**Proxy Statement and Notice of
Annual Meeting of Stockholders**

Dallas, Texas 75225

June 27, 2019

Dear Fellow Stockholder:

It is our pleasure to invite you to our Annual Meeting of Stockholders, which will be held on Tuesday, August 6, 2019, at Arlington Hall at Oak Lawn Park, 3333 Turtle Creek Blvd., Dallas, Texas 75219, at 8:00 a.m., local time. We hope that you will attend the meeting, but we encourage you to vote by proxy whether or not you plan to attend the meeting in person.

This year we are again taking advantage of the Securities and Exchange Commission rules that allow companies to furnish their proxy materials over the Internet. As a result, beginning on June 27, 2019, we are mailing to many of our stockholders a Notice Regarding the Availability of Proxy Materials, or Notice, instead of a paper copy of the materials for the Annual Meeting. The Notice contains instructions on how to access the proxy materials over the Internet and vote online, as well as how stockholders can elect to receive paper copies of the materials. We believe that this process expedites stockholders' receipt of proxy materials and provides stockholders with the information they need, while also conserving natural resources and reducing the costs of printing and distributing our proxy materials.

If you attend the Annual Meeting and desire to vote your shares personally rather than by proxy, you may withdraw your proxy at any time before it is exercised. **Your vote is very important, whether you own one share or many.**

Thank you for your continued support and interest in Eagle.

Sincerely,

DAVID B. POWERS

ABOUT THE MEETING

Who Can Vote

The record date for the determination of holders of the Company's Common Stock, par value \$0.01 per share, which we refer to as our "Common Stock," entitled to notice of and to vote at the meeting, or any adjournment or postponement of the meeting, is the close of business on June 20, 2019. In this proxy statement, we refer to this date as the "record date." As of the record date, there were 43,206,186 shares of our Common Stock issued and outstanding and entitled to vote at the meeting. Our stock transfer books will not be closed in connection with the meeting. Our Common Stock is listed on the New York Stock Exchange, or "NYSE," under the symbol "EXP."

How Proxies Will be Voted

Shares represented by valid proxies will be voted at the meeting in accordance with the directions given. If the enclosed proxy card is signed and returned without any direction given, the shares will be voted in the manner, if any, recommended by the Board. The Board does not intend to present, and has no information indicating that others will present, any business at the annual meeting other than as set forth in the attached Notice of Annual Meeting of Stockholders. However, if other matters requiring the vote of our stockholders properly come before the meeting, it is the intention of the persons named

in the accompanying form of proxy to vote the proxies held by them in accordance with their best judgment in such matters.

How to Revoke Your Proxy

You have the unconditional right to revoke your proxy at any time prior to the voting thereof by submitting a later-dated proxy, by attending the meeting and voting in person, or by written notice to us addressed to: Eagle Materials Inc., Attention: James H. Graass, Secretary, 5960 Berkshire Ln., Suite 900, Dallas, Texas 75225. No such revocation shall be effective, however, unless and until received by the Company at or prior to the meeting.

Quorum and Required Vote

The presence at the meeting, in person or represented by proxy, of the holders of a majority of the voting power of the shares of our capital stock entitled to vote on any matter shall constitute a quorum for purposes of such matter. Abstentions and broker non-votes will be included in determining the presence of a quorum at the meeting. The holders of Common Stock will be entitled to one vote per share on each matter that may properly be brought before the meeting or any adjournment thereof. There is no cumulative voting.

| Proposal | Required Vote | Effect of Abstentions and Broker Non-Votes |
|---|---|---|
| Election of Directors | Majority of votes cast by the shares present in person or represented by proxy at the meeting | No effect on outcome of vote |
| Advisory vote on compensation of our named executive officers | Majority of votes cast by the shares present in person or represented by proxy at the meeting | No effect on outcome of vote |
| Approval of the expected appointment of Ernst & Young LLP as our independent auditors for the fiscal year ending March 31, 2020 | Affirmative vote of a majority of the shares present in person or represented by proxy at the meeting | Same effect as votes against proposal |

Pursuant to the rules of the NYSE, brokers do not have discretionary authority to vote in the election of directors if they did not receive instructions from the beneficial owner because the election of directors is not considered a "routine" matter. The advisory vote regarding executive compensation is also not considered "routine," and brokers may not vote your shares with respect to such matter without instructions from you.

Expenses of Soliciting Proxies

The cost of soliciting proxies for the meeting will be borne by the Company. Solicitations may be made on behalf of our Board by mail, personal interview, telephone or other electronic means by officers and other employees of the Company, who will receive no additional compensation therefor. To aid in the solicitation of proxies, we have retained the firm of Innisfree M&A Incorporated, which will receive a fee of approximately \$20,000, in addition to the reimbursement of out-of-pocket expenses.

We will request banks, brokers, custodians, nominees, fiduciaries and other record holders to forward copies of this proxy statement to persons on whose behalf they hold shares of Common Stock and to request authority for the exercise of proxies by the record holders on behalf of those persons. In compliance with the regulations of the Securities and Exchange Commission, or "SEC," and the NYSE, we will reimburse such persons for reasonable expenses incurred by them in forwarding proxy materials to the beneficial owners of our Common Stock.

How You Can Vote

You can vote your shares at the meeting, by telephone, over the Internet or by completing, signing, dating and returning your proxy in the enclosed envelope.

PROPOSAL NO. 1: ELECTION OF DIRECTORS AND RELATED MATTERS

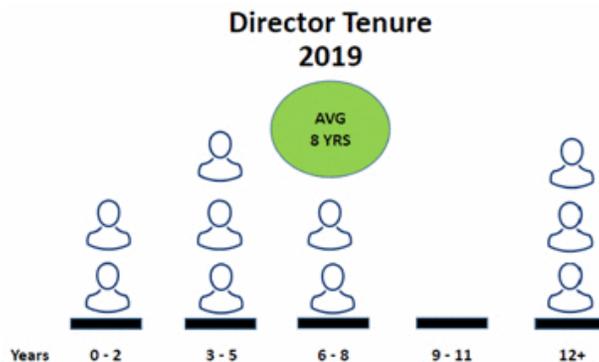

General

Our Board of Directors is the ultimate decision-making body of the Company, except with respect to those matters reserved to our stockholders. The primary responsibilities of our Board include:

- the selection, compensation and evaluation of our Chief Executive Officer and oversight over succession planning;
- oversight of our strategic planning;
- approval of all our material transactions and financings;
- oversight of processes that are in place to promote compliance with law and high standards of business ethics;
- advising management on major issues that may arise; and
- evaluating the performance of the Board and its committees, and making appropriate changes where necessary.

Members of our Board of Directors are divided into three classes based on their term of office (Class I, II and III). The directors in each such class hold office for staggered terms of three years each. At present, each class has three directors, except for class III, which has four directors. The following table shows the composition of our Board after the annual meeting, assuming the election of the proposed slate of Class I director nominees:

| <u>Class</u> | <u>Term Expires</u> | <u>Directors</u> |
|--------------|---------------------|--|
| I | 2022 | George J. Damiris Martin M. Ellen David B. Powers |
| II | 2020 | Margot L. Carter Michael R. Nicolais Richard R. Stewart |
| III | 2021 | F. William Barnett Richard Beckwitt Ed H. Bowman Michael R. Haack |

Director Independence

NYSE corporate governance rules require that our Board of Directors be comprised of a majority of independent directors. Our Board of Directors has determined, upon the recommendation of our Corporate Governance and Nominating Committee, which we refer to as our “Governance Committee,” that all members of our Board of Directors, other than Mr. Powers, are “independent” within the meaning of the specific provisions of the Securities Exchange Act of 1934, as amended, which we refer

to as the “Exchange Act,” and the corporate governance rules of the NYSE.

In determining that eight of our ten directors are “independent,” our Board of Directors considered that Ms. Margot L. Carter and Messrs. F. William Barnett, Richard Beckwitt, Ed H. Bowman, George J. Damiris, Martin M. Ellen, Michael R. Nicolais and Richard R. Stewart have no relationship with the Company that potentially affects their independence.

[Table of Contents](#)

Our Board includes a diverse group of leaders in their respective fields. The diagram below illustrates some of the key skills and qualifications that our directors bring to the Board:

Nominees

Each of the nominees listed below is currently a member of our Board of Directors. Each of these nominees has been recommended for nomination by our Governance Committee after considering the criteria described below under the heading "Corporate Governance and Nominating Committee." We have no reason to believe that any of the listed nominees will become unavailable for election, but if for any reason that should be the case, proxies may be voted for substitute nominees.

Because this is an uncontested election of directors, a majority of votes cast by the holders of our Common Stock (number of shares voted "for" a director nominee must exceed the number of votes cast "against" the director nominee) will be required to elect the nominees for director in accordance with our Bylaws and our Corporate Governance Guidelines. (A plurality voting standard would apply in a contested election.) If an incumbent director is not re-elected, such director will promptly tender his or her resignation to the Chairman of the Board, and a special committee of independent directors will consider the resignation and make a recommendation to the Board as to whether to accept or reject such resignation. The Board will

then publicly disclose its decision regarding the resignation and the rationale behind the decision.

Our Corporate Governance Guidelines generally require directors to retire at the first annual meeting that occurs after the director's 72nd birthday unless the Board (other than the affected director) waives the requirement upon the recommendation of the Governance Committee. The Board has approved such a waiver for two years for Messrs. Barnett and Bowman, who otherwise would be required to retire at the Annual Meeting. Messrs. Barnett and Bowman would therefore be required to retire at our 2021 Annual Meeting, assuming their continued service as directors until that time.

Recommendation of the Board

Our Board of Directors recommends that holders of Common Stock vote "FOR" the election of the three nominees listed below to serve as Class I directors for a three-year term ending at our 2022 annual meeting of stockholders:

George J. Damiris
Martin M. Ellen
David B. Powers

BOARD COMPENSATION

Board compensation for the 12-month period from August 2018 through July 2019 was approved by our Board of Directors in August 2018. The Board adopted a director compensation structure in which directors who are not employees of the Company or any of our subsidiaries received compensation for their services during the 12-month period from August 2018 through July 2019 by electing one of the following two compensation package alternatives:

- (1) total compensation valued at \$193,500, of which \$93,500 is paid in cash and the remainder is provided in the form of an equity grant valued at \$100,000; or
- (2) an equity grant valued at \$221,500.

The grant date value of the equity grant under either alternative is allocated between restricted stock and options to purchase Common Stock (based upon the recommendation of the Compensation Committee) with respect to each non-employee director.

In accordance with the terms of the Eagle Materials Inc. Amended and Restated Incentive Plan, which we refer to as our "Incentive Plan," the exercise price of stock options is set at the closing price of the Common Stock on the NYSE on the date of grant. The number of option shares granted is determined as of the date of grant by using the Black-Scholes method. All the options granted to directors in August 2018 were fully exercisable when granted and have a ten-year term.

The number of shares of restricted stock is determined as of the date of grant using the closing price of the Common Stock on the NYSE on the date of grant. The restricted stock granted to directors in August 2018 was earned at the time of grant; however, the shares did not become fully vested

(unrestricted) until the earliest to occur of (i) February 2, 2019; (ii) the recipient's retirement from the Board in accordance with the Company's director retirement policy, or under such circumstances as are approved by the Compensation Committee; or (iii) the recipient's death. During the restriction period the director will have the right to vote the shares. In addition, the director will also be entitled to cash dividends as and when the Company issues a cash dividend on the Common Stock.

Non-employee directors who chair committees of the Board of Directors receive additional annual compensation. The Governance Committee Chair receives a fee of \$15,000 per year. The chairs of the Audit Committee and the Compensation Committee each receive a fee of \$20,000 per year. The Vice Chairman of the Board receives a fee of \$50,000 per year, and the Chairman of the Board receives a fee of \$125,000 per year. Chairpersons who choose compensation package alternative one (part equity and part cash) receive this additional compensation in the form of cash. Chairpersons who choose compensation package alternative two (all equity) receive this additional compensation in the form of equity, in which case a 30% premium is added to such fees when valuing the equity to be received by such chairperson.

If non-employee directors hold unvested restricted stock units, which we refer to as "RSUs," granted as part of director compensation in prior fiscal years (which currently includes Mr. Nicolais), these directors will receive dividend equivalent units as and when the Company pays a cash dividend on the Common Stock in accordance with the terms of the RSUs.

All directors are reimbursed for reasonable expenses of attending meetings.

RSUs at any time we pay a cash dividend on our Common Stock: Mr. Nicolais – 564 RSUs.

(3) The restrictions on these restricted stock awards will not lapse until the non-employee director's service on the board terminates because of the director's death or the director's retirement in accordance with the Company's director retirement policy, or under such circumstances as are approved by the Compensation Committee. Any cash dividends declared and paid by the Company during the restricted period are paid in cash with respect to such restricted stock.

Board Leadership Structure and Role in Risk Oversight

The positions of Chairman of the Board and CEO are performed by two different persons. Mr. Powers, our CEO, focuses on the day-to-day operation of the Company's businesses and participates in both operational and long-term strategy and development. It is expected that Mr. Haack will fill a similar role upon assuming the CEO position on July 1, 2019. Mr. Nicolais, our Chairman, oversees the Company's general strategic direction and leads and manages the Board.

As part of its primary risk management function, the Audit Committee oversees the preparation by management of a risk report on a quarterly basis. However, our entire Board of Directors is also charged with, and is actively involved in, identifying, evaluating and managing risks on behalf of the Company, and the Board undertakes to hold discussions on these topics with management and the Audit Committee throughout the year. Further, the independent directors address risk management in executive sessions without management present. As appropriate in the context of their chartered roles, the Board's other committees also perform risk management and oversight activities during the year. For example, the Governance Committee is responsible for overseeing governance issues that may create governance risks, such as board composition, director selection and other governance policies and practices that are critical to the success of the Company.

Risk Assessment in Compensation Programs

Consistent with SEC disclosure requirements, management, the Compensation Committee and the Board have assessed the Company's compensation programs. Based upon all of the facts and circumstances available to the Company at the time of the filing of this Proxy Statement, the Board has concluded that risks arising from the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company or encourage unnecessary and excessive risk-taking.

This assessment was overseen by the Compensation Committee, in consultation with management. The Board reviewed the compensation policies and practices in effect for our executive officers, senior management and other employees and assessed the features the Company has built into the compensation programs to discourage excessive risk-taking. These features include, among other things, a balance between different elements of compensation, use of different time periods and performance metrics for different elements of compensation, restrictions on pricing authority, review and approval of material contracts, and stock ownership guidelines for senior management.

Unless otherwise determined by the Board, no member of our Audit Committee may serve as a member of an audit committee of more than two other public companies.

Under this authorization, the Special Situation Stock Option Committee may grant stock options to newly-hired employees and newly-promoted employees, under terms set by the Compensation Committee. This authority for fiscal 2020, which expires on May 31, 2020, is limited to an aggregate of 60,000 option shares, no one individual may

receive more than 15,000 option shares, and Section 16 reporting persons may not receive awards pursuant to this authority. Stock options granted under this delegation of authority vest 20% per year commencing on the first anniversary of the grant date. During fiscal 2019, no stock options were granted to employees under this authority out of a maximum of 60,000.

Our Compensation Committee’s report for the fiscal year ended March 31, 2019 is presented below under the heading “Compensation Committee Report” beginning on page 20 of this proxy statement.

Our Compensation Committee meets as often as it deems appropriate, but no less than twice per year.

Governance Committee

Our Board’s Governance Committee is composed of independent directors who meet the corporate governance standards of the NYSE. The primary purposes of this committee are: (1) to advise and counsel our Board and management regarding, and oversee, our governance, including our Board’s selection of directors; (2) to develop and recommend to the Board a set of corporate governance principles for the Company; and (3) to oversee the evaluation of our Board and management.

- recommend to the Board nominees for each committee of the Board.

The Governance Committee initiates and oversees an annual evaluation of the effectiveness of the Board and each committee, as well as the composition, organization (including committee structure, membership and leadership) and practices of the Board. This evaluation is anonymous as to each member of the Board and its committees. Part of the Governance Committee's self-evaluation process involves an assessment of the effectiveness of the Company's corporate governance policies, which includes the Company's policies surrounding diversity.

Among the criteria the Governance Committee uses in evaluating the suitability of individual nominees for director (whether such nominations are made by management, a stockholder or otherwise) are their integrity, experience, achievements, judgment, intelligence, personal character, ability to make independent analytical inquiries, willingness to devote adequate time to Board duties and the likelihood that he or she will be able to serve on the Board for a sustained period, giving due consideration to diversity in perspectives, backgrounds, business experiences, professional expertise, gender and ethnic background. Subject to its fiduciary duties and applicable laws and regulations, when searching for new directors, the Governance Committee is charged with endeavoring to identify highly qualified diverse candidates, including women and individuals from minority groups, to include in the pool of candidates from which director nominees are chosen.

Members of the Governance Committee, other members of the Board or executive officers may, from time to time, identify potential candidates for nomination to our Board. All proposed nominees, including candidates recommended for nomination by stockholders in accordance with the procedures described below, will be evaluated in light of the criteria described above and the projected needs of the Board at the time. As set forth in its charter, the Governance Committee may retain a search firm to assist in identifying potential candidates for nomination to the Board of Directors.

Our Governance Committee will consider candidates recommended by stockholders for election to our Board. A stockholder who wishes to recommend a candidate for evaluation by our Governance Committee should forward the candidate's name, business or residence address, principal occupation or employment and a description of the candidate's qualifications to the Chairman of the Governance Committee at the following address: Eagle Materials Inc., Attention: Secretary, 5960 Berkshire Ln., Suite 900, Dallas, Texas 75225.

Any stockholder wishing to receive a copy of our Bylaws should direct a written request to our Secretary at the Company's principal executive offices.

COMPENSATION DISCUSSION AND ANALYSIS

Our Year in Review

Our Strong Performance

In fiscal 2019, our businesses continued to generate strong earnings and cash flow, despite challenging weather trends that depressed sales opportunities throughout much of our fiscal year. Importantly, we continued to improve our already low-cost position throughout the year, making meaningful investments to further improve our operational efficiency, while continuing to repurchase shares in line with our capital allocation strategy. In fiscal 2019, we purchased more than 3.3 million shares, or 7% of our outstanding shares, and we returned nearly \$300 million to stockholders, through a combination of share repurchases and dividends.

Our executive compensation program is designed to reward performance and reflects the importance of our executive officers executing our business plans while focusing on key measures of profitability and the creation of shareholder value.

At Eagle Materials, we do not view our employees as “merely an expense” of the Company. Instead, we strive to invest in our people and their futures as a means of delivering more long-term value to our stockholders and customers.

Named Executive Officers

This Compensation Discussion and Analysis is intended to provide investors with a more complete understanding of our compensation policies and decisions during fiscal 2019 for the following persons who were “Named Executive Officers” during such fiscal year:

| | |
|-------------------|---|
| David B. Powers | Chief Executive Officer |
| D. Craig Kesler | Executive Vice President – Finance and Administration and Chief Financial Officer |
| Michael Haack | President and Chief Operating Officer |
| Robert S. Stewart | Executive Vice President – Strategy, Corporate Development and Communications |
| Keith W. Metcalf | President, American Gypsum Company LLC |

Compensation Philosophy

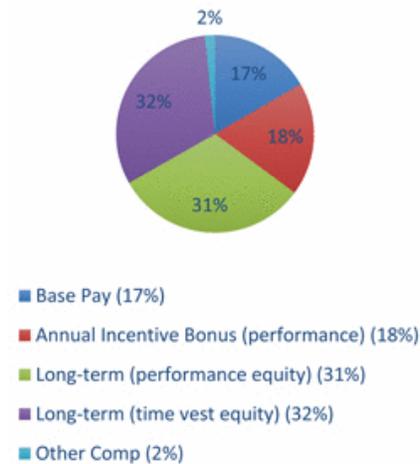

Our Core Tenet: Pay for Performance

Our compensation philosophy is based on the principles that executive compensation should:

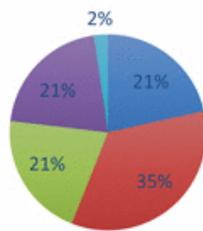

- Align the interests of our executives with those of our stockholders,
- Reflect the Company’s performance as well as the executive’s individual performance,
- Motivate management to achieve the Company’s operational and strategic goals,
- Reward performance by both our executives and the Company relative to our peers’ performance in light of business conditions, and
- Be designed to attract, retain and motivate highly qualified and talented executives over time.

Our performance-based compensation philosophy is evidenced by the charts below showing that 50% of our Chief Executive Officer’s target compensation opportunity for fiscal 2019 and 56% of our other Named Executive Officers’ target compensation opportunity for fiscal 2019 was performance-based or at-risk.

CEO Pay (Fiscal 2019)

Other NEO Pay (Average) (Fiscal 2019)

- Base Pay (21%)
- Annual Incentive Bonus (performance) (35%)
- Long-term (performance equity) (21%)
- Long-term (time vest equity) (21%)
- Other Comp (2%)

We believe that a significant portion of an executive's compensation should be "at risk" – that is, dependent upon our operational and financial performance and the individual's performance. The key features of our executive compensation program include the following:

- (1) We seek to align the interests of executives with those of our stockholders by:
 - Creating a direct and substantial link between the executive's annual cash incentive bonus and our annual operating earnings,
 - Structuring long-term compensation as equity awards, so that executives have an appropriate incentive to contribute to the creation of long-term stockholder value, and
 - Requiring executives to meet stock ownership guidelines that will result in each executive holding a meaningful equity stake in the Company.
- (2) We seek to encourage improved performance by:
 - Establishing our annual incentive bonus maximums based on our operating earnings, with the ability for the Committee to reduce the bonus based on individual performance goals, and
 - Tying the ability to earn a substantial portion of our equity-based awards to the achievement of financial goals.

To achieve our compensation objectives for fiscal 2019, our executive compensation program used a combination of short-term and long-term elements: (1) annual salary, (2) annual incentive bonus, and (3) long-term incentive compensation in the form of stock options and restricted stock, both time and performance vesting awards. Each element of long-term and short-term compensation is discussed more fully below under the heading "Primary Elements of Executive Compensation."

Our Compensation Practices

Pay-for-performance is a longstanding core tenet of our compensation philosophy and one of the keys to Eagle's long-term success. For years, our executive compensation programs have incorporated pay-for-performance and many other compensation best practices, including the following:

Things We Don't Do

- No employment agreements currently in effect with our executives.
- No tax gross-up agreements with our executives.
- No defined benefit plans are provided to our executives.
- Our incentive plan prohibits the re-pricing of options.
- Under our insider trading policy, employees and executives are prohibited from speculating in our securities or engaging in transactions designed to hedge their ownership interests.

Things We Do

- A substantial portion of our annual long-term compensation awards are performance-based.
- Our executives are provided very limited perquisites.
- The benefits provided to our executives under the defined contribution Retirement Plan are determined on the same basis as the benefits provided to all salaried employees.
- Our stock ownership guidelines require management to align their long-term interests with those of our stockholders.

Determining Executive Compensation

Advisory Vote on Executive Compensation; Central Role of Stockholder Engagement

We value feedback from our stockholders and regularly engage in a dialogue with a significant portion of our stockholders throughout the fiscal year to better understand their opinions on our business strategy and objectives and to obtain feedback regarding other matters of investor interest, such as executive compensation.

At the 2018 Annual Meeting of Stockholders, the Company's stockholders voted to approve a non-binding advisory resolution approving the compensation paid to our Named Executive Officers as disclosed in the proxy statement for the 2018 Annual Meeting of Stockholders. This "say-on-pay" proposal received the approval of over 78% of the votes cast.

In light of the stockholder support of the executive compensation program (reflected through the 2018 say-on-pay vote results), no substantive changes were made to the executive compensation program for fiscal 2019.

The Compensation Committee is firmly committed to providing our executives with compensation opportunities that are tied to Company performance and stockholder value creation. We encourage our stockholders to review the complete description of the Company's executive compensation program prior to casting a vote on this year's say-on-pay advisory vote proposal (Proposal No. 2).

Authority of the Compensation Committee

Our Compensation Committee meet regularly (six times in fiscal 2019) to oversee and administer the compensation program of the CEO and the other senior executive officers. See "Board Committees — Compensation Committee" above. The senior executive officers include all of the Named Executive Officers. In particular, the Compensation Committee is charged with the responsibility to:

- Review and make recommendations regarding our general compensation philosophy and structure,

- Annually review and approve corporate goals and objectives relevant to the compensation of our CEO,
- Evaluate our CEO's performance in light of such goals and objectives,
- Set the salary and other cash and equity compensation for our CEO based on such evaluation,
- Review and approve the compensation of our other senior executive officers,
- Administer each of our plans for which our Compensation Committee has administrative responsibility,
- Grant cash awards (including annual incentive bonuses) under our annual bonus programs and equity awards (including options, restricted stock and restricted stock units) under our long-term Incentive Plan to our officers and other key employees,
- Review and recommend to the Board the compensation of our non-employee directors, and
- Recommend to the Board stock ownership guidelines for our executive officers and non-employee directors and monitor compliance therewith.

The Compensation Committee consists solely of directors who are independent under the NYSE listing standards (including the enhanced independence requirements for compensation committee members) and Section 162(m) of the Internal Revenue Code, and who are "non-employee directors" under Rule 16b-3 of the Exchange Act. The Compensation Committee is authorized to hire such outside advisors as it deems appropriate. The Compensation Committee's charter may be found in the "Investor Relations/Corporate Governance" section of our website www.eaglematerials.com.

The Compensation Committee sets compensation for the Named Executive Officers on an annual basis. In general, the process for setting compensation involves the following steps:

As early as practicable after the beginning of each fiscal year, the Compensation Committee determines:

Table of Contents

- (1) the salary of each Named Executive Officer for such fiscal year,
- (2) the overall size of the annual incentive bonus pools based on a percentage of our operating earnings in which the Named Executive Officers will have the opportunity to participate during such year and the percentage of the pool assigned to each Named Executive Officer,
- (3) whether the Compensation Committee will make any long-term incentive compensation awards in such fiscal year,
- (4) if the Compensation Committee decides to make long-term compensation awards for such fiscal year, the amount, nature of and terms applicable to such awards, including the form any such awards will take (e.g., options, restricted stock, restricted stock units and/or cash), the individual grant date fair value for awards to be made to each Named Executive Officer, the performance- or time-vesting criteria (or both) that will apply to any such awards, and the exercisability or payment schedules that will apply to any such awards if the performance criteria are satisfied, and
- (5) the Eagle Materials Special Situation Program for such fiscal year and the overall funding levels for such program based on operating earnings.

For fiscal 2019, the Compensation Committee made these determinations at two meetings held in May 2018.

After the end of the fiscal year, the Compensation Committee:

- (1) reviews and approves the annual incentive bonus pools,
- (2) determines the extent to which the performance criteria for the prior fiscal year applicable to any long-term incentive awards were satisfied,
- (3) determines the amount of the downward adjustment, if any, to be made to the annual incentive bonus payment to each Named Executive Officer based on individual performance, and
- (4) if applicable, makes awards under the Eagle Materials Special Situation Program.

The Compensation Committee made these determinations for fiscal 2019 at two meetings held in May 2019.

Role of Management

Our CEO participates to a limited extent in the administration of our compensation program for Named Executive Officers, other than himself. At the end of each fiscal year, the CEO provides input to the Compensation Committee on the performance of each of the other Named Executive Officers and recommends compensation adjustments (salary adjustments for the current fiscal year, any downward adjustments to annual incentive bonus levels for the recently completed fiscal year, and annual incentive bonus levels for the current fiscal year) and, if applicable, long-term incentive award levels for such Named Executive Officers. The CEO also provides input on the structure of our long-term incentive awards (if any) for such Named Executive Officers, including the long-term incentive award levels and the performance or other criteria that determine vesting and other terms and conditions applicable to the awards. The Compensation Committee considers the CEO's input, along with other information presented by its compensation consultants or otherwise available to it, in making its final compensation decisions with respect to the Named Executive Officers.

Engagement of an Independent Compensation Consultant

Late in fiscal 2018 (January 2018), the Compensation Committee again retained Longnecker & Associates ("L&A"), an independent compensation consulting firm based in Houston, Texas, to review levels and incentive components of our executives' compensation in an effort to align the compensation of our officers competitively with the market for fiscal 2019. The primary role of L&A was to provide the Compensation Committee with market data and information regarding compensation trends in our industry and to make recommendations regarding base salaries, the design of our incentive programs and executive compensation levels. Our management did not direct or oversee the retention or activities of L&A with respect to our executive compensation program. The Compensation Committee has assessed the independence of L&A pursuant to SEC and NYSE rules and concluded that no conflict of interest exists that would prevent L&A from independently advising the Compensation Committee.

Table of Contents

Compensation Peers

The data used by L&A in its survey of compensation, which we refer to as the “compensation study,” was weighted so that 50% was from published surveys from Economic Research Institute, Mercer, Pay Factors, Kenexa and WorldatWork and 50% was from disclosure in compensation peer group proxy statements. At the beginning of fiscal 2019 (spring 2018), L&A reviewed the Company’s current peer group for appropriateness and provided the Compensation Committee with recommendations for any additional peers to be included. L&A analyzed the Company’s peer group and potential modifications based on (1) other similar companies within similar industries, (2) revenue, (3) market capitalization, (4) enterprise value, (5) asset size (6) net income, (7) EBITDA and (8) one-year, three-year and five-year total shareholder return (“TSR”).

Based on this analysis, L&A recommended removal of one peer used in fiscal 2018: Headwaters Incorporated, which had been acquired. L&A recommended the addition of one company to the peer group: Masonite International Corporation. Based on L&A’s recommendation, the Compensation Committee utilized the following 15-company peer group in analyzing fiscal 2019 compensation (“compensation peer group”):

Armstrong Worldwide Industries, Inc.
Continental Building Products, Inc.
EnPro Industries, Inc.
James Hardie Industries plc
KapStone Paper and Packaging Corporation
Lennox International Inc.
Louisiana-Pacific Corp.
Martin Marietta Materials Inc.
Masonite International Corporation
Silgan Holdings, Inc.
Summit Materials, Inc.
USG Corporation
U.S. Concrete, Inc.
U.S. Silica Holdings, Inc.
Vulcan Materials Company

L&A delivered its compensation peer analysis report to the Compensation Committee in April 2018, utilizing trailing 12 months financials for revenue, net income and EBITDA; asset value as of the latest quarterly report on Form 10-Q filed by the company; and market capitalization, enterprise value and TSR as of April 30, 2018. The Company’s ranking within the compensation peer group in each of the categories utilized by L&A was as follows:

| Category | Company Percentile Rank |
|------------------------|--------------------------------|
| Revenue | 32nd |
| Assets | 50th |
| Market Capitalization | 66th |
| Enterprise Value | 62nd |
| Net Income | 58th |
| EBITDA | 49th |
| One-year TSR | 48th |
| Three-year TSR | 32nd |
| Five-year TSR | 37th |
| OVERALL AVERAGE | 48th |

We are aware that institutional shareholder advisors, such as Institutional Shareholder Services, Glass Lewis and others, utilize methodologies to determine “peer groups” that may differ from our process. We believe that the methodologies they use may result in a peer group that does not provide a close “fit” for Eagle. For example, if the institutional shareholder advisor relies upon GICS codes to identify potential peers, the resulting peer group would include many companies whose operations we view as sufficiently dissimilar to ours as to make comparisons significantly less meaningful. Additionally, if the institutional shareholder advisor constructs a peer group based solely on revenues, the resulting peer group can create a poor fit for two reasons. First, because of accounting rules we are unable to include our 50/50 Texas Lehigh joint venture’s revenues in our revenue line item—we instead account for that entity in a separate line item valuing the equity interest in an unconsolidated joint venture. As a result, in our view, our revenue is, in effect, understated. Second, in our industry, with large up-front capital projects, we believe that cash flow and operating earnings are more important than revenues when evaluating peers.

[Table of Contents](#)

For these reasons and in light of the peer analysis described above, we believe that the compensation peer group identified by our Compensation Committee for fiscal 2019 provides a more appropriate and meaningful basis for assessing our executive compensation.

Primary Elements of Executive Compensation

The primary elements of our executive compensation program are the following:

- Base salary
- Annual incentive bonus
- Long-term incentive compensation

Base Salary

Salaries of the Named Executive Officers are reviewed annually as well as at the time of a promotion or significant change in responsibilities. As described above, the Compensation Committee engaged L&A to conduct the compensation study at the beginning of fiscal 2019. L&A's compensation study was delivered to the Compensation Committee in May 2018.

The fiscal 2019 base salaries for the Named Executive Officers were set as follows:

| Name | Base Salary | Percent Increase |
|-------------------|--------------------|-------------------------|
| David B. Powers | \$920,000 | 8.2 |
| D. Craig Kesler | \$460,000 | 6.0 |
| Michael Haack | \$575,000 | 5.3 |
| Robert S. Stewart | \$455,000 | 4.8 |
| Keith W. Metcalf | \$393,000 | 3.1 |

Considerations that may influence the salary level for a Named Executive Officer include individual performance, the Named Executive Officer's skills or experience, our operating performance and the nature and responsibilities of the position.

Annual Incentive Bonus

The Compensation Committee is responsible for approving the annual incentive bonus for our CEO and the other Named Executive Officers. Annual incentive bonuses paid to our Named Executive Officers for fiscal 2019 (other than Mr. Metcalf) were

made under the Eagle Materials Inc. Salaried Incentive Compensation Program for Fiscal Year 2019, which we refer to as the "Eagle Annual Incentive Program." The Eagle Annual Incentive Program and the Company's other incentive programs for fiscal 2019 were structured to create financial incentives and rewards that are directly related to corporate performance and the participating Named Executive Officer's individual performance during the fiscal year.

The Compensation Committee believes these programs are consistent with our pay-for-performance compensation philosophy in that they place a significant portion of the executive's compensation "at risk." Generally, under these programs, a significant portion of the executive's total compensation is dependent upon the performance of the Company as well as the individual's performance. The Company's annual incentive bonus programs also reflect the Committee's philosophy of aligning the interests of our executives with those of the stockholders. These programs create this alignment by providing that an officer's annual bonus potential varies directly with our operating earnings. Although individual performance and achievement of goals (as discussed in more detail below under "Approving the Annual Incentive Bonus") may affect the actual incentive bonus amount, our programs are structured in such a way that the executive officer's incentive bonus potential can vary considerably as operating earnings change from year to year. The Committee believes that operating earnings is an appropriate metric for annual incentive bonuses because it is tied closely to operations, can be directly impacted by the efforts of the pool participants, and is a measure that our stockholders have indicated they track and value.

Eagle Annual Incentive Program

For fiscal 2019, Messrs. Powers, Kesler, Haack and Stewart were participants in the Eagle Annual Incentive Program. Under this program, during the first quarter of the fiscal year, a percentage of our operating earnings is designated by the Compensation Committee as a pool for bonuses, and each participating Named Executive Officer is assigned a share of such pool, representing the executive's maximum bonus opportunity. At the end of the fiscal year, the size of the pool is determined, based on the amount of operating

[Table of Contents](#)

earnings generated during such fiscal year, and annual incentive bonuses are paid to each participating executive in the form of a lump sum cash payment reflecting each executive's share of the pool, subject to the exercise of "negative discretion" by the Compensation Committee to reduce (but not increase) the amount of the cash payment based on the executive's individual performance during the fiscal year. The amount of the annual incentive bonus paid to an executive is based on the level of our operating earnings, the share of the pool designated for such executive, and an assessment of such executive's individual performance.

The Eagle Annual Incentive Program for Fiscal 2019 was adopted by the Compensation Committee in May 2018, and it mirrored the structure of the fiscal 2018 program. The program was to be funded with 1.4% of the Company's operating earnings for fiscal 2019. The Compensation Committee has maintained the funding rate of 1.4% since 2016 and as a result the compensation pool only increases if operating earnings increase.

The bonus pool itself is not subject to a separate cap or maximum, but is merely a function of multiplying the pre-determined percentage by our operating earnings for the applicable fiscal year; however, our Incentive Plan does provide an absolute cap on cash that any employee may receive in any fiscal year under such programs (\$5 million). In setting the percentage of operating earnings which would fund the pool for the Eagle Annual Incentive Program, the Compensation Committee considered several factors, including our compensation philosophy that a significant portion of the executive's compensation should be "at risk" and subject to the Company's success (level of operating earnings), as well as the anticipated operating earnings for fiscal 2019.

In allocating each Named Executive Officer's opportunity under the pool, the Compensation Committee considered the amount of annual incentive bonus compensation opportunities of executives in other companies who fulfill similar roles as illustrated in the compensation study prepared by L&A, the share of the pool historically allocated to officers in such roles by the Company, the recommendation of Mr. Powers for each participant, as well as the Compensation Committee's assessment of the executive's importance and contribution to the organization, the

executive's importance in driving the achievement of Company goals and profitability, the executive's level of responsibility, and the anticipated operating earnings for fiscal 2019. The Compensation Committee set the bonus potential for the Named Executive Officers as follows:

| Name | Annual Incentive Bonus Potential (% of Pool) |
|-------------------|---|
| David B. Powers | 24.0 |
| D. Craig Kesler | 15.8 |
| Michael Haack | 17.0 |
| Robert S. Stewart | 15.8 |

Also at the beginning of fiscal 2019, the Compensation Committee worked with Mr. Powers to develop individual annual incentive goal categories by plan and position throughout the Company, including with respect to the Named Executive Officers. For participants in the Eagle Annual Incentive Program, the participants' individual performance against the goals would be evaluated by the Committee in the exercise of "negative discretion" to reduce (but not increase) the amount of the portion of the pool that would be paid to the participant at the end of the fiscal year.

At the end of fiscal 2019, the Compensation Committee determined that the aggregate amount available for the Eagle Annual Incentive Program pool for fiscal 2019 was \$4,597,239, based on the Company's operating earnings of \$328,374,186, as adjusted for certain extraordinary items that the Committee believes are not reflective of operating performance, namely the non-cash impairment of various assets in our oil and gas proppants segment.

This pool amount was not quantifiable until the end of fiscal 2019. For comparison purposes, the equivalent pool amount in fiscal 2018 was \$4,825,766 based on operating earnings of \$344,697,591 (as adjusted).

Divisional Annual Incentive Program

For certain employees who do not participate in the Eagle Annual Incentive Program, the Company maintains divisional annual incentive plans, which the Committee believes better tie such employees' annual incentive compensation to metrics that they

Table of Contents

can directly influence than a Company-wide program. For fiscal 2019, Mr. Metcalf participated in a Divisional Annual Incentive Bonus Program. Under these programs, a percentage of a division's operating earnings is allocated to the bonus pool and each participating employee is assigned a share of the pool, representing the employee's maximum bonus opportunity. At the end of the fiscal year, the size of the pool is determined and annual bonuses are paid to participating employees in the form of a lump sum cash payment in accordance with their shares of the pool, subject to the exercise of negative discretion by our CEO (or, in the case of bonuses paid to Named Executive Officers, the Compensation Committee) based on the employee's individual performance during the fiscal year.

Mr. Metcalf participated in the American Gypsum Company Salaried Incentive Compensation Program for Fiscal Year 2019. Under this program, the bonus pool equaled 2.0% of American Gypsum's operating earnings for fiscal 2019, which is the same percentage the Compensation Committee has set for the past two years. In deciding to keep the percentage of operating earnings which would fund these bonus pools the same as the prior year, the Compensation Committee considered several factors, including our compensation philosophy that a significant portion of the executive's compensation should be "at risk" and subject to the Company's success (level of earnings).

The divisional bonus pools are not subject to a separate cap or maximum, but are merely a function of multiplying the pre-determined percentage by the applicable operating earnings for the applicable fiscal year. The aggregate amounts available for the American Gypsum program for fiscal 2019 was \$4,033,691, which was not quantifiable until the end of fiscal 2019 and includes amounts available for payment to officers and employees other than the Named Executive Officers. For comparison purposes, the equivalent amount in fiscal 2018 was \$3,588,260.

In May 2018, the Compensation Committee set the annual incentive bonus potential for Mr. Metcalf under the American Gypsum Divisional Annual Incentive Bonus Program. In determining Mr. Metcalf's allocation of the pool, the Compensation Committee considered the recommendation of Mr. Powers, the amount of annual incentive bonus compensation payable to executives in other

companies who fulfill similar roles as illustrated in the compensation study prepared by L&A, the portion of the pool historically allocated to his position and the Compensation Committee's assessment of his importance and contribution to his division's performance, his importance as an officer within his division in driving the achievement of divisional goals and profitability and his level of responsibility. The Compensation Committee set Mr. Metcalf's incentive bonus potential at 21% of his divisional bonus pool.

Fiscal 2019 Special Situation Program

In the first quarter of fiscal 2019 (May 2018), the Compensation Committee approved the Eagle Materials Inc. Special Situation Program for Fiscal Year 2019, which we refer to as the "SSP," which is a special annual incentive program intended to recognize outstanding individual performance during the fiscal year. The SSP also provides flexibility to reward performance when special circumstances arise in which our CEO determines that an individual has performed well but not been adequately compensated pursuant to other components of compensation, including without limitation instances where an individual's compensation has been adversely affected by market conditions such as a cyclical downturn or in recognition of transactions and events not contemplated at the time the Compensation Committee set compensation for the applicable year.

SSP awards are made by our CEO, except that awards to executive officers require Compensation Committee approval. Awards under the SSP are not predetermined for any individuals at the beginning of the fiscal year. All full-time employees of Eagle Materials Inc. or any of our subsidiaries are eligible to receive awards under this program. At the beginning of fiscal 2019, the Compensation Committee determined that 0.20% of the Company's EBITDA for the ensuing fiscal year would fund the SSP, along with the portions of the Eagle and divisional incentive compensation plans and divisional long-term cash compensation plans not paid out. In setting the percentage of EBITDA which would fund the SSP, the Compensation Committee considered several factors, including the anticipated EBITDA for fiscal 2019. All of our Named Executive Officers are eligible to participate in the SSP.

Approving the Annual Incentive Bonus

In May 2019, the Compensation Committee approved the incentive bonus pool for fiscal 2019 for the Company. In addition, at the end of fiscal 2019, Mr. Powers provided performance evaluations of each Named Executive Officer (other than himself) to the Compensation Committee, which evaluations included an assessment of the achievement of their individual goals and objectives, along with his recommendation for the annual incentive bonus for each such Named Executive Officer. With respect to Mr. Powers, the Compensation Committee performed its own evaluation of his performance and the extent to which the goals and objectives established for him for fiscal 2019 had been achieved.

Mr. Powers

At the end of fiscal 2019, the Compensation Committee conducted its performance evaluation of Mr. Powers after receiving input from the entire Board. Mr. Powers also provided information used by the Compensation Committee to evaluate the achievement of his goals and objectives for fiscal 2019 under the Eagle Annual Incentive Program. Based on this evaluation, the Compensation Committee believes Mr. Powers performed at a high level during fiscal 2019 and met his goals and objectives. That evaluation resulted in Mr. Powers receiving 93% of his bonus potential for fiscal 2019. The Compensation Committee approved an annual incentive bonus for Mr. Powers under the Eagle Annual Incentive Program of \$1,026,104. In making this determination, the Compensation Committee used its judgment to determine the appropriate award level after consideration of several factors, including his achievement of his goals related to organizational leadership development and the following areas (among others) over the past fiscal year:

- success in completing manufacturing capacity utilization and expansion projects in the Company's cement business;
- driving the launching of a capacity expansion project at the Company's paper mill;
- balancing wallboard production with demand;
- leadership in driving talent and organizational development at both the corporate and divisional levels, including CEO succession activities; and

- promotion of a safety performance culture and implementation of reporting and monitoring system enhancements.

Mr. Kesler

At the end of fiscal 2019, Mr. Powers reviewed Mr. Kesler's performance, finding that Mr. Kesler had achieved his goals during the fiscal year. Based in part on this review, the Compensation Committee determined that Mr. Kesler had met his goals and awarded Mr. Kesler 93% of his incentive bonus potential, approving an annual incentive bonus for Mr. Kesler under the Eagle Annual Incentive Program of \$675,518. In making this determination, the Compensation Committee used its judgment to determine the appropriate award level after consideration of several factors, including his achievement of his goals related to his areas of responsibility, the input of Mr. Powers regarding Mr. Kesler's performance, and the following areas (among others) over the past fiscal year: Mr. Kesler's oversight of the development of a new sales force software platform, and his completion of an analysis of the retirement plan, including investment choices, implementation of cost-saving plan improvements and efficiencies, and modernization of our investment policy statement.

In addition, the Compensation Committee approved a cash award under the SSP to Mr. Kesler in the amount of \$50,000. In making this award to Mr. Kesler, the Compensation Committee took into consideration the recommendation of Mr. Powers and Mr. Kesler's ongoing work on the Company's strategic portfolio review, the implementation of sales force sales tools for the cement division, and an upgraded capital program, process and system.

Mr. Haack

At the end of fiscal 2019, Mr. Powers reviewed Mr. Haack's performance, finding that Mr. Haack had achieved his goals during the fiscal year. Based in part on this review, the Compensation Committee determined that Mr. Haack had met his goals and awarded Mr. Haack 93% of his incentive bonus potential, approving an annual incentive bonus for Mr. Haack under the Eagle Annual Incentive Program of \$726,823. In making this determination, the Compensation Committee used its judgment to

[Table of Contents](#)

determine the appropriate award level after consideration of several factors, including his achievement of his goals related to his areas of responsibility, the input of Mr. Powers regarding Mr. Haack's performance, and the following areas (among others) over the past fiscal year: Mr. Haack's success in further enhancing the Company's safety programs, organizational leadership development, manufacturing capacity utilization and expansion.

In addition, the Compensation Committee approved a cash award under the SSP to Mr. Haack in the amount of \$100,000. In making this award to Mr. Haack, the Compensation Committee took into consideration the recommendation of Mr. Powers and Mr. Haack's leadership on upgraded safety programs throughout the Company and the implementation of sales force sales tools for the cement division.

Mr. Stewart

At the end of fiscal 2019, Mr. Powers reviewed Mr. Stewart's performance, finding that Mr. Stewart had achieved his goals during the fiscal year. Based in part on this review, the Compensation Committee determined that Mr. Stewart had met his goals and awarded Mr. Stewart 93% of his incentive bonus potential, approving an annual incentive bonus for Mr. Stewart under the Eagle Annual Incentive Program of \$675,518. In making this determination, the Compensation Committee used its judgment to determine the appropriate award level after consideration of several factors, including his achievement of his goals related to his areas of responsibility, the input of Mr. Powers regarding Mr. Stewart's performance, and the following areas (among others) over the past fiscal year: Mr. Stewart's implementation of executive transition planning, including engagement with internal constituents and external investor groups, and his ongoing investor outreach with regard to the Company's ESG initiatives.

Mr. Metcalf

At the end of fiscal 2019, Mr. Powers reviewed the performance of Mr. Metcalf, finding that Mr. Metcalf had achieved his goals during the fiscal year. Based in part on this review, the Compensation Committee determined that Mr. Metcalf had met his goals and awarded Mr. Metcalf 94% of his incentive bonus

potential, approving an annual incentive bonus for Mr. Metcalf under the American Gypsum Salaried Incentive Compensation Program for Fiscal Year 2019 of \$796,251. In making this determination, the Compensation Committee used its judgment to determine the appropriate award level after consideration of several factors, including his achievement of his goals related to his areas of responsibility, the input of Mr. Powers regarding the performance of Mr. Metcalf, and the following areas (among others) over the past fiscal year: Mr. Metcalf's assurance of plant reserves expansion plans in place for all wallboard plants, his continuing work on talent management and development within American Gypsum, and his oversight of the successful winding down of the Rio Grande business in Albuquerque.

Long-Term Incentive Compensation

Consistent with the Compensation Committee's philosophy of linking compensation to our performance, a significant portion of our long-term incentive compensation program for fiscal 2019 has been structured to tie the ability to earn equity awards to the achievement by the Company of specific performance levels. To enhance retention of key employees, once earned, the performance awards contain a further time-vesting component. Also, a portion of our long-term compensation program has been structured as purely time-vesting, which the Compensation Committee believes, based on the input of L&A, is in-line with the practice of our peers. A more detailed description of the fiscal 2019 awards is found below.

Burn Rate

The Compensation Committee has been a good steward of the equity available to it for award under our Incentive Plan. Our three-year average burn rate (a measure of historical dilution) is well below our industry norms. The Company's three-year average burn rate (which is based on the number of awards granted—or, in the case of performance awards, awards earned—in each fiscal year, divided by the weighted-average common shares outstanding for such fiscal year) is 0.94%. The 2019 benchmark for our industry published by ISS is 2.72%.

[Table of Contents](#)

Grant Practice

All of the Named Executive Officers participate in our long-term incentive compensation program. In fiscal 2019, the Compensation Committee approved equity grants as described below. The date on which an equity award is granted is the date specified in the resolutions of the Compensation Committee authorizing the grant. The grant date must fall on or after the date on which the resolutions are adopted by the Committee. As provided in the Incentive Plan, for stock options, the exercise price is the closing price of our Common Stock on the grant date, as reported by the NYSE.

Fiscal 2019 Grants

In structuring the long-term incentive program for fiscal 2019, the Compensation Committee worked with our CEO, Mr. Powers, to establish a mix of performance-based and time-vesting awards. Consistent with prior years, the performance metric selected was return on equity, or "ROE," which represents our earnings as a percentage of our stockholders' equity, a performance metric that our stockholders have told us they find meaningful and that the Committee views as a measure of the Company's prudent deployment of capital.

Target award amounts were allocated equally between performance-vesting and time-vesting awards, with one-half of each type being allocated to restricted stock and one-half to stock options; provided, that the Committee could take into consideration the recipient's age and proximity to retirement in allocating some awards 100% to restricted stock. With respect to performance-based equity awards, the Committee determined a target award value that would be received upon the achievement of a strong ROE, with up to 120% of the target value received if exceptional ROE were achieved and 80% of the target value received if

acceptable ROE were achieved. None of the performance-based equity awards would be earned if the return on equity were below this acceptable level. Both performance-based and time-vesting equity awards would vest over a four-year period to enhance the retention of these key employees.

Effective May 17, 2018, the Compensation Committee approved equity awards under the Incentive Plan to a group of key employees, including the Named Executive Officers, in alignment with the above structure. As part of the compensation study delivered to the Compensation Committee in May 2018, L&A had provided information regarding long-term compensation as well as total direct compensation paid to the compensation peer group. In determining the value of the equity to be granted, the Compensation Committee took into consideration the L&A compensation study, the input of Mr. Powers, the Compensation Committee's assessment of the executive's importance and contribution to the organization, and the executive's level of responsibility. The target grant date fair value was allocated 50% to performance-based equity (with a Company ROE financial metric) and 50% to time-vesting equity. In general, recipients of equity awards had their target grant date fair value allocated half to restricted stock and half to stock options; however, given their age and proximity to retirement, some recipients (including Messrs. Powers, Stewart and Metcalf) had their entire award allocated to restricted stock.

The following table shows the stock options and restricted stock granted to each of the Company's Named Executive Officers effective May 17, 2018:

| Name | Number of Performance Vesting Stock Options | Shares of Performance Vesting Restricted Stock | Number of Time Vesting Stock Options | Shares of Time Vesting Restricted Stock |
|-------------------|--|---|---|--|
| David B. Powers | - | 19,767 | - | 16,473 |
| D. Craig Kesler | 7,937 | 2,542 | 6,614 | 2,118 |
| Michael Haack | 9,701 | 3,107 | 8,084 | 2,589 |
| Robert S. Stewart | - | 5,083 | - | 4,236 |
| Keith W. Metcalf | - | 4,236 | - | 3,530 |

[Table of Contents](#)

The Committee believes that the structure of the fiscal 2019 long-term compensation program is consistent with the Compensation Committee's philosophy of linking compensation to our performance.

Performance-Based Equity Awards

These awards are comprised of shares of restricted stock and stock options which are earned based upon the achievement by the Company of a certain level of average ROE for the fiscal year ended March 31, 2019, with 100% of the awarded stock/options (that is, 120% of the target award value) being earned if such ROE measure was 20.0% or higher, 83.3% of the awarded stock/options (that is, 100% of the target award value) being earned if such ROE measure was 15.0%, and 66.7% of the awarded stock/options (that is, 80% of the target award value) being earned if such ROE measure was at least 10.0% (with the exact percentage of shares earned being calculated based on straight-line interpolation between the points specified above with fractional points rounded to the nearest tenth of a percent). If the Company achieved an ROE measure of less than 10.0%, then none of the performance-based equity awards would be earned. The earned performance-based equity was to become fully vested one-fourth promptly after the certification date and one-fourth on March 31 for each of the following three years (in each case assuming continued service through such dates).

The terms and conditions of the performance-based equity are substantially the same as prior performance-based awards, except that the performance criterion is as described above. Any performance-based equity that was not earned at the end of fiscal 2019 was to be forfeited. In accordance with the terms of the Incentive Plan, the exercise price of the stock options is the closing price of the Company's Common Stock on the date of grant, May 17, 2018 (\$106.24).

In May 2019, the Compensation Committee certified that the Company's 16.9% average ROE for the fiscal year ended March 31, 2019 satisfied the Company's performance goal such that 89.7% of the performance-based equity granted (or 107.6% of the target number of shares/options) was earned. In calculating the average ROE, in accordance with the award agreement, the Committee excluded the impact of certain extraordinary items not related to operating performance, namely the non-cash impairment of various assets in our oil and gas proppants segment.

Time-Vesting Equity Awards

These awards are comprised of shares of restricted stock and stock options which vest ratably over four years on March 31, 2019; March 31, 2020; March 31, 2021; and March 31, 2022 (in each case assuming continued service through such dates). The Compensation Committee believes that including time-vesting equity as part of long-term compensation is consistent with competitive pay practices, preserves the Company's philosophy that a significant portion of an executive's pay should be at risk, enhances the retention of key employees, while at the same time creating a strong incentive for management to operate the business in a manner that creates additional value for stockholders.

The terms and conditions of the time-vesting equity are substantially the same as prior time-vesting awards. As in the case of prior equity awards, the time-vesting equity will also vest upon a change in control of the Company. See "Change in Control Benefits" below. In accordance with the terms of the Incentive Plan, the exercise price of the stock options is the closing price of the Company's Common Stock on the date of grant, May 17, 2018 (\$106.24).

Other Elements of Executive Compensation

Retirement Plan

Prior to January 1, 2019, we maintained two qualified defined contribution plans under sections 401(a) and 401(k) of the Internal Revenue Code of 1986 (the "Code"): our Profit Sharing and Retirement Plan, which we refer to as our "PSRP," covering substantially all salaried employees of the Company and our subsidiaries, including our Named Executive Officers; and our Hourly Profit Sharing Plan, which we refer to as our "Hourly Plan," covering substantially all hourly employees of the Company and our subsidiaries.

Effective January 1, 2019, our PSRP was merged into our Hourly Plan and in connection with the plan merger our Hourly Plan was renamed our Retirement Plan. As a result, after December 31,

[Table of Contents](#)

2018, our Named Executive Officers, along with substantially all salaried and hourly employees of the Company and our subsidiaries are covered under our Retirement Plan (formerly our Hourly Plan). As a result, in fiscal 2019 our Named Executive Officers were covered under our PSRP prior to January 1, 2019 and our Retirement Plan after December 31, 2018. For purposes of the description below, unless expressly provided otherwise, references to our "Retirement Plan" include our PSRP.

Salaried participants, including our Named Executive Officers, covered under our Retirement Plan may elect to make pre-tax contributions and/or, after December 31, 2018, after-tax Roth 401(k) contributions of up to 70% of their base salary subject to the limit under Code Section 402(g) (\$18,500 for calendar year 2018 and \$19,000 for calendar year 2019), employee after-tax contributions of up to 10% of base salary and, if the participant is at least age 50, "catch-up contributions" up to the statutory limit under Code Section 414(v) (currently \$6,000). In addition, our Retirement Plan provides for a discretionary employer profit sharing contribution for our salaried employees, including our Named Executive Officers, that is a percentage of base salary for the year.

Participants are fully vested to the extent of their pre-tax, after-tax Roth 401(k), and after-tax contributions. Prior to January 1, 2019, our salaried participants become vested in the employer profit sharing contribution over a six-year period (i.e., 20% per year beginning with the second year of service); after December 31, 2018, our salaried participants become vested in the employer profit sharing contribution over a four-year-period (i.e., 25% per year beginning with the first year of service). All of the Named Executive Officers have been employed by the Company or our affiliates long enough to be fully vested. Participants are entitled to direct the investment of contributions made to the Retirement Plan on their behalf in various investment funds, including up to 15% in an Eagle Common Stock fund. Such amounts are payable upon a participant's termination of employment, disability or death in the form of a lump sum, installments or direct rollover to an eligible retirement plan, as elected by the participant. At the participant's election, amounts invested in the Common Stock fund are distributable in shares of our Common Stock.

Employer profit sharing contributions made to the Retirement Plan on behalf of our Named Executive Officers in fiscal 2019 are reflected under the "All Other Compensation" column in the Summary Compensation Table located on page 37 of this proxy statement. A list of the investment funds provided under the Retirement Plan is provided in the footnotes to the Nonqualified Deferred Compensation Table located on page 45 of this proxy statement.

SERP

In fiscal 1995, the Board approved our Supplemental Executive Retirement Program, which we will refer to as our "SERP," for certain employees participating in the Retirement Plan. Internal Revenue Code Section 401(a)(17) limits the amount of annual compensation (currently \$270,000) that may be considered in determining our contribution to the Retirement Plan for the account of an eligible participant.

The SERP was established to eliminate the adverse treatment that higher-salaried employees receive as a result of such limit by making a contribution for each participant in an amount substantially equal to the additional employer profit sharing contribution that he or she would have received under the Retirement Plan had 100% of his or her base salary been eligible for a profit sharing contribution. As in the case of the Retirement Plan, annual incentive bonuses paid to participants are not included when determining the amount of contributions to the SERP. The Compensation Committee believes that the SERP therefore allows us to confer the full intended benefit of the employer profit sharing contribution under the Retirement Plan without the arbitrary limitation of the Internal Revenue Code rules noted above.

Contributions accrued under the SERP for the benefit of the higher-salaried employees vest under the same terms and conditions as under the Retirement Plan and may be invested by the participant in several of the same investment options as offered under the Retirement Plan. Benefits under the SERP are payable upon the participant's termination of employment in a lump sum or installments as elected by the participant in accordance with the terms of the SERP. As with the Retirement Plan, all of the Named Executive Officers have been employed by the Company or our affiliates long enough to be fully vested.

Employer contributions under the SERP to our Named Executive Officers in fiscal 2019 are reflected under the “All Other Compensation” column in the Summary Compensation Table located on page 37 of this proxy statement. A list of the investment funds provided under the Retirement Plan is provided in the footnotes to the Nonqualified Deferred Compensation Table located on page 45 of this proxy statement.

Salary Continuation Plan

The Named Executive Officers, along with other officers and key employees, are participants in our Salary Continuation Plan, which we refer to as the “SCP.” Under this plan, in the event of the death of a participating employee, we will pay such employee’s beneficiaries one full year of base salary in the first year following death and 50% of base salary each year thereafter until the date such employee would have reached normal Social Security retirement age, subject to a maximum amount of \$1.5 million. Payments are made to the employee’s beneficiary on a semi-monthly basis.

The purpose of the plan is to provide some financial security for the families of the participating employees, which assists the Company in attracting and retaining key employees. Benefit amounts under the plan are intended to provide a basic level of support for beneficiaries. To cover these potential obligations, we pay the premiums on life insurance policies covering the life of each participating employee. Such policies are owned by the Company and proceeds from such policies would be initially paid to the Company.

Premiums paid on policies covering our Named Executive Officers in fiscal 2019 are reflected under the “All Other Compensation” column in the Summary Compensation Table located on page 37 of this proxy statement. Amounts potentially payable to the beneficiaries of our Named Executive Officers pursuant to the SCP are described in “Potential Payments Upon Termination or Change in Control” beginning on page 46 of this proxy statement.

Change in Control Benefits

During fiscal 2019, in order to better ensure the retention of our employees in the event of a

potentially disruptive corporate transaction, we provided our employees, including our Named Executive Officers, with certain change-in-control protections. We believe that such protections, which are consistent with the practices of our peer companies, are in the best interest of our stockholders because they enable our executive leadership team to fully focus on the benefits of a corporate transaction for stockholders, rather than the potential adverse consequences of the transaction on their careers.

Awards granted in fiscal 2019 under our Incentive Plan are subject to accelerated vesting upon the occurrence of a “change in control” as defined in the applicable award agreement if they are not assumed or replaced with equivalent awards in connection with such change in control. Under the award agreements or incentive program documents, a “change in control” is defined as (i) the acquisition by any person or entity of 50% or more of the outstanding shares of any single class of our Common Stock or 40% or more of outstanding shares of all classes of our Common Stock; (ii) a change in the composition of our Board such that the current members of the Board cease to constitute a majority of the Board; or (iii) the consummation of a merger, dissolution, asset disposition, consolidation or share exchange, unless (1) more than 50% of the stock following such transaction is owned by persons or entities who were stockholders of the Company prior to such transaction, (2) following such transaction, no person or entity owns 40% or more of the common stock of the corporation resulting from such transaction, and (3) at least a majority of the members of the resulting corporation’s board of directors were members of our Board.

If a change in control occurs, any unvested outstanding stock options, restricted stock, restricted stock units would generally become immediately fully vested, and, in the case of stock options, exercisable or, in the case of restricted stock or RSUs, payable, unless the transaction resulting in the change in control provides that the award is to be replaced with an award of equivalent shares of the surviving parent corporation. See “Potential Payments Upon Termination or Change in Control” beginning on page 46 of this proxy statement.

[Table of Contents](#)

We believe the provision of these change in control benefits is generally consistent with market practice among our peers, is a valuable executive talent retention incentive and is consistent with the objectives of our overall executive compensation program.

No Discriminatory Perquisites, Post-retirement Welfare Or Tax Gross-Ups

The Company does not provide perquisites or post-retirement welfare benefits to the Named Executive Officers. During employment, the Named Executive Officers participate in the broad-based employee health insurance plans available to employees of the Company generally. Further, the Company does not provide for gross-ups of excise taxes under Section 4999 of the Code to any of the Named Executive Officers.

Other Compensation Policies and Practices

Stock Ownership Guidelines

In order to align the interests of the Named Executive Officers with our stockholders, and to promote a long-term focus for the officers, the Board of Directors has adopted executive stock ownership guidelines for the officers of the Company and our subsidiaries. The guidelines for the Named Executive Officers are expressed as a multiple of base salary as set forth below (with actual ownership reflected as of the record date for the annual meeting):

| Name | Multiple of Salary Ownership Guidelines | Number of Shares of Common Stock (1) | Actual Ownership (2) |
|-------------------|--|---|-----------------------------|
| David B. Powers | 5X | 56,500 | 127,716 |
| D. Craig Kesler | 3X | 26,900 | 64,444 |
| Michael Haack | 3X | 18,800 | 32,914 |
| Robert S. Stewart | 3X | 37,600 | 41,561 |
| Keith W. Metcalf | 3X | 15,700 | 51,096 |

-
- (1) Our stock ownership guidelines for executives are expressed as a number of shares of our Common Stock. The number of shares is determined by multiplying the executive's annual base salary on the date the executive becomes subject to the stock ownership guidelines by the applicable multiple and then dividing the product by the closing price of our Common Stock on the NYSE on the date the executive becomes subject to the policy. The amount is then rounded to the nearest 100 shares.
- (2) Types of ownership counted toward the guidelines include the following:
- Stock holdings in our Retirement Plan;
 - Direct holdings;
 - Indirect holdings, such as shares owned by a family member residing in the same household; and
 - Shares represented by restricted stock.

[Table of Contents](#)

Once established, a participant's ownership requirement generally does not change as a result of changes in his or her compensation or fluctuations in the price of our Common Stock but could change in the event of a promotion. Newly elected officers have five years to meet the applicable ownership requirement. Compliance with the ownership guidelines is reviewed annually by the Compensation Committee. Based on the current holdings of the Named Executive Officers, all of the Named Executive Officers have already achieved their stock ownership goal.

No Hedging

Under our insider trading policy, employees and executives are prohibited from speculating in our securities or engaging in transactions designed to hedge their ownership interests.

Consideration of the Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction for public corporations for compensation over \$1,000,000 paid in any fiscal year to the corporation's chief executive officer and certain other executive officers. However, historically, Section 162(m) exempted performance-based compensation from the deduction limit if certain requirements were met.

The legislation commonly referred to as the Tax Cuts and Jobs Act of 2017, or the 2017 Tax Act, made significant changes to Section 162(m) of the Code. The 2017 Tax Act expanded the executives potentially affected by the deduction limitation and repealed the "performance-based compensation" exemption to Section 162(m), subject to a transition rule for performance-based compensation paid after 2017 under certain existing compensation arrangements covered by binding contractual arrangements in effect on November 2, 2017 that are not materially modified. Beginning with the 2018 calendar year, the \$1 million annual deduction limitation under Section 162(m) applies to compensation paid to any

individual who serves as the chief executive officer, chief financial officer or qualifies as one of the other three most highly compensated executive officers in 2017 or any later calendar year.

The Company is continuing to evaluate the impact of the 2017 Tax Act on its compensation programs. The Company's general intention is to maximize the tax deductibility of its compensation programs. However, the Compensation Committee intends to exercise its business judgment to develop compensation programs that best serve the interests of the Company and its stockholders, which may include paying compensation that is not fully deductible due to Section 162(m). The Compensation Committee uses its business judgment in establishing compensation policies to attract and retain qualified executives to manage the Company and to reward such executives for outstanding performance, while taking into consideration the financial impact of such actions on the Company, including the deductibility of compensation paid to our executives. Moreover, the Compensation Committee believes that the lost deduction on compensation payable in excess of the \$1 million limitation for our Named Executive Officers is not material relative to the benefit of being able to attract and retain talented management.

Compensation Risk

Although a significant portion of potential compensation to our executive officers is performance-based, we do not believe that our compensation policies, principles, objectives and practices are structured to promote inappropriate risk taking by our executives. We believe that the focus of our overall compensation program encourages management to take a balanced approach that focuses on increasing and sustaining our profitability. See "Board Leadership Structure and Role in Risk Oversight — Risk Assessment in Compensation Programs" above.

- (1) The amounts included in this column reflect the grant date fair value of the award computed in accordance with FASB ASC Topic 718. Assumptions used in the calculation of these amounts are included in footnote (I) to the Company's audited financial statements for the fiscal year ended March 31, 2019 included in the Fiscal 2019 Form 10-K.
- (2) These amounts represent the maximum annual incentive payments potentially payable to the Named Executive Officers pursuant to the Eagle Annual Incentive Program or the Divisional Annual Incentive Bonus Programs, as applicable, for fiscal year 2019.

There are no thresholds or maximums for these awards—they are merely a function of multiplying the pre-determined percentage by the operating earnings for the fiscal year; provided, however, our Incentive Plan does provide an absolute cap on cash that any employee may receive in any fiscal year under such programs (\$5 million). The actual pay-outs to the Named Executive Officers were as follows: Mr. Powers – \$1,026,104; Mr. Kesler – \$675,518; Mr. Haack – \$726,823; Mr. Stewart – \$675,518; and Mr. Metcalf – \$796,251. These incentive programs are described in greater detail under “Annual Incentive Bonus” beginning on page 26 of this proxy statement.

- (3) These amounts represent grants of time-vesting restricted stock made on May 17, 2018 under our Incentive Plan. One-fourth of the restricted stock vested on March 31, 2019, and restrictions on the remaining restricted stock will lapse ratably on March 31 of 2020, 2021 and 2022. These restricted stock grants are described in greater detail under “Long-Term Incentive Compensation—Fiscal 2019 Grants” beginning on page 31 of this proxy statement.
- (4) These amounts represent grants of performance-based restricted stock made on May 17, 2018 under our Incentive Plan. The vesting of the restricted stock was subject to performance vesting criteria. On May 13, 2019, the Compensation Committee determined that 89.7% of the maximum award (or 107.6% of the target award) had been earned. Any unearned restricted shares were forfeited. One-fourth of the earned restricted stock vested on May 16, 2019, and restrictions on the remaining earned restricted shares will lapse on March 31 of 2020, 2021 and 2022. These restricted stock grants are described in greater detail under “Long-Term Incentive Compensation—Fiscal 2019 Grants” beginning on page 31 of this proxy statement.
- (5) These amounts represent grants of time-vesting stock options to purchase shares of Common Stock made on May 17, 2018 under our Incentive Plan. One-fourth of the stock options vested on March 31, 2019, and the remaining stock options will vest ratably on March 31 of 2020, 2021 and 2022. These stock options are described in greater detail under “Long-Term Incentive Compensation—Fiscal 2019 Grants” beginning on page 31 of this proxy statement.
- (6) These amounts represent grants of performance-based stock options to purchase shares of Common Stock made on May 17, 2018 under our Incentive Plan. The vesting of the stock options were subject to performance vesting criteria. On May 13, 2019, the Compensation Committee determined that 89.7% of the maximum award (or 107.6% of the target award) had been earned. Any unearned stock options were forfeited. One-fourth of the earned stock options vested on May 13, 2019, and the remaining earned stock options will vest ratably on March 31 of 2020, 2021 and 2022. These stock option grants are described in greater detail under “Long-Term Incentive Compensation—Fiscal 2019 Grants” beginning on page 31 of this proxy statement.

(1) The amounts in this column represent contributions made by the Company for the account of the Named Executive Officers during fiscal 2019 under our SERP. The SERP is an unfunded, non-qualified plan for certain executives of the Company. Under the SERP, the Company makes contributions to the account of the executive in an amount substantially equal to the additional contributions he would have received under the Retirement Plan had 100% of his annual salary been eligible for a profit sharing contribution. The SERP is described in greater detail under “SERP” on page 33 of this proxy statement. The amounts in this column are reflected in the “All Other Compensation” column of the Summary Compensation Table located on page 37.

(2) The Company also maintains the Eagle Materials Inc. Deferred Compensation Plan. Under this plan, eligible executives were allowed to defer the receipt of a portion of their salary or annual bonus for fiscal 2001, up to 75% of such amounts. For fiscal years after fiscal 2001, the Deferred Compensation Plan was closed to additional employee deferrals. Amounts under the plan are payable at a date certain or upon the participant’s termination of employment, disability or death in the form of a lump sum or installments as elected pursuant to the terms of the plan. Such amounts are not subject to the six month delay applicable to key employees under Internal Revenue Code Section 409A. The earnings in this column reflect earnings or losses on balances in the Named Executive Officer’s SERP account and Deferred Compensation Plan account. A Named Executive Officer may designate how his account balances are to be invested by selecting among the investment options available under our Retirement Plan, with the exception of the Common Stock fund. Because these earnings are not “above market,” they are not included in the Summary Compensation Table on page 37 of this proxy statement. The table below shows the

investment options available under our Retirement Plan (other than the Common Stock fund) and the annual rate of return for the 12 month period ended March 31, 2019, as reported to us by the administrator of the plan.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The following is a summary of the potential payments payable to the Named Executive Officers upon termination of employment or a change in control of the Company under current compensation programs. Specifically, compensation payable to each Named Executive Officer upon voluntary termination, involuntary termination or in the event of death or disability and change in control is discussed below. The amounts shown in the tables below assume that such termination was effective as of March 31, 2019, and are therefore estimates of the amounts which would be paid out to the executives (or their beneficiaries) upon their termination. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be different. Factors that could affect these amounts include the timing during the year of any such event, the price of our Common Stock and the executive's age.

Payments Made Upon Any Termination

Deferred Compensation. The amounts shown in the table below do not include distribution of plan balances under our Deferred Compensation Plan or SERP. These balances are shown in the Nonqualified Deferred Compensation in FY 2019 Table on page 45 of this proxy statement.

Death and Disability. A termination of employment due to death or disability does not entitle the Named Executive Officer to any payments that are not available to salaried employees generally, except for

benefits payable to the beneficiaries of the Named Executive Officers in the event of termination due to death under our Salary Continuation Plan. A description of our Salary Continuation Plan is set forth under "Salary Continuation Plan" on page 34 of this proxy statement.

Accrued Pay and Profit Sharing Plan Benefits. The amounts shown in the table below do not include payments and benefits to the extent they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment or relate to equity grants that have already vested. These include:

- accrued salary pay through the date of termination;
- non-equity incentive compensation earned and payable prior to the date of termination;
- option grants received under the Incentive Plan which have already vested and are exercisable prior to the date of termination (subject to the terms of the applicable Nonqualified Stock Option Agreement);
- restricted stock grants or restricted stock unit grants received under the Incentive Plan which have already vested prior to the date of termination (subject to the terms of the applicable Restricted Stock or Restricted Stock Unit Agreement); and
- unused accrued vacation pay.

CEO PAY RATIO

Pursuant to a mandate of the Dodd-Frank Wall Street Reform and Consumer Protection Act, the Securities and Exchange Commission (the "SEC") has adopted Item 402(u) of Regulation S-K requiring annual disclosure of a reasonable estimate of the ratio of the total annual compensation of our chief executive officer to the total annual compensation of the employee of the Company or one of its subsidiaries who is determined to have the median compensation of all employees of the Company and its subsidiaries, collectively (excluding the CEO). The rule also requires annual disclosure of such median employee's total compensation for the applicable fiscal year and the CEO's total compensation for the applicable fiscal year, in each case as determined in accordance with the rules governing the presentation of total compensation of the named executive officers in the Summary Compensation Table presented on page 37 of this proxy statement. This rule first became applicable with respect to the proxy statement for our 2018 annual meeting of shareholders. Our CEO is Mr. Powers.

As permitted by the SEC rules, the median employee utilized for fiscal 2019 is the same employee identified in fiscal 2018 because there have been no changes in our employee population or employee

compensation arrangements that we reasonably believe would result in a significant change to this pay ratio disclosure. To identify the median-compensated employee for fiscal 2018, we examined the total gross compensation data for calendar year 2017. Based on this data, we determined the median-compensated employee. For this year's disclosure, we calculated such employee's total fiscal 2019 compensation in accordance with the rules governing the presentation of the total compensation of the named executive officers in the Summary Compensation Table. Based on this methodology, the fiscal 2019 total annual compensation for the median-compensated employee was \$79,862. As reported on page 37 of this proxy statement, the fiscal 2019 total annual compensation of our CEO, Mr. Powers, was \$5,537,014, resulting in a ratio of the CEO's total compensation to the median-compensated employee's total compensation of approximately 69:1.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above.

Related Party Transactions

Our code of conduct adopted by the Board, which we refer to as “The Eagle Way,” includes provisions addressing conflicts of interest which arise when a director, officer, or employee has an interest in a transaction in which the Company is a participant. The Eagle Way defines a conflict of interest as an activity, investment or association that interferes or might appear to interfere with the judgment or objectivity of an officer or employee in performing his or her job in the best interests of the Company and our shareholders.

Under The Eagle Way, officers or employees are encouraged to consult with their supervisors regarding any matter that may involve a conflict of interest. In addition, The Eagle Way requires that prior approval of the supervisor of an officer or employee, the president of the Eagle business unit in which such officer or employee is employed, and the Company’s general counsel before: (1) obtaining an ownership interest in, or position with, an Eagle supplier, contractor, customer or competitor, subject to certain exceptions relating to the ownership of publicly traded securities; (2) employing any relatives where there is either a direct or indirect reporting relationship or a substantial amount of interaction between the relatives on the job; or (3) establishing a business relationship between Eagle and a company in which the officer or employee or his or her relative has an ownership interest or holds a position.

In addition to the above policies included in The Eagle Way, we have implemented certain informal processes in connection with transactions with related persons. For example, the Company’s legal staff is primarily responsible for the development of processes to obtain information from the directors and executive officers with respect to related person transactions and for determining, based on the facts and circumstances, whether the related person has a direct or indirect material interest in the transaction. In addition, all of our employees, executive officers and directors are required to disclose any conflicts of interest in an annual certification reviewed by our Legal Department. After disclosure, some conflicts of interest may be resolved through implementing appropriate controls for our protection. Depending on the identity of the officer or employee involved in a transaction creating a potential conflict of interest, the conflict of interest may be resolved by the

Company’s legal staff or may be referred to the Audit Committee. Where an appropriately disclosed conflict of interest is minor and not likely to adversely impact us, we may consent to the activity. Such consent may be subject to appropriate controls intended to ensure that transaction as implemented is not adverse to the Company. In other cases where appropriate controls are not feasible, the person involved will be requested not to enter into, or to discontinue, the relevant transaction or relationship. If a potential conflict arises concerning a director or officer of the Company, the potential conflict is disclosed to the Chair of the Audit Committee of the Board for review and disposition. As required under SEC rules, transactions that are determined to be directly or indirectly material to the Company or a related person are disclosed in the annual proxy statement.

During fiscal 2019, the Company engaged KPMG to perform certain tax consulting work, paying KPMG approximately \$178,000. The spouse of Mr. Kesler, our Chief Financial Officer, is a partner at KPMG. Mr. Kesler’s spouse did not work on any Company matters, and the Company’s Vice President – Tax was the project coordinator for this work. Prior approval of this engagement was obtained in accordance with our code of conduct.

Also during fiscal 2019, the Company’s Tulsa Cement operations paid ACG Materials approximately \$340,000 for natural gypsum (a raw material used in the cement manufacturing process). ACG Materials has supplied natural gypsum to the Company’s Tulsa Cement operations for several years pursuant to a supply contract. In December 2018, ACG Materials was acquired by Arcosa, Inc. The son of Mr. Essl, our Executive Vice President – Cement, is the President of Construction Products at Arcosa, Inc. Neither Mr. Essl nor his son were involved in the negotiation of the supply contract nor is Mr. Essl involved in the ongoing supply relationship between Tulsa Cement and ACG Materials.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who beneficially own more than 10% of a registered class of the Company's equity securities, to file initial reports of ownership, reports of changes in ownership and annual reports of ownership with the SEC and the NYSE. These persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms that they file with the SEC.

Based solely on our review of the copies of such forms we received with respect to fiscal 2019 or written representations from certain reporting persons, the Company believes that its directors and executive officers, and persons who beneficially own more than 10% of a registered class of the Company's equity securities, have complied with all filing requirements of Section 16(a) for fiscal 2019 applicable to such persons.

Code of Conduct

The Company's code of conduct, The Eagle Way, applies to all of the Company's employees, including the Company's officers. The Eagle Way also applies to the Board of Directors. The Company's code of conduct is designed to deter wrongdoing and to promote:

- honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- compliance with applicable governmental laws, rules and regulations;
- the prompt internal reporting of violations of the code of conduct to an appropriate person or persons identified in the code of conduct; and
- accountability for adherence to the code of conduct.

All of the Company's employees and directors are required to certify to the Company, on an annual basis, that they have complied with the Company's code of conduct without exception or, if they have not so complied, to list the exceptions. The Company has posted the text of its code of conduct on its Internet website at www.eaglematerials.com (click on "Investor Relations", then on "Corporate Governance", then on "The Eagle Way" under the heading "Code of Ethics"). Additionally, the Company will provide without charge a copy of the code of conduct to any person upon written request to our Secretary at our principal executive office.

PROPOSAL NO. 2: ADVISORY VOTE ON COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

We are seeking your advisory vote approving the compensation paid to our named executive officers as disclosed in this proxy statement. We believe the structure of our executive compensation programs promotes our business objectives and serves to motivate, attract and retain executive talent.

We urge stockholders to read our “Compensation Discussion and Analysis” beginning on page 21 of this proxy statement, which describes in more detail how our executive compensation policies and programs operate. We are seeking stockholder approval of the following advisory resolution:

RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the related material disclosed in this Proxy Statement, is hereby approved by the stockholders of the Company on an advisory basis.

Although the vote on this proposal is advisory and nonbinding, the Compensation Committee and the Board will review the results of the vote and consider them when making future determinations regarding our executive compensation programs. The affirmative vote of a majority of the votes cast by shares entitled to vote thereon is required for the approval of the foregoing resolution. Abstentions and broker non-votes are not counted as votes cast, and therefore do not affect the approval of the resolution.

Recommendation of the Board

Our Board of Directors recommends that holders of Common Stock vote “FOR” the non-binding advisory resolution approving the compensation paid to our named executive officers.

PROPOSAL NO. 3: APPROVAL OF EXPECTED APPOINTMENT OF INDEPENDENT AUDITORS

General

Ernst & Young acted as our independent auditors to audit our books and records for fiscal year 2019, and the Audit Committee expects to appoint Ernst & Young as our independent auditors for fiscal year 2020 if its proposal for audit services is satisfactory.

We believe the approval of this expected appointment is good corporate practice because the audit of our books and records is a matter of importance to our stockholders. If our stockholders do not support the expected appointment, our Audit Committee will consider that fact when determining whether or not to retain Ernst & Young, but still may elect to retain them. Even if the expected appointment is approved, the Audit Committee, in its discretion, may elect not to proceed with the

appointment. Once it has appointed an auditor, our Audit Committee may elect to change the appointment at any time during the year if it determines that such a change would be in our best interests and the best interests of our stockholders.

Representatives of Ernst & Young are expected to be present for the annual meeting, with the opportunity to make a statement if they choose to do so, and will be available to respond to appropriate questions from our stockholders.

Recommendation of the Board

Our Board of Directors recommends a vote “FOR” the approval of the expected appointment of Ernst & Young as the Company’s auditors for the fiscal year ending March 31, 2020.

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

Ernst & Young LLP, which we refer to as Ernst & Young, audited the Company's financial statements for the fiscal years ended March 31, 2017, 2018 and 2019.

Ernst & Young reports directly to our Audit Committee. The Audit Committee has adopted policies and procedures for pre-approving all audit and permissible non-audit services performed by Ernst & Young. Under these policies, the Audit Committee pre-approves the use of audit and specific permissible audit-related and non-audit services up to certain dollar limits. Other audit and permissible non-audit services that exceed a \$50,000 threshold must be pre-approved separately by the

Audit Committee, or, for such services that do not exceed \$50,000, by a member of the Audit Committee. Any such member must report the pre-approval at the next Audit Committee meeting. In determining whether or not to pre-approve services, the Audit Committee determines whether the service is a permissible service under the SEC's rules, and, if permissible, the potential effect of such services on the independence of Ernst & Young.

The following table sets forth the various fees for services provided to the Company by Ernst & Young in the fiscal years ended March 31, 2019 and 2018, all of which services have been approved by the Audit Committee:

| <u>Fiscal Year Ended</u> <u>March 31,</u> | <u>Audit Fees (1)</u> | <u>Audit Related Fees</u> | <u>Tax Fees</u> | <u>All Other Fees</u> | <u>Total</u> |
|--|-----------------------|---------------------------|-----------------|-----------------------|--------------|
| 2019 | \$ 1,400,907 | \$ 105,000 | \$ 112,777 | \$ 2,000 | \$ 1,620,684 |
| 2018 | 1,222,600 | 85,540 | 111,567 | \$ 2,000 | 1,421,707 |

(1) Includes fees for the annual audit and quarterly reviews, accounting and financial reporting consultations regarding generally accepted accounting principles.

AUDIT COMMITTEE REPORT

To the Board of Directors of Eagle Materials Inc.:

All of the Audit Committee members are independent as defined in the current NYSE listing standards and the applicable rules of the Securities Exchange Act of 1934, and Mr. Ellen is our “audit committee financial expert” within the meaning of the rules of the SEC. The Audit Committee charter sets forth the duties and responsibilities of the Audit Committee. The Audit Committee is primarily responsible for assisting the Board in fulfilling its responsibility to oversee following: the integrity of our financial statements, our compliance with legal and regulatory requirements, the qualifications and independence and appointment of our independent auditors and the performance of our internal audit function and independent auditors. Management has primary responsibility for the preparation of the financial statements, completeness and accuracy of financial reporting and the overall system of internal control over financial reporting.

We have reviewed and discussed with management and the independent registered public accounting firm, Ernst & Young LLP, as appropriate, (1) the audited financial statements of Eagle Materials Inc. as of and for the fiscal year ended March 31, 2019 and (2) management’s report on internal control over financial reporting and the independent registered accounting firm’s related opinions.

We have discussed with Ernst & Young LLP the required communications specified by auditing standards, together with guidelines established by the SEC and the Sarbanes-Oxley Act, including the matters required to be discussed by Public Company Accounting Oversight Board (“PCAOB”) Auditing Standard No. 1301, *Communication with Audit Committees*.

We have received and reviewed the written disclosures and the letter from Ernst & Young LLP required by the applicable requirements of the PCAOB concerning independence and have discussed with Ernst & Young LLP their independence. We have also considered whether Ernst & Young LLP’s provision of non-audit services to Eagle Materials Inc. and its affiliates is compatible with Ernst & Young LLP’s independence.

Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the financial statements referred to above be included in the Annual Report of Eagle Materials Inc. on Form 10-K for the fiscal year ended March 31, 2019. This report is furnished by the members of the Audit Committee as of May 23, 2019.

Our Bylaws provide that, to be considered at the 2020 annual meeting, a stockholder proposal must be submitted in writing and received by our Secretary at the executive offices of the Company during the period beginning on February 7, 2020 and ending May 7, 2020, and must contain the information specified by and otherwise comply with our Bylaws.
