assigned a share of such pool, representing the executive’s maximum bonus opportunity. At the end of the fiscal year, the size of the pool is determined, based on the amount of operating earnings generated during such fiscal year, and annual incentive bonuses are paid to each participating executive in the form of a lump sum cash payment reflecting his share of the pool, subject to the exercise of “negative discretion” by the Compensation Committee to reduce (but not increase) the amount of the cash payment based on the executive’s individual performance during the fiscal year. The amount of the annual incentive bonus paid to an executive is based on the level of our operating earnings, the share of the pool designated for such executive, and an assessment of such executive’s individual performance.

The Compensation Committee addressed a couple of key changes in the Eagle Annual Incentive Program in the transition from fiscal 2016 to fiscal 2017. First, the Committee needed to determine the appropriate pool percentage for Mr. Powers, who assumed the CEO position upon the retirement of Steven R. Rowley at the end of fiscal 2016. Second, Mr. Haack’s annual bonus potential had been initially established at the time of his hiring in fiscal 2015 as up to 200% of his base salary, with 100% as a target. The Committee decided to include Mr. Haack in the Eagle Annual Incentive Program bonus pool for fiscal 2017 in order to align his annual bonus potential with our operating earnings. The Eagle Annual Incentive Program was adopted by the Compensation Committee in May 2016, and it differed from the fiscal 2016 program by (i) reducing the percentage potentially payable to the CEO from 40% in fiscal 2016 (Mr. Rowley) to 24% in fiscal 2017 (Mr. Powers) and reducing the percentage participation of the other plan participants (including Messrs. Kesler, Stewart and Graass), in part to allow the addition of Mr. Haack to the pool, and (ii) increasing the percentage of the Company’s operating earnings that fund the pool from 1.35% (fiscal 2016) to 1.40% (fiscal 2017).

The Committee believes that operating earnings is an appropriate measurement for annual incentive bonuses because this measure is tied more closely to operations. The bonus pool itself is not subject to a separate cap or maximum, but is merely a function of multiplying the pre-determined percentage by our operating earnings for the applicable fiscal year; however, our Incentive Plan does provide an absolute cap on cash that any employee may receive in any fiscal year under such programs (\$5 million). In setting the percentage of operating earnings which would fund the pool for the Eagle Annual Incentive Program, the Compensation Committee considered several factors, including our compensation philosophy that a significant portion of the executive’s compensation should be “at risk” and subject to the Company’s success (level of operating earnings), as well as the anticipated operating earnings for fiscal 2017.

[Table of Contents](#)

In allocating the pool, the Compensation Committee considered the amount of annual incentive bonus compensation payable to executives in other companies who fulfill similar roles as illustrated in the compensation study prepared by L&A, the share of the pool historically allocated to officers in such roles by the Company, Mr. Powers's recommendation for each participant, as well as the Compensation Committee's assessment of the executive's importance and contribution to the organization, the executive's importance in driving the achievement of Company goals and profitability, the executive's level of responsibility, and the anticipated operating earnings for fiscal 2017. The Compensation Committee set the bonus potential for the Named Executive Officers as follows:

Name	Annual Incentive Bonus Potential (% of Pool)
David B. Powers	24.0
D. Craig Kesler	15.8
Michael Haack	17.0
Robert S. Stewart	15.8
James H. Graass	15.8

At the time the Compensation Committee set the bonus potential percentages, the anticipated operating earnings for fiscal 2017 yielded annual incentive bonus potentials that, when added to base salaries, would place the Named Executive Officers at slightly above the 75th percentile of actual total cash compensation (base salary plus actual annual incentive) of the L&A compensation study.

Also at the beginning of fiscal 2017, the Compensation Committee worked with Mr. Powers to develop individual annual incentive goal categories by plan and position throughout the Company, including with respect to the Named Executive Officers. For participants in the Eagle Annual Incentive Program, the participants' individual performance against the goals would be evaluated by the Committee in the exercise of "negative discretion" to reduce (but not increase) the amount of the portion of the pool that would be paid to the participant at the end of the fiscal year.

At the end of fiscal 2017, the Compensation Committee determined that the aggregate amount available for the Eagle Annual Incentive Program for fiscal 2017 was \$4,440,100. This pool amount was not quantifiable until the end of fiscal 2017 and includes amounts available for payment to officers and employees other than the Named Executive Officers. For comparison purposes, the equivalent pool amount in fiscal 2016 was \$3,183,771. From fiscal 2016 to fiscal 2017, our operating earnings increased from \$235,934,892 to \$317,150,000, more individuals were participants in the pool, and the pool was increased from 1.35% of operating earnings to 1.40% of operating earnings.

Fiscal 2017 Special Situation Program

In the first quarter of fiscal 2017 (May 2016), the Compensation Committee approved the SSP, which is a special annual incentive program intended to recognize outstanding individual performance during the fiscal year. The SSP also provides flexibility to reward performance when special circumstances arise in which our CEO determines that an individual has performed well but not been adequately compensated pursuant to other components of compensation, including without limitation instances where an individual's compensation has been adversely affected by market conditions such as a cyclical downturn or in recognition of transactions and events not contemplated at the time the Compensation Committee set compensation for the applicable year. SSP awards are made by our CEO, except that awards to executive officers require Compensation Committee approval. Awards under the SSP are not predetermined for any individuals at the beginning of the fiscal year. All full-time employees of Eagle Materials Inc. or any of our subsidiaries are eligible to receive awards under this program. At the beginning of fiscal 2017, the Compensation Committee determined that 0.35% of our operating earnings for the ensuing fiscal year would fund the SSP, along with the portions of the Eagle and divisional incentive compensation plans and divisional long-term cash compensation plans not paid out. In setting the percentage of operating earnings which would fund the SSP, the Compensation Committee considered several factors, including the anticipated operating earnings for fiscal 2017.

Approving the Annual Incentive Bonus

In May 2017, the Compensation Committee approved the incentive bonus pool for fiscal 2017 for the Company. In addition, at the end of fiscal 2017, Mr. Powers provided performance evaluations of each Named Executive Officer (other than himself) to the Compensation Committee, which evaluations included an assessment of the achievement of their individual goals and objectives, along with his recommendation for the annual incentive bonus for each such Named Executive Officer. With respect to Mr. Powers himself, the Compensation Committee performed its own evaluation of his performance and the extent to which the goals and objectives established for him for fiscal 2017 had been achieved.

[Table of Contents](#)

Mr. Powers

At the end of fiscal 2017, the Compensation Committee conducted its performance evaluation of Mr. Powers after receiving input from the entire Board. Mr. Powers also provided information used by the Compensation Committee to evaluate the achievement of his goals and objectives for fiscal 2017 under the Eagle Annual Incentive Program. Based on this evaluation, the Compensation Committee believes Mr. Powers performed at a high level during fiscal 2017 and met or exceeded his goals and objectives. That evaluation resulted in Mr. Powers receiving 98% of his bonus potential for fiscal 2017. The Compensation Committee approved an annual incentive bonus for Mr. Powers under the Eagle Annual Incentive Program of \$1,044,312, which is reflected in the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table located on page 38 of this proxy statement. In making this determination, the Compensation Committee used its judgment to determine the appropriate award level after consideration of several factors, including his achievement of his goals related to safety, the performance of certain assets and leadership development and the following areas (among others) over the past fiscal year:

- leadership in pursuing strategic growth opportunities, including the acquisition of CEMEX’s Ohio cement assets;
- success in driving management’s continuing focus on maintaining a healthy balance sheet and prudent use of debt;
- leadership in maintaining the Company’s focus on continual operating improvements;
- ongoing development of the senior leadership team at both the corporate and divisional levels; and
- repositioning the frac sand business for improvement in fiscal 2018.

In addition, the Compensation Committee approved a cash award under the SSP to Mr. Powers in the amount of \$100,000. In making this discretionary award to Mr. Powers, the Compensation Committee took into consideration his achievement in guiding the Company through its successful transition following the retirement of Mr. Rowley, and his guidance of the Company through its first public debt offering. The SSP cash award to Mr. Powers is reflected in the “Bonus” column of the Summary Compensation Table on page 38 of this proxy statement.

Mr. Kesler

At the end of fiscal 2017, Mr. Powers reviewed Mr. Kesler’s performance, finding that Mr. Kesler had achieved his goals during the fiscal year. Based in part on this review, the Compensation Committee determined that Mr. Kesler had met his goals and awarded Mr. Kesler 100% of his incentive bonus potential, approving an annual incentive bonus for Mr. Kesler under the Eagle Annual Incentive Program of \$701,536, which is reflected in the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table located on page 38 of this proxy statement. In making this determination, the Compensation Committee used its judgment to determine the appropriate award level after consideration of several factors, including his achievement of his goals related to refinements to the budgeting process, Mr. Powers’s input regarding Mr. Kesler’s performance, and the following areas (among others) over the past fiscal year: Mr. Kesler’s timely and effective completion and communication of required financial planning and analysis; his participation in evaluation of strategic growth opportunities for the Company; and his oversight of the Company’s IT department, including enhanced cyber security training.

In addition, the Compensation Committee approved a cash award under the SSP to Mr. Kesler in the amount of \$100,000. In making this discretionary award to Mr. Kesler, the Compensation Committee took into consideration the recommendation of Mr. Powers and Mr. Kesler’s success in guiding the Company through its first public debt offering. The SSP cash award to Mr. Kesler is reflected in the “Bonus” column of the Summary Compensation Table on page 38 of this proxy statement.

Mr. Haack

At the end of fiscal 2017, Mr. Powers reviewed Mr. Haack’s performance, finding that Mr. Haack had achieved his goals during the fiscal year. Based in part on this review, the Compensation Committee determined

[Table of Contents](#)

that Mr. Haack had met his goals and awarded Mr. Haack 97% of his incentive bonus potential, approving an annual incentive bonus for Mr. Haack under the Eagle Annual Incentive Program of \$732,172, which is reflected in the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table located on page 38 of this proxy statement. In making this determination, the Compensation Committee used its judgment to determine the appropriate award level after consideration of several factors, including his achievement of his goals related to safety and leadership development, Mr. Powers’s input regarding Mr. Haack’s performance, and the following areas (among others) over the past fiscal year: Mr. Haack’s success in enhancing the Company’s safety programs; organization succession planning; and budgeting and strategic planning throughout the organization.

Mr. Stewart

At the end of fiscal 2017, Mr. Powers reviewed Mr. Stewart’s performance, finding that Mr. Stewart had achieved his goals during the fiscal year. Based in part on this review, the Compensation Committee determined that Mr. Stewart had met his goals and awarded Mr. Stewart 100% of his incentive bonus potential, approving an annual incentive bonus for Mr. Stewart under the Eagle Annual Incentive Program of \$701,536, which is reflected in the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table located on page 38 of this proxy statement. In making this determination, the Compensation Committee used its judgment to determine the appropriate award level after consideration of several factors, including his achievement of his goals related to safety and succession planning, Mr. Powers’s input regarding Mr. Stewart’s performance, and the following areas (among others) over the past fiscal year: Mr. Stewart’s work on a leadership succession program; and his formulation of effective investor communication tools.

In addition, the Compensation Committee approved a cash award under the SSP to Mr. Stewart in the amount of \$100,000. In making this discretionary award to Mr. Stewart, the Compensation Committee took into consideration the recommendation of Mr. Powers and Mr. Stewart’s successful development and introduction of a leadership development program throughout the Company. The SSP cash award to Mr. Stewart is reflected in the “Bonus” column of the Summary Compensation Table on page 38 of this proxy statement.

Mr. Graass

At the end of fiscal 2017, Mr. Powers reviewed Mr. Graass’s performance, finding that Mr. Graass had achieved his goals during the fiscal year. Based in part on this review, the Compensation Committee determined that Mr. Graass had met his goals and awarded Mr. Graass 99% of his incentive bonus potential, approving an annual incentive bonus for Mr. Graass under the Eagle Annual Incentive Program of \$694,520, which is reflected in the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table located on page 38 of this proxy statement. In making this determination, the Compensation Committee used its judgment to determine the appropriate award level after consideration of several factors, including his achievement of his goals related to improvements to policies and procedures, Mr. Powers’s input regarding Mr. Graass’s performance, and the following areas (among others) over the past fiscal year: enhancement of certain training programs; and his participation in the pursuit of strategic growth opportunities for the Company.

In addition, the Compensation Committee approved a cash award under the SSP to Mr. Graass in the amount of \$100,000. In making this discretionary award to Mr. Graass, the Compensation Committee took into consideration the recommendation of Mr. Powers and Mr. Graass’s work on the Company’s successful acquisition of CEMEX’s Ohio cement assets. The SSP cash award to Mr. Graass is reflected in the “Bonus” column of the Summary Compensation Table on page 38 of this proxy statement.

Long-Term Incentive Compensation

Consistent with the Compensation Committee’s philosophy of linking compensation to our performance, a significant portion of our long-term incentive compensation program for fiscal 2017 has been structured to tie the ability to earn equity awards to the achievement by the Company of specific performance levels. To enhance retention of key employees, once earned, the performance awards contain a further time-vesting component. Also, a portion of our long-term compensation program has been structured as purely time-vesting, which the Compensation Committee believes, based on the input of L&A, is in-line with the practice of our peers. A more detailed description of the fiscal 2017 awards is found below.

Table of Contents

Burn Rate

The Compensation Committee has been a good steward of the equity available to it for award under our Incentive Plan. Our three-year average burn rate (a measure of historical dilution) is well below our industry norms. The Company's three-year average burn rate (which is based on the number of awards granted—or, in the case of performance awards, awards earned—in each fiscal year, divided by the weighted-average common shares outstanding for such fiscal year) is 1.12%. The 2017 benchmark for our industry published by ISS is 2.86%.

Grant Practice

All of the Named Executive Officers participate in our long-term incentive compensation program. In fiscal 2017, the Compensation Committee approved equity grants as described below. The date on which an equity award is granted is the date specified in the resolutions of the Compensation Committee authorizing the grant. The grant date must fall on or after the date on which the resolutions are adopted by the Committee. As provided in the Incentive Plan, for stock options, the exercise price is the closing price of our Common Stock on the grant date, as reported by the NYSE.

In addition, the Compensation Committee, as provided in our Incentive Plan, has delegated to the Special Situation Stock Option Committee (whose sole member is our CEO) the authority to grant stock options to newly-hired employees and newly-promoted employees, under terms set by the Compensation Committee. This authority for fiscal 2018, which expires on May 31, 2018, is limited to an aggregate of 60,000 option shares; no one individual may receive more than 15,000 option shares in a given year; and Section 16 reporting persons may not receive awards pursuant to this authority. Stock options granted under this delegation of authority vest 20% per year commencing on the first anniversary of the grant date. During fiscal 2017, 17,500 stock options were granted to employees under this authority out of a maximum of 60,000.

Fiscal 2017 Grants

In structuring the long-term incentive program for fiscal 2017, the Compensation Committee worked with our new CEO, Mr. Powers, to establish a mix of performance-based and time-vesting awards. The performance metric selected was return on equity, or "ROE," which represents our earnings as a percentage of our stockholders' equity. Target award amounts were allocated equally between performance-vesting and time-vesting awards, with one-half of each type being allocated to restricted stock and one-half to stock options; provided, that the Committee could take into consideration the recipient's age and proximity to retirement in allocating some awards 100% to restricted stock. With respect to performance-based equity awards, the Committee determined a target award value that would be received upon the achievement of a strong ROE, with up to 120% of the target value received if exceptional ROE were achieved and 80% of the target value received if acceptable ROE were achieved. None of the performance-based equity awards would be earned if the return on equity were below this acceptable level. Both performance-based and time-vesting equity awards would vest over a four-year period to enhance the retention of these key employees. The Committee anticipates being able to utilize this same basic structure in future years, to increase the consistency—and therefore the incentive power—of such awards.

Effective May 20, 2016, the Compensation Committee approved equity awards under the Incentive Plan to a group of key employees, including the Named Executive Officers, in alignment with the above structure. As part of the compensation study delivered to the Compensation Committee in May 2016, L&A had provided information regarding long-term compensation as well as total direct compensation paid to the compensation peer group. In determining the value of the equity to be granted, the Compensation Committee took into consideration the L&A compensation study, Mr. Powers's input, the Compensation Committee's assessment of the executive's importance and contribution to the organization, and the executive's level of responsibility. On average, the target Named Executive Officer long-term incentive compensation was at approximately the median of the compensation study, resulting in total direct compensation between the median and the 75th percentile of the compensation study. The target grant date fair value was allocated 50% to performance-based equity (with a Company ROE financial metric) and 50% to time-vesting equity. In general, recipients of equity awards had their target grant date fair value allocated half to restricted stock and half to stock options; however, given their age and proximity to retirement, some recipients (including Messrs. Powers and Stewart) had their entire award allocated to restricted stock.

The following table shows the stock options and restricted stock granted to each of the Company's Named Executive Officers effective May 20, 2016:

<u>Name</u>	<u>Number of Performance Vesting Stock Options</u>	<u>Shares of Performance Vesting Restricted Stock</u>	<u>Number of Time Vesting Stock Options</u>	<u>Shares of Time Vesting Restricted Stock</u>

James H. Graass	8,615	2,775	7,179	2,313

The Committee believes that the structure of the fiscal 2017 long-term compensation program is consistent with the Compensation Committee's philosophy of linking compensation to our performance.

Performance-Based Equity Awards

These awards are comprised of shares of restricted stock and stock options which are earned based upon the achievement by the Company of a certain level of average ROE for the fiscal year ended March 31, 2017, with 100% of the awarded stock/options (that is, 120% of the target award value) being earned if such ROE measure was 18.0% or higher, 83.3% of the awarded stock/options (that is, 100% of the target award value) being earned if such ROE measure was 14.5%, and 66.7% of the awarded stock/options (that is, 80% of the target award value) being earned if such ROE measure was at least 11.0% (with the exact percentage of shares earned being calculated based on straight-line interpolation between the points specified above with fractional points rounded to the nearest tenth of a percent). If the Company achieved an ROE measure of less than 11.0%, then none of the performance-based equity awards would be earned. The earned performance-based equity was to become fully vested one-fourth promptly after the certification date and one-fourth on March 31 for each of the following three years (in each case assuming continued service through such dates).

The terms and conditions of the performance-based equity are substantially the same as prior performance-based awards, except that the performance criterion is as described above and the vesting period is four years. Any performance-based equity that was not earned at the end of fiscal 2017 was to be forfeited. As in the case of prior equity awards, the performance-based equity will also vest upon a change in control of the Company. See "Change in Control Benefits" below. In accordance with the terms of the Incentive Plan, the exercise price of the stock options is the closing price of the Company's Common Stock on the date of grant, May 20, 2016 (\$75.69).

In May 2017, the Compensation Committee certified that the Company's 17.7% average ROE for the fiscal year ended March 31, 2017 (as defined in the award agreement) satisfied the Company's performance goal such that 98.6% of the performance-based equity granted (or 118.3% of the target number of shares/options) was earned. Any unearned performance-based equity was forfeited. One-fourth of the earned performance-based equity vested promptly after such certification date, and the remaining three-fourths will vest ratably on March 31 of 2018, 2019 and 2020 (in each case assuming continued service through such dates).

Time-Vesting Equity Awards

These awards are comprised of shares of restricted stock and stock options which vest ratably over four years on May 20, 2017; May 20, 2018; May 20, 2019; and May 20, 2010 (in each case assuming continued service through such dates). The Compensation Committee believes that including time-vesting equity as part of long-term compensation is consistent with competitive pay practices, preserves the Company's philosophy that a significant portion of an executive's pay should be at risk, enhances the retention of key employees, while at the same time creating a strong incentive for management to operate the business in a manner that creates additional value for stockholders.

The terms and conditions of the time-vesting equity are substantially the same as prior time-vesting awards, except that the time-vesting period is four years. As in the case of prior equity awards, the time-vesting equity will

also vest upon a change in control of the Company. See “Change in Control Benefits” below. In accordance with the terms of the Incentive Plan, the exercise price of the stock options is the closing price of the Company’s Common Stock on the date of grant, May 20, 2016 (\$75.69).

Profit Sharing and Retirement Plan

Each of the Named Executive Officers is a participant in our Profit Sharing and Retirement Plan, which we refer to as our “PSRP.” The PSRP is a qualified defined contribution plan covering substantially all salaried employees of the Company and our subsidiaries. Participants in this plan may elect to make pre-tax contributions of up to 70% of their base salary subject to the limit under Internal Revenue Code Section 402(g) (currently \$18,000), employee after-tax contributions of up to 10% of base salary and, if the participant is at least age 50, “catch-up contributions” up to the statutory limit under Internal Revenue Code Section 414(v) (currently \$6,000). In addition, the PSRP provides for a discretionary employer profit sharing contribution that is a percentage of base salary for the year. Participants are fully vested to the extent of their pre-tax and after-tax contributions and become vested in the employer profit sharing contribution over a six-year period (i.e., 20% per year beginning with the second year of service). All of the Named Executive Officers (other than Mr. Haack, who joined the Company in December 2014) have been employed by the Company or our affiliates long enough to be fully vested. Participants are entitled to direct the investment of contributions made to the PSRP on their behalf in various investment funds, including up to 15% in an Eagle Common Stock fund. Such amounts are payable upon a participant’s termination of employment, disability or death in the form of a lump sum, installments or direct rollover to an eligible retirement plan, as elected by the participant. At the participant’s election, amounts invested in the Common Stock fund are distributable in shares of our Common Stock. Employer profit sharing contributions made to the PSRP on behalf of our Named Executive Officers in fiscal 2017 are reflected under the “All Other Compensation” column in the Summary Compensation Table located on page 38 of this proxy statement. A list of the investment funds provided under the PSRP is provided in the footnotes to the Nonqualified Deferred Compensation Table located on page 46 of this proxy statement.

SERP

In fiscal 1995, the Board approved our Supplemental Executive Retirement Program, which we will refer to as our “SERP,” for certain employees participating in the PSRP. Internal Revenue Code Section 401(a)(17) limits the amount of annual compensation (currently \$265,000) that may be considered in determining our contribution to the PSRP for the account of an eligible participant. The SERP was established to eliminate the adverse treatment that higher-salaried employees receive as a result of such limit by making a contribution for each participant in an amount substantially equal to the additional employer profit sharing contribution that he or she would have received under the PSRP had 100% of his or her base salary been eligible for a profit sharing contribution. As in the case of the PSRP, annual incentive bonuses paid to participants are not included when determining the amount of contributions to the SERP. The Compensation Committee believes that the SERP therefore allows us to confer the full intended benefit of the employer profit sharing contribution under the PSRP without the arbitrary limitation of the Internal Revenue Code rules noted above. Contributions accrued under the SERP for the benefit of the higher-salaried employees vest under the same terms and conditions as under the PSRP (i.e., over a six-year period) and may be invested by the participant in several of the same investment options as offered under the PSRP. Benefits under the SERP are payable upon the participant’s termination of employment in a lump sum or installments as elected by the participant in accordance with the terms of the SERP, subject to the six month delay in payment for key employees under Internal Revenue Code Section 409A to the extent applicable. As with the PSRP, all of the Named Executive Officers (other than Mr. Haack, who joined the Company in December 2014) have been employed by the Company or our affiliates long enough to be fully vested. Employer contributions to the SERP of our Named Executive Officers in fiscal 2017 are reflected under the “All Other Compensation” column in the Summary Compensation Table located on page 38 of this proxy statement. A list of the investment funds provided under the PSRP is provided in the footnotes to the Nonqualified Deferred Compensation Table located on page 46 of this proxy statement.

Salary Continuation Plan

The Named Executive Officers, along with other officers and key employees, are participants in our Salary Continuation Plan, which we refer to as the “SCP.” Under this plan, in the event of the death of a participating

[Table of Contents](#)

employee, we will pay such employee's beneficiaries one full year of base salary in the first year following death and 50% of base salary each year thereafter until the date such employee would have reached normal Social Security retirement age, subject to a maximum amount of \$1.5 million. Payments are made to the employee's beneficiary on a semi-monthly basis. The purpose of the plan is to provide some financial security for the families of the participating employees, which assists the Company in attracting and retaining key employees. Benefit amounts under the plan are intended to provide a basic level of support for beneficiaries. To cover these potential obligations, we pay the premiums on life insurance policies covering the life of each participating employee. Such policies are owned by the Company and proceeds from such policies would be initially paid to the Company. Premiums paid on policies covering our Named Executive Officers in fiscal 2017 are reflected under the "All Other Compensation" column in the Summary Compensation Table located on page 38 of this proxy statement. Amounts potentially payable to the beneficiaries of our Named Executive Officers pursuant to the SCP are described in "Potential Payments Upon Termination or Change in Control" beginning on page 48 of this proxy statement.

Change in Control Benefits

Awards under our Incentive Plan are generally subject to accelerated vesting, without regard to whether any applicable performance criteria have been or will be satisfied, upon the occurrence of a "change in control" as defined in the applicable award agreement. Under the award agreements or incentive program documents, a "change in control" is defined as (i) the acquisition by any person or entity of 50% or more of the outstanding shares of any single class of our Common Stock or 40% or more of outstanding shares of all classes of our Common Stock; (ii) a change in the composition of our Board such that the current members of the Board cease to constitute a majority of the Board; or (iii) the consummation of a merger, dissolution, asset disposition, consolidation or share exchange, unless (1) more than 50% of the stock following such transaction is owned by persons or entities who were stockholders of the Company prior to such transaction, (2) following such transaction, no person or entity owns 40% or more of the common stock of the corporation resulting from such transaction, and (3) at least a majority of the members of the resulting corporation's board of directors were members of our Board. If a change in control occurs, any unvested outstanding stock options, restricted stock, restricted stock units or cash awards would generally become immediately fully vested, and, in the case of stock options, exercisable or, the case of restricted stock, RSUs or cash awards, payable, in each case without regard to whether any applicable performance criteria have been or will be satisfied. See "Potential Payments Upon Termination or Change in Control" beginning on page 48 of this proxy statement. We believe the provision of these change in control benefits is generally consistent with market practice among our peers, is a valuable executive talent retention incentive and is consistent with the objectives of our overall executive compensation program. For example, the equity vesting provides employees with the same opportunities as stockholders, who are generally free to sell their equity at the time of the change in control event and thereby realize the value created at the time of the transaction.

Stock Ownership Guidelines

In order to align the interests of the Named Executive Officers with our stockholders, and to promote a long-term focus for the officers, the Board of Directors has adopted executive stock ownership guidelines for the officers of the Company and our subsidiaries. The guidelines for the Named Executive Officers are expressed as a multiple of base salary as set forth below (with actual ownership reflected as of the record date for the annual meeting):

<u>Name</u>	<u>Multiple of Salary Ownership Guidelines</u>	<u>Number of Shares of Common Stock (1)</u>	<u>Actual Ownership (2)</u>
David B. Powers	5X	56,500	79,637
D. Craig Kesler	3X	26,900	66,695
Michael Haack	3X	18,800	19,889
Robert S. Stewart	3X	37,600	60,249
James H. Graass	3X	22,200	56,979

- (1) Our stock ownership guidelines for executives are expressed as a number of shares of our Common Stock. The number of shares is determined by multiplying the executive's annual base salary on the date the executive becomes subject to the stock ownership guidelines by the applicable multiple and then dividing the product by the closing price of our Common Stock on the NYSE on the date the executive becomes subject to the policy. The amount is then rounded to the nearest 100 shares.

[Table of Contents](#)

(2) Types of ownership counted toward the guidelines include the following:

- Stock holdings in our PSRP;
- Direct holdings;
- Indirect holdings, such as shares owned by a family member residing in the same household; and
- Shares represented by restricted stock.

Once established, a participant's ownership requirement generally does not change as a result of changes in his or her compensation or fluctuations in the price of our Common Stock but could change in the event of a promotion. Newly elected officers have five years to meet the applicable ownership requirement. Compliance with the ownership guidelines is reviewed annually by the Compensation Committee. Based on the current holdings of the Named Executive Officers, all of the Named Executive Officers have already achieved their stock ownership goal.

Limitations on Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction for public corporations for compensation over \$1,000,000 paid in any fiscal year to the corporation's chief executive officer and four other most highly compensated executive officers. However, this law exempts performance-based compensation from the deduction limit if certain requirements are met.

Our Incentive Plan has been approved by our stockholders and Compensation Committee and otherwise meets the requirements for performance-based compensation under Internal Revenue Code Section 162(m). The Eagle Annual Incentive Program is adopted under the structure of our Incentive Plan and is subject to the terms and conditions of that plan, including the requirements for performance-based compensation. The Compensation Committee generally seeks whenever possible to structure annual incentive and long-term incentive compensation awards, such as stock option and restricted stock grants under our Incentive Plan, in a manner that satisfies the Section 162(m) requirements, but reserves the right to award nondeductible compensation as it deems appropriate. Further, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the related regulations, no assurance can be given that compensation intended by the Compensation Committee to satisfy the requirements for deductibility under section 162(m) does in fact do so.

Special Considerations Regarding ISS Pay for Performance Testing

Institutional Shareholder Services ("ISS") is a corporate governance advisory firm that annually issues voting recommendations to institutional investors regarding say-on-pay votes conducted by publicly traded companies, including us. ISS's "pay-for-performance" analysis contains a "relative degree of alignment" test over a three-year period. The analysis compares the relative alignment of our total stockholder return, as determined by ISS, and the percentile rank of our CEO compensation against that of a peer group of companies selected by ISS. ISS's analysis this year (which will be published after we have distributed this proxy statement) will likely include the pay of our former CEO for two of the three years of the performance period. We pay our current CEO less than we paid our former CEO. Further skewing ISS's analysis is the fact that the SEC's disclosure requirements necessitated the artificial inflation of our former CEO's pay last year. As we explained in detail in footnotes 8 and 9 of the Summary Compensation Table in last year's proxy statement, we were required to include both the grant date fair value and the revalued retirement-related value of the same awards in last year's CEO compensation number, which we regard as double-counting. We believe that any analysis which includes our former CEO's pay from last year should exclude the effect of this double-counting.

We believe ISS should render a finding of "low concern" on its relative degree of alignment test this year. If, however, ISS finds either "medium concern" or "high concern," we believe the mitigating factors noted above and the other positive aspects of our compensation program described in this CD&A should be recognized by ISS when performing the qualitative portion of its analysis.

- (1) The amounts included in this column reflect the grant date fair value of the award computed in accordance with FASB ASC Topic 718. Assumptions used in the calculation of these amounts are included in footnote (J) to the Company's audited financial statements for the fiscal year ended March 31, 2017 included in the Fiscal 2017 Form 10-K.
- (2) These amounts represent the maximum annual incentive payments potentially payable to the Named Executive Officers pursuant to the Eagle Annual Incentive Program or the Divisional Annual Incentive Bonus Programs, as applicable, for fiscal year 2017. There are no thresholds or maximums for these awards—they are merely a function of multiplying the pre-determined percentage by the operating earnings for the fiscal year; provided, however, our Incentive Plan does provide an absolute cap on cash that any employee may receive in any fiscal year under such programs (\$5 million). The actual pay-outs to the Named Executive Officers were as follows: Mr. Powers – \$1,044,312; Mr. Kesler – \$701,536; Mr. Haack – \$732,172; Mr. Stewart – \$701,536; and Mr. Graass – \$694,520. These incentive programs are described in greater detail under “Annual Incentive Bonus” beginning on page 28 of this proxy statement.

- (3) These amounts represent grants of time-vesting restricted stock made on May 20, 2016 under our Incentive Plan. One-fourth of the restricted stock vested on May 20, 2017, and restrictions on the remaining restricted stock will lapse ratably on May 20 of 2018, 2019 and 2020. These restricted stock grants are described in greater detail under “Long-Term Incentive Compensation—Fiscal 2017 Grants” beginning on page 33 of this proxy statement.
- (4) These amounts represent grants of performance-based restricted stock made on May 20, 2016 under our Incentive Plan. The vesting of the restricted stock was subject to performance vesting criteria. On May 10, 2017, the Compensation Committee determined that 98.6% of the maximum award (or 118.3% of the target award) had been earned. Any unearned restricted shares were forfeited. One-fourth of the earned restricted stock vested on May 15, 2017, and restrictions on the remaining earned restricted shares will lapse on March 31 of 2018, 2019 and 2020. These restricted stock grants are described in greater detail under “Long-Term Incentive Compensation—Fiscal 2017 Grants” beginning on page 33 of this proxy statement
- (5) These amounts represent grants of time-vesting stock options to purchase shares of Common Stock made on May 20, 2016 under our Incentive Plan. One-fourth of the stock options vested on May 20, 2017, and the remaining stock options will vest ratably on May 20 of 2018, 2019 and 2020. These stock options are described in greater detail under “Long-Term Incentive Compensation—Fiscal 2017 Grants” beginning on page 33 of this proxy statement.
- (6) These amounts represent grants of performance-based stock options to purchase shares of Common Stock made on May 20, 2016 under our Incentive Plan. The vesting of the stock options were subject to performance vesting criteria. On May 10, 2017, the Compensation Committee determined that 98.6% of the maximum award (or 118.3% of the target award) had been earned. Any unearned stock options were forfeited. One-fourth of the earned stock options vested on May 10, 2017, and the remaining earned stock options will vest ratably on March 31 of 2018, 2019 and 2020. These stock option grants are described in greater detail under “Long-Term Incentive Compensation—Fiscal 2017 Grants” beginning on page 33 of this proxy statement.

- (1) The amounts in this column represent contributions made by the Company for the account of the Named Executive Officers during fiscal 2017 under our SERP. The SERP is an unfunded, non-qualified plan for certain executives of the Company. Under the SERP, the Company makes contributions to the account of the executive in an amount substantially equal to the additional contributions he would have received under the PSRP had 100% of his annual salary been eligible for a profit sharing contribution. The SERP is described in greater detail under “SERP” on page 35 of this proxy statement. The amounts in this column are reflected in the “All Other Compensation” column of the Summary Compensation Table located on page 38.
- (2) The Company also maintains the Eagle Materials Inc. Deferred Compensation Plan. Under this Deferred Compensation Plan, eligible executives were allowed to defer the receipt of a portion of their salary or annual bonus for fiscal 2001, up to 75% of such amounts. For fiscal years after fiscal 2001, the Deferred Compensation Plan was closed to additional employee deferrals. Amounts under the Deferred Compensation Plan are payable at a date certain or upon the participant’s termination of employment, disability or death in the form of a lump sum or installments as elected pursuant to the terms of the plan. Such amounts are not subject to the six month delay applicable to key employees under Internal Revenue Code Section 409A. The earnings in this column reflect earnings or losses on balances in the Named Executive Officer’s SERP account and Deferred Compensation Plan account. A Named Executive Officer may designate how his account balances are to be invested by selecting among the investment options available under our PSRP, with the exception of the Common Stock fund. Because these earnings are not “above market,” they are not included in the Summary Compensation Table on page 38 of this proxy statement. The table below shows the investment options available under our PSRP (other than the Common Stock fund) and the annual rate of return for the 12 month period ended March 31, 2017, as reported to us by the administrator of the plan.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The following is a summary of the potential payments payable to the Named Executive Officers upon termination of employment or a change in control of the Company under current compensation programs. Specifically, compensation payable to each Named Executive Officer upon voluntary termination, involuntary termination or in the event of death or disability and change in control is discussed below. The amounts shown in the tables below assume that such termination was effective as of March 31, 2017, and are therefore estimates of the amounts which would be paid out to the executives (or their beneficiaries) upon their termination. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be different. Factors that could affect these amounts include the timing during the year of any such event, the price of our Common Stock and the executive's age.

Payments Made Upon Any Termination

Deferred Compensation. The amounts shown in the table below do not include distribution of plan balances under our Deferred Compensation Plan or SERP. These balances are shown in the Nonqualified Deferred Compensation in FY 2017 Table on page 46 of this proxy statement.

Death and Disability. A termination of employment due to death or disability does not entitle the Named Executive Officer to any payments that are not available to salaried employees generally, except for benefits payable to the beneficiaries of the Named Executive Officers in the event of termination due to death under our Salary Continuation Plan. A description of our Salary Continuation Plan is set forth under "Salary Continuation Plan" on page 35 of this proxy statement.

Accrued Pay and Profit Sharing Plan Benefits. The amounts shown in the table below do not include payments and benefits to the extent they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment or relate to equity grants that have already vested. These include:

- accrued salary pay through the date of termination;
- non-equity incentive compensation earned and payable prior to the date of termination;
- option grants received under the Incentive Plan which have already vested and are exercisable prior to the date of termination (subject to the terms of the applicable Nonqualified Stock Option Agreement);
- restricted stock grants or restricted stock unit grants received under the Incentive Plan which have already vested prior to the date of termination (subject to the terms of the applicable Restricted Stock or Restricted Stock Unit Agreement); and
- unused accrued vacation pay.

Related Party Transactions

Our code of conduct adopted by the Board, which we refer to as “Eagle Ethics,” includes provisions addressing conflicts of interest which arise when a director, officer, or employee has an interest in a transaction in which the Company is a participant. Eagle Ethics defines a conflict of interest as an activity, investment or association that interferes or might appear to interfere with the judgment or objectivity of an officer or employee in performing his or her job in the best interests of the Company and our shareholders.

Under Eagle Ethics, officers or employees are encouraged to consult with their supervisors regarding any matter that may involve a conflict of interest. In addition, Eagle Ethics requires that prior approval of the supervisor of an officer or employee, the president of the Eagle business unit in which such officer or employee is employed, and the Company’s general counsel before: (1) obtaining an ownership interest in, or position with, an Eagle supplier, contractor, customer or competitor, subject to certain exceptions relating to the ownership of publicly traded securities; (2) employing any relatives where there is either a direct or indirect reporting relationship or a substantial amount of interaction between the relatives on the job; or (3) establishing a business relationship between Eagle and a company in which the officer or employee or his or her relative has an ownership interest or holds a position.

In addition to the above policies included in Eagle Ethics, we have implemented certain informal processes in connection with transactions with related persons. For example, the Company’s legal staff is primarily responsible for the development of processes to obtain information from the directors and executive officers with respect to related person transactions and for determining, based on the facts and circumstances, whether the related person has a direct or indirect material interest in the transaction. In addition, all of our employees, executive officers and directors are required to disclose any conflicts of interest in an annual certification reviewed by our Legal Department. After disclosure, some conflicts of interest may be resolved through implementing appropriate controls for our protection. Depending on the identity of the officer or employee involved in a transaction creating a potential conflict of interest, the conflict of interest may be resolved by the Company’s legal staff or may be referred to the Audit Committee. Where an appropriately disclosed conflict of interest is minor and not likely to adversely impact us, we may consent to the activity. Such consent may be subject to appropriate controls intended to ensure that transaction as implemented is not adverse to the Company. In other cases where appropriate controls are not feasible, the person involved will be requested not to enter into, or to discontinue, the relevant transaction or relationship. If a potential conflict arises concerning a director or officer of the Company, the potential conflict is disclosed to the Chair of the Audit Committee of the Board for review and disposition. As required under SEC rules, transactions that are determined to be directly or indirectly material to the Company or a related person are disclosed in the annual proxy statement.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company’s directors and executive officers, and persons who beneficially own more than 10% of a registered class of the Company’s equity securities, to file initial reports of ownership, reports of changes in ownership and annual reports of ownership with the SEC and the NYSE. These persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms that they file with the SEC.

Based solely on our review of the copies of such forms we received with respect to fiscal 2017 or written representations from certain reporting persons, the Company believes that its directors and executive officers, and persons who beneficially own more than 10% of a registered class of the Company’s equity securities, have complied with all filing requirements of Section 16(a) for fiscal 2017 applicable to such persons.

Code of Conduct

The Company's code of conduct, Eagle Ethics, applies to all of the Company's employees, including the Company's officers. Eagle Ethics also applies to the Board of Directors. The Company's code of conduct is designed to deter wrongdoing and to promote:

- honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- compliance with applicable governmental laws, rules and regulations;
- the prompt internal reporting of violations of the code of conduct to an appropriate person or persons identified in the code of conduct; and
- accountability for adherence to the code of conduct.

All of the Company's employees and directors are required to certify to the Company, on an annual basis, that they have complied with the Company's code of conduct without exception or, if they have not so complied, to list the exceptions. The Company has posted the text of its code of conduct on its Internet website at www.eaglematerials.com (click on "Investor Relations", then on "Corporate Governance", then on "Eagle Ethics" under the heading "Code of Ethics"). Additionally, the Company will provide without charge a copy of the code of conduct to any person upon written request to our Secretary at our principal executive office.

PROPOSAL NO. 2: ADVISORY VOTE ON COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

We are seeking your advisory vote approving the compensation paid to our named executive officers as disclosed in this proxy statement. We believe the structure of our executive compensation programs promotes our business objectives and serves to motivate, attract and retain executive talent.

We urge stockholders to read our “Compensation Discussion and Analysis” beginning on page 21 of this proxy statement, which describes in more detail how our executive compensation policies and programs operate.

We are seeking stockholder approval of the following advisory resolution:

RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the related material disclosed in this Proxy Statement, is hereby approved by the stockholders of the Company on an advisory basis.

Although the vote on this proposal is advisory and nonbinding, the Compensation Committee and the Board will review the results of the vote and consider them when making future determinations regarding our executive compensation programs. The affirmative vote of a majority of the votes cast by shares entitled to vote thereon is required for the approval of the foregoing resolution. Abstentions and broker non-votes are not counted as votes cast, and therefore do not affect the approval of the resolution.

Recommendation of the Board

Our Board of Directors recommends that holders of Common Stock vote “for” the non-binding advisory resolution approving the compensation paid to our named executive officers.

PROPOSAL NO. 3: ADVISORY VOTE REGARDING FREQUENCY OF FUTURE ADVISORY VOTES ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

We are required to provide a non-binding, advisory vote on the compensation of our named executive officers at least once every three years. In this proposal, we are asking stockholders to provide their view on whether future advisory votes on the compensation of our named executive officers should occur every three years, every two years or every year. We last held such an advisory vote at our annual meeting held in 2011. At that meeting, more votes were cast in favor of “one year” than were cast in favor of any of the other alternatives.

The Board of Directors intends to carefully consider the shareholder vote on this proposal, but does not make any recommendation as there are advantages and disadvantages on more frequent or less frequent votes. Stockholders will be able to specify one of four choices for this proposal on the proxy card: three years, two years, one year or abstain. Although the vote on this proposal is advisory and non-binding, the Compensation Committee and the Board will review the results of the vote and consider them when making its determination regarding the frequency of future votes. The frequency receiving the greatest number of votes will be considered the frequency recommended by our stockholders, even if that alternative does not receive a majority of the votes cast. Because the Board is not making a recommendation on its preferred alternative under this proposal, shares will not be voted on this proposal unless stockholders indicate their preference among the alternatives presented. Abstentions and broker non-votes are not counted as votes cast, and therefore do not affect the outcome of the vote.

Recommendation of the Board

Our Board of Directors does not make a recommendation regarding the frequency of future advisory votes on the compensation of our named executive officers.

PROPOSAL NO. 4: APPROVAL OF EXPECTED APPOINTMENT OF INDEPENDENT AUDITORS

General

Ernst & Young acted as our independent auditors to audit our books and records for fiscal year 2017, and the Audit Committee expects to appoint Ernst & Young as our independent auditors for fiscal year 2018 if its proposal for audit services is satisfactory.

We believe the approval of this expected appointment is good corporate practice because the audit of our books and records is a matter of importance to our stockholders. If our stockholders do not support the expected appointment, our Audit Committee will consider that fact when determining whether or not to retain Ernst & Young, but still may elect to retain them. Even if the expected appointment is approved, the Audit Committee, in its discretion, may elect not to proceed with the appointment. Once it has appointed an auditor, our Audit Committee may elect to change the appointment at any time during the year if it determines that such a change would be in our best interests and the best interests of our stockholders.

Representatives of Ernst & Young are expected to be present for the annual meeting, with the opportunity to make a statement if they choose to do so, and will be available to respond to appropriate questions from our stockholders.

Recommendation of the Board

Our board unanimously recommends a vote “for” the approval of the expected appointment of Ernst & Young as the Company’s auditors for the fiscal year ending March 31, 2018.

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

Ernst & Young LLP, which we refer to as Ernst & Young, audited the Company's financial statements for the fiscal years ended March 31, 2015, 2016 and 2017.

Ernst & Young reports directly to our Audit Committee. The Audit Committee has adopted policies and procedures for pre-approving all audit and permissible non-audit services performed by Ernst & Young. Under these policies, the Audit Committee pre-approves the use of audit and specific permissible audit-related and non-audit services up to certain dollar limits. Other audit and permissible non-audit services that exceed a \$50,000 threshold must be pre-approved separately by the Audit Committee, or, for such services that do not exceed \$50,000, by a member of the Audit Committee. Any such member must report the pre-approval at the next Audit Committee meeting. In determining whether or not to pre-approve services, the Audit Committee determines whether the service is a permissible service under the SEC's rules, and, if permissible, the potential effect of such services on the independence of Ernst & Young.

The following table sets forth the various fees for services provided to the Company by Ernst & Young in the fiscal years ended March 31, 2017 and 2016, all of which services have been approved by the Audit Committee:

<u>Fiscal Year Ended March 31,</u>	<u>Audit Fees (1)</u>	<u>Audit Related Fees</u>	<u>Tax Fees</u>	<u>All Other Fees</u>	<u>Total</u>
2017	\$ 1,452,750	\$ 15,000	—	—	\$1,467,750
2016	1,186,000	15,000	—	—	1,201,000

- (1) Includes fees for the annual audit and quarterly reviews, accounting and financial reporting consultations regarding generally accepted accounting principles. For fiscal 2017, the amount also includes additional work conducted in connection with the Company's acquisition of CEMEX's Ohio cement assets.

AUDIT COMMITTEE REPORT

To the Board of Directors of Eagle Materials Inc.:

All of the Audit Committee members are independent as defined in the current NYSE listing standards and the applicable rules of the Securities Exchange Act of 1934, and Mr. Ellen is our “audit committee financial expert” within the meaning of the rules of the SEC. The Audit Committee charter sets forth the duties and responsibilities of the Audit Committee. The Audit Committee is primarily responsible for assisting the Board in fulfilling its responsibility to oversee following: the integrity of our financial statements, our compliance with legal and regulatory requirements, the qualifications and independence and appointment of our independent auditors and the performance of our internal audit function and independent auditors. Management has primary responsibility for the preparation of the financial statements, completeness and accuracy of financial reporting and the overall system of internal control over financial reporting.

We have reviewed and discussed with management and the independent registered public accounting firm, Ernst & Young LLP, as appropriate, (1) the audited financial statements of Eagle Materials Inc. as of and for the fiscal year ended March 31, 2017 and (2) management’s report on internal control over financial reporting and the independent registered accounting firm’s related opinions.

We have discussed with Ernst & Young LLP the required communications specified by auditing standards, together with guidelines established by the SEC and the Sarbanes-Oxley Act.

We have received and reviewed the written disclosures and the letter from Ernst & Young LLP required by the applicable requirements of the Public Company Accounting Oversight Board concerning independence and have discussed with Ernst & Young LLP their independence. We have also considered whether Ernst & Young LLP’s provision of non-audit services to Eagle Materials Inc. and its affiliates is compatible with Ernst & Young LLP’s independence.

Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the financial statements referred to above be included in the Annual Report of Eagle Materials Inc. on Form 10-K for the fiscal year ended March 31, 2017.

OTHER MATTERS WHICH MAY BE PRESENTED FOR ACTION AT THE MEETING

Our Board of Directors does not intend to present for action at this annual meeting any matter other than those specifically set forth in the Notice of Annual Meeting of Stockholders. DELIVERY OF DOCUMENTS TO STOCKHOLDERS

Pursuant to the rules of the SEC, the Company and services that it employs to deliver communications to its stockholders are permitted to deliver to two or more stockholders sharing the same address a single copy of the proxy statement. Upon written or oral request, the Company will deliver a separate copy of the proxy statement to any stockholder at a shared address who wishes to receive separate copies of such documents in the future. Stockholders receiving multiple copies of such documents may likewise request that the Company deliver single copies of such documents in the future. DEADLINE FOR RECEIPT OF STOCKHOLDER PROPOSALS

Next year's annual meeting of stockholders is scheduled to be held on August 2, 2018. In order to be considered for inclusion in the Company's proxy material for that meeting, stockholder proposals must be received at our executive offices, addressed to the attention of the Secretary, not later than February 22, 2018.

For any proposal that is not submitted for inclusion in our proxy material for the 2018 annual meeting of stockholders but is instead sought to be presented directly at that meeting, Rule 14a-4(c) under the Exchange Act permits the Company's management to exercise discretionary voting authority under proxies it solicits unless the Company is notified about the proposal on or before May 4, 2018, and the stockholder satisfies the other requirements of Rule 14a-4(c). Our Bylaws provide that, to be considered at the 2018 annual meeting, a stockholder proposal must be submitted in writing and received by our Secretary at the executive offices of the Company during the period beginning on February 3, 2018 and ending May 4, 2018, and must contain the information specified by and otherwise comply with our Bylaws. Any stockholder wishing to receive a copy of our Bylaws should direct a written request to our Secretary at the Company's principal executive office.
