INTRODUCTION

The accompanying proxy, mailed together with this proxy statement, is solicited by and on behalf of the board of directors of Eagle Materials Inc., which we refer to in this proxy statement as the "Company," for use at the annual meeting of stockholders of the Company and at any adjournment or postponement thereof. References in this proxy statement to "we," "us," "our" or like terms also refer to the Company. This proxy statement and accompanying proxy were first mailed to our stockholders on or about June 21, 2006.

Date, Time and Place of the Annual Meeting

The 2006 annual meeting of our stockholders will be held in the Ballroom of the Melrose Hotel, located at 3015 Oak Lawn Avenue, Dallas, Texas 75219 at 8:00 a.m., local time, on Thursday, July 27, 2006.

Purposes of the Annual Meeting and Recommendations of our Board of Directors

At the meeting, action will be taken upon the following matters:

- (1) *Election of Directors.* Holders of common stock, par value \$.01 per share, will be asked to elect three Class III directors, each to hold office for a term of three years.

Our board of directors recommends that you vote "for" the election of the three nominees for director named in this proxy statement.

- (2) *Ratification of the Appointment of Ernst & Young LLP.* We are asking you to ratify the appointment by our board of directors of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending March 31, 2007.

Our board of directors recommends that you vote "for" the ratification of Ernst & Young LLP as the Company's independent auditors for the fiscal year ended March 31, 2007.

- (3) *Other Business.* In addition, you may be asked to vote upon such other matters, if any, as properly come before the annual meeting, or any adjournment thereof.

Our board of directors does not know of any matters to be acted upon at the meeting other than the matters set forth in items (1) and (2) above.

ABOUT THE MEETING

Who Can Vote

The record date for the determination of holders of the Company's Common Stock, par value \$.01 per share (our "Common Stock"), entitled to notice of and to vote at the meeting, or any adjournment or postponement of the meeting, is the close of business on June 2, 2006. In this proxy statement, we refer to this date as the "record date." As of the record date, there were 50,406,400 shares of our Common Stock issued and outstanding and entitled to vote at the meeting.

The holders of Common Stock will be entitled to one vote per share upon the election of directors and each other matter that may properly be brought before the meeting or any adjournment thereof. There is no cumulative voting. Our stock transfer books will not be closed in connection with the meeting.

How Proxies Will be Voted

Shares represented by valid proxies will be voted at the meeting in accordance with the directions given. If the enclosed proxy card is signed and returned without any direction given, the shares will be voted "**for**" election of the nominees for director named in the proxy and the ratification of the appointment of Ernst & Young LLP as the Company's independent auditors. The board of directors does not intend to present, and has no information indicating that others will present, any business at the annual meeting other than as set forth in the attached Notice of Annual Meeting of Stockholders. However, if other matters requiring the vote of the Company's stockholders come before the meeting, it is the intention of the persons named in the accompanying form of proxy to vote the proxies held by them in accordance with their best judgment in such matters.

How to Revoke Your Proxy

You have the unconditional right to revoke your proxy at any time prior to the voting thereof by submitting a later-dated proxy, by attending the meeting and voting in person, or by written notice to us addressed to: Eagle Materials Inc., Attention: James H. Graass, Secretary, 3811 Turtle Creek Blvd., Suite 1100, Dallas, Texas 75219-4487. No such revocation shall be effective, however, unless and until received by the Company at or prior to the meeting.

Quorum and Required Vote

The presence at the meeting, in person or represented by proxy, of the holders of a majority of the voting power of the shares of capital stock of the Company entitled to vote on any matter shall constitute a quorum for purposes of such matter. Abstentions and broker non-votes will be counted as present for the purpose of establishing a quorum. Each Class III director will be elected by a plurality of votes cast at the meeting by holders of Common Stock. Abstentions and broker non-votes will not affect the outcome of the election of directors. The affirmative vote of the holders of a majority of the shares of Common Stock present in person or represented by proxy at the meeting is required to ratify the appointment by our board of directors of Ernst & Young LLP as our independent auditors for the fiscal year ending March 31, 2007. Abstentions and broker non-votes will have the same effect as votes against the ratification of our accountants.

Expenses of Soliciting Proxies

The cost of soliciting proxies for the meeting will be borne by the Company. Solicitations may be made on behalf of our board of directors by mail, personal interview, telephone or other electronic means by officers and other employees of the Company, who will receive no additional compensation therefor. To aid in the solicitation of proxies, we have retained the firm of Georgeson Shareholder Communications, Inc., which will receive a fee of approximately \$8,500.00, in addition to the reimbursement of out-of-pocket expenses. We will request banks, brokers, custodians, nominees, fiduciaries and other record holders to forward copies of this proxy statement to persons on whose behalf they hold shares of Common Stock and to request authority for the exercise of proxies by the record holders on behalf of those persons. In compliance with the regulations of the Securities and Exchange Commission ("SEC"), and the New York Stock Exchange ("NYSE"), we will reimburse such persons for reasonable expenses incurred by them in forwarding proxy materials to the beneficial owners of our Common Stock.

How You Can Vote

You can vote your shares at the meeting or by telephone, over the Internet or by completing, signing, dating and returning your proxy in the enclosed envelope.

OUR CAPITAL STOCK

Our outstanding capital stock consists solely of Common Stock. From January 30, 2004 until April 11, 2006, we had two classes of common stock — common stock, par value \$.01 per share, which we refer to as our “Original Common Stock,” and Class B common stock, par value \$.01 per share, which we refer to as our “Class B Common Stock.” Our Original Common Stock and our Class B Common Stock were identical except for the right of holders of Class B Common Stock to elect at least 85% of the members of our board of directors. The two classes of common stock were created in connection with the spin-off (the “Spin-Off”) of the Company from its former parent, Centex Corporation (“Centex”), which was completed on January 30, 2004. For additional information regarding the Spin-off and related transactions, we refer you to the proxy statement that we filed with the SEC on December 1, 2003 in connection with the special meeting of our stockholders held to approve the reclassification of our capital stock in connection with the Spin-Off and certain other matters.

On February 24, 2006, the Company completed a three-for-one stock split in the form of a 200% stock dividend on all outstanding shares of our Original Common Stock and Class B Common Stock (the “Stock Split”). All figures in this proxy statement involving number of shares, restricted stock units and stock options granted before the Stock Split have been adjusted to reflect the Stock Split.

On April 11, 2006, we completed a transaction to eliminate our dual class common stock structure. On that day, at a special stockholders meeting, our stockholders approved an amendment to our restated certificate of incorporation to exchange our Original Common Stock and our Class B Common Stock into our new Common Stock. As a result of this transaction, all holders of our single class of Common Stock now have identical rights in all matters properly brought before the stockholders for a vote, including the election of directors.

Our Common Stock is listed on the NYSE under the symbol “EXP.”

ELECTION OF DIRECTORS AND RELATED MATTERS

General

Our board of directors is the ultimate decision-making body of the Company except with respect to those matters reserved to our stockholders. The primary responsibilities of our board include:

- the selection, compensation and evaluation of our Chief Executive Officer and oversight over succession planning;
- oversight of our strategic planning;
- approval of all our material transactions and financings;
- providing assurance that processes are in place to promote compliance with law and high standards of business ethics;
- advising management on major issues that may arise; and
- evaluating the performance of the board and its committees, and making appropriate changes where necessary.

Members of our board of directors are divided into three classes based on their term of office (Class I, II and III). The directors in each such class hold office for staggered terms of three years each. At present, we have three Class I directors, two Class II directors and three Class III directors.

Table of Contents

The following table shows the composition of our Board after the annual meeting, assuming the election of the proposed slate of director nominees:

<u>CLASS</u>	<u>DIRECTORS</u>
Class I: Term expires at the 2007 annual meeting and every three years thereafter	Robert L. Clarke Frank W. Maresh Steven R. Rowley
Class II: Term expires at the 2008 annual meeting and every three years thereafter	Laurence E. Hirsch Michael R. Nicolais
Class III: Term expires at the 2009 annual meeting and every three years thereafter	F. William Barnett O.G. Dagnan David W. Quinn

NYSE corporate governance rules require that our board of directors be comprised of a majority of independent directors. Our board of directors has determined, upon the recommendation of the corporate governance and nominating committee, which we sometimes refer to as the “nominating committee,” that all members of our board of directors, other than Messrs. Hirsch, Rowley and Quinn, are “independent” within the meaning of the independence requirements of the Securities Exchange Act of 1934 (as amended, the “Exchange Act”) and the corporate governance rules of the NYSE.

In determining that five of our directors are “independent,” our board of directors considered the following facts:

- Messrs. F. William Barnett, Robert L. Clarke and Frank W. Maresh have no relationship with the Company or its management that potentially affects their independence.
- Mr. O.G. Dagnan is a former Chief Executive Officer of the Company who retired as an officer and employee of the Company in July 1999, and has had no relationship with the Company since that time (other than his relationship as a director). Mr. Dagnan was granted certain stock options by the Company during the time he served as an executive officer, the last of which were exercised in 2002. Because of the length of time since his retirement from the Company, and in light of the absence of any compensatory or other arrangements between the Company and Mr. Dagnan since the date of his retirement (other than compensation for his services as a director and for exercised stock options, as described above), our board of directors has determined that Mr. Dagnan has no material relationship with the Company.
- Mr. Michael R. Nicolais entered into an employment relationship with a company owned by another member of our board of directors, Laurence E. Hirsch, in 2004. In particular, in April 2004, Mr. Nicolais accepted employment as president of Highlander Partners L.P. (“Highlander”), a newly formed private investment partnership of which Mr. Laurence E. Hirsch, a director of the Company, is the sole equity owner. In view of, among other things: (i) the fact that Mr. Nicolais has never served as an officer or employee of the Company or any of its parents or subsidiaries; (ii) the fact that the employment relationship between Mr. Nicolais and Highlander commenced after the completion of the Spin-Off and after the date Mr. Hirsch retired as an executive officer and director of Centex, which is the former parent of the Company; (iii) the fact that the investment services to be provided by Mr. Nicolais to Highlander are largely unrelated to the Company (except to the extent that such services may in the future involve investment services relating to shares of our Common Stock held by Mr. Hirsch); and (iv) the board’s belief that Mr. Nicolais is able to act independently from the Company and its management in connection with matters submitted to and considered by our board of directors, our board determined in its business judgment that Mr. Nicolais has no material relationship with the Company.

Nominees

Each of the nominees listed below is currently a member of our board of directors. Each of these nominees has been nominated by our corporate governance and nominating committee after considering the criteria described below under the heading “Corporate Governance and Nominating Committee.” We have no reason to believe that any of the listed nominees will become unavailable for election, but if for any reason that should be the case, proxies may be voted for substitute nominees. A plurality of votes cast by the holders of our Common Stock will be required to elect the nominees for director.

Recommendation of the Board

Our board of directors recommends that holders of Common Stock vote “for” the election of the nominees listed below to serve as Class III directors for a three-year term ending at our 2009 annual meeting of stockholders:

F. William Barnett
O.G. Dagnan
David W. Quinn

Board Meetings and Attendance Records

During the Company's fiscal year ended March 31, 2006, our board of directors held four regularly scheduled meetings and six special meetings. During such fiscal year one director missed two special meetings. In accordance with our policy, we anticipate that all continuing directors and nominees will attend our 2006 annual meeting. All such persons attended our 2005 annual meeting. We strongly encourage all board members to attend our stockholder meetings. Our non-employee directors (which currently constitute all our directors, except for Mr. Rowley) meet immediately after all board meetings without management present. Mr. Hirsch presides at all executive sessions of the non-employee directors.

Board Compensation

Board members who are not employees of the Company or any of its subsidiaries receive compensation for their services valued at \$135,000 per year, of which 50% must be received in the form of an equity grant (stock options and restricted stock units ("RSUs")). The equity grant is comprised of 50% stock options to purchase Common Stock and 50% RSUs. Each non-employee director may elect to receive the remaining compensation (\$62,500) in cash or in additional equity (stock options and RSUs), provided that each non-employee director who elects to receive the remaining portion in additional equity will receive an additional \$15,000 of equity awards. The exercise price of the options is equal to the average of the high and low price of the Common Stock on the New York Stock Exchange on the date of grant. The number of shares covered by the options is determined by valuing the options on the date of grant using the Black-Scholes method. The options are fully exercisable beginning on the date of grant and have a seven-year term. The number of RSUs is determined by reference to the closing price for the Common Stock on the date of award.

The RSUs vest in full on the date of grant, but are not payable until the non-employee director's service on the board terminates because of the director's death or the director's retirement at age 70 (or older) or earlier with the consent of the Compensation Committee. In addition, the shares of stock represented by the RSUs become payable upon a change in control. If the director's service on the board terminates by reason other than retirement or death, the shares will be forfeited.

The corporate governance and nominating committee chair receives \$10,000 per year for chairing the corporate governance and nominating committee. The audit committee and compensation committee chairmen each receive \$15,000 per year for chairing a board committee. In addition, the Chairman of the Board receives \$50,000 per year for his service as Chairman of the Board. Each chairman may elect to receive such fees in the form of equity. All board members are reimbursed for reasonable expenses of attending meetings. Directors who are employees of the Company or its subsidiaries receive no compensation for board service.

Nominating Committee*

F. William Barnett
O.G. Dagnan
Michael R. Nicolais⁽¹⁾

(1) Chairman of the committee.

Audit Committee

Our board has a separately-designated standing audit committee, composed of three independent directors. The audit committee assists the board in fulfilling its responsibility to oversee the integrity of our financial statements, our compliance with legal and regulatory requirements, the qualifications and independence of our independent auditors and the performance of our internal audit function and independent auditors. The audit committee is governed by an amended and restated audit committee charter, a copy of which may be viewed on our website at www.eaglematerials.com and will be provided free of charge upon written request to our Secretary at our principal executive office.

Table of Contents

Our board has determined that each member of the committee is independent within the meaning of applicable (i) corporate governance rules of the NYSE and (ii) the requirements set forth in the Exchange Act and the applicable SEC rules. In addition, our board has determined that each member of the committee satisfies applicable NYSE standards for financial literacy and that, based on his auditing and financial experience, including over thirty (30) years with KPMG, Mr. Maresh is an “audit committee financial expert” within the meaning of the rules of the SEC.

During the last fiscal year, the audit committee held seven meetings, which were attended by all committee members. Unless otherwise determined by the board, no member of the committee may serve as a member of the audit committee of more than two other public companies.

The following are key functions and responsibilities of our audit committee:

- to select, appoint, compensate, evaluate, retain and oversee the independent auditors engaged for purposes of preparing or issuing an audit report or related work or performing other audit, review, or attest services for us;
- to obtain and review, on a periodic basis, a formal written statement from our independent auditors describing all relationships between our auditors and the Company and engage in a dialogue with our auditors with respect to any disclosed relationships or services that may impact the objectivity and independence of the auditors and to recommend appropriate action in response to the reports to our board;
- to pre-approve all audit engagement fees and terms and all permissible non-audit services provided to us by our independent auditors, in accordance with the committee’s policies and procedures for pre-approving audit and non-audit services;
- to establish procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters;
- to discuss our annual audited financial statements, quarterly financial statements and other significant financial disclosures with management and our independent auditors;
- to discuss with management the types of information to be disclosed and the types of presentations to be made in our earnings press releases, as well as the financial information and earnings guidance we provide to analysts and rating agencies;
- to annually review and assess its performance and the adequacy of its charter;
- to discuss policies with respect to risk assessment and risk management; and
- to prepare the report that is required to be included in our annual proxy statement regarding review of financial statements and auditor independence.

The audit committee’s report on our financial statements for the fiscal year ended March 31, 2006 is presented below under the heading “Audit Committee Report.”

The audit committee meets separately with our independent auditors and with members of our internal audit staff outside the presence of the Company’s management or other employees to discuss matters of concern, to receive recommendations or suggestions for change and to exchange relevant views and information.

Compensation Committee

Our board’s compensation committee is composed of independent directors who meet the corporate governance standards of the NYSE, qualify as “non-employee directors” within the meaning of Rule 16b-3(b)(3) of the Exchange Act and as “outside directors” within the meaning of the Internal Revenue Code of 1986, as amended. Pursuant to its charter, which you may review on our web site at www.eaglematerials.com (and a copy of which will be provided to you free of charge upon written request to our Secretary at our principal executive office), the primary purposes of the committee are to assist the board in discharging its responsibilities relating to compensation of the Company’s Chief Executive Officer and other senior executives and to direct the preparation of the reports regarding executive compensation that the rules of the SEC require to be included in our annual proxy statement.

The following are key functions and responsibilities of the compensation committee:

- to periodically review and make recommendations to our board as to our general compensation philosophy and structure, including reviewing the compensation programs for senior executives and all benefit plans

Table of Contents

sponsored by the Company to determine whether they are properly coordinated and achieving their intended purposes;

- to annually review and approve corporate goals and objectives relevant to the compensation of our Chief Executive Officer, evaluate his or her performance as measured against such goals and objectives and to set the salary and other cash and equity compensation for our the Chief Executive Officer based on such evaluation;
- to review and, after the end of the fiscal year and in consultation with our Chief Executive Officer, approve the compensation of our senior executives;

Corporate Governance and Nominating Committee

Our board's corporate governance and nominating committee is composed of independent directors who meet the corporate governance standards of the NYSE. The primary purposes of this committee are: (i) to advise and counsel our board and management regarding our governance including our board's selection of directors; (ii) to develop and recommend to the board a set of corporate governance principles for the Company; and (iii) to oversee the evaluation of our board and management. Our corporate governance and nominating committee has adopted a written charter, which you may review on our web site at www.eaglematerials.com and will be provided free of charge upon written request to our Secretary at our principal executive office. Our board of directors has also adopted corporate governance guidelines, a copy of which may be viewed on our website at www.eaglematerials.com and which will be provided free of charge upon written request to our Secretary at our principal executive office.

The following are certain key functions and responsibilities of our corporate governance and nominating committee:

- to develop, periodically review and recommend a set of corporate governance principles for the Company to the board;
- to periodically review corporate governance matters generally and recommend action to the board where appropriate;
- to review and assess the adequacy of its charter annually and recommend any proposed changes to our board for approval;
- to monitor the quality and sufficiency of information furnished by management to our board;
- to actively seek, recruit, screen, and interview individuals qualified to become members of the board, and consider management's recommendations for director candidates;
- to evaluate the qualifications and performance of incumbent directors and determine whether to recommend them for re-election to the board;
- to establish and periodically re-evaluate criteria for board membership;
- to recommend to the board the director nominees for each annual stockholders' meeting; and
- to recommend to the board nominees for each committee of the board.

The committee initiates and oversees an annual evaluation of the effectiveness of the board and each committee, as well as the composition, organization (including committee structure, membership and leadership) and practices of the board. Among the criteria the corporate governance and nominating committee uses in evaluating the suitability of individual nominees for director (whether such nominations are made by management, a stockholder or otherwise) are their integrity, experience, achievements, judgment, intelligence, personal character, ability to make independent analytical

inquiries, willingness to devote adequate time to board duties and the likelihood that he or she will be able to serve on the board for a sustained period. In connection with the selection of nominees for director, due consideration will be given to our board's overall balance of perspectives, backgrounds and experiences. During the fiscal year ended March 31, 2006, the committee engaged a director search firm to assist in identifying and evaluating potential nominees.

Members of the corporate governance and nominating committee, other members of the board or executive officers may, from time to time, identify potential candidates for nomination to our board. All proposed nominees, including candidates recommended for nomination by stockholders in accordance with the procedures described below, will be evaluated in light of the criteria described above and the projected needs of the board at the time. As set forth in the committee's charter, the committee may retain a search firm to assist in identifying potential candidates for nomination to the board of directors.

The committee will consider candidates recommended by stockholders for election to our board. A stockholder who wishes to recommend a candidate for evaluation by the committee should forward the candidate's name, business or residence address, principal occupation or employment and a description of the candidate's qualifications to the Chairman of the corporate governance and nominating committee at the following address: Eagle Materials Inc., Attention: Secretary, 3811 Turtle Creek Boulevard, Suite 1100, Dallas, Texas 75219-4487.

Our Bylaws provide that, to be considered at the 2007 annual meeting, stockholder nominations for the board of directors must be submitted in writing and received by our Secretary at the executive offices of the Company during the period beginning on January 26, 2007 and ending April 27, 2007, and must contain the information specified by and otherwise comply with the terms of our Bylaws. Any stockholder wishing to receive a copy of our Bylaws should direct a written request to our Secretary at the Company's principal executive offices.

No nominees for election to the board of directors at our 2006 annual meeting of stockholders were submitted by stockholders or groups of stockholders owning more than 5% of our Common Stock.

During the fiscal year ended March 31, 2006, the corporate governance and nominating committee held five meetings; one committee member missed one meeting.

- (1) Cash bonuses for services rendered in fiscal years 2006, 2005 and 2004 have been listed in the year earned but were paid in the following fiscal year.
- (2) These amounts represent automobile allowance payments.
- (3) The values shown in this column relate to the restricted stock units relating to Common Stock awarded to the named executive officers under our Incentive Plan. The values shown were calculated by multiplying the number of restricted stock units awarded by the closing price of our Common Stock on the NYSE on the date of the award. The total number of restricted stock units awarded to the named executive officers during fiscal 2006 was as follows: Mr. Rowley — 18,699; Mr. Powers — 5,952; Mr. Zunker — 4,254; Mr. Essl — 5,952; and Mr. Graass — 4,254. The vesting of these RSUs was subject to the satisfaction of certain performance goals during fiscal 2006. On April 21, 2006 the Compensation Committee determined that based on the Company's performance during fiscal 2006, 77.644% of the RSUs granted in fiscal 2006 vested. As a result, a third of the vested shares were paid immediately with one third payable on March 31, 2007 and the remaining third payable on March 31, 2008. 22.356% of the shares were forfeited. (For the vestings of RSUs granted for fiscal 2005, please refer to the Company's proxy statement for its 2005 annual meeting of stockholders, filed with the SEC on June 27, 2005.) Under the terms of the RSU agreements, grantees are paid "dividend equivalents" with respect to their vested but unpaid RSUs. These dividend equivalents are paid in the form of additional vested RSUs in an amount equal to the dividends that would have been paid on the shares covered thereby, divided by the per share stock price on the dividend payment date. Any unvested or vested and unpaid RSUs become payable upon a change in control.

- (4) Options shown in this table represent stock options granted under our Incentive Plan or predecessor plans. The Company did not grant any stock appreciation rights (“SARs”) to any of its executive officers during any of the periods covered by this table. Any unvested or unexercisable options become exercisable upon a change in control. All stock option grants made prior to the Stock Split have been adjusted to reflect the Stock Split, as required by our Incentive Plan.
- (5) The amounts shown in this column represent Company contributions to, and forfeitures allocated to, the account of the recipient under our profit sharing plan. All such amounts are fully vested except for the amount shown for Mr. Powers who is 40% vested as of March 31, 2006.
- (6) The amounts shown in this column represent Company contributions to the account of the recipient pursuant to our amended and restated supplemental executive retirement plan (the “SERP”), an unfunded non-qualified plan for certain executives of the Company. All such amounts are fully vested in such individuals except for the amount shown for Mr. Powers who is 40% vested as of March 31, 2006.
- (7) Each of the named executives is a participant in our Salary Continuation Plan (the “SCP”). Under the SCP, in the event of the death of a participating employee, such employee’s beneficiary will receive one full year of base salary in the first year following death and 50% of base salary each year thereafter until the date such employee would have been 65 years of age, subject to a maximum amount. These amounts in the Summary Compensation Table represent the premium costs to the Company of life insurance policies obtained by the Company in connection with the SCP.
- (8) Mr. Rowley was elected as Chief Operating Officer of the Company in October 2002 and was elected as President and Chief Executive Officer in September 2003.
- (9) Mr. Powers and Mr. Graass became executive officers in fiscal 2005.

The following table describes stock options granted to the named executive officers for fiscal year 2006.

- (1) Amounts set forth in the table reflect the number and value of shares and options only. The Company has issued no SARs. The number of options granted and the exercise price of such options have been adjusted to reflect the Stock Split that occurred on February 24, 2006, as required by our Incentive Plan.
- (2) These options were granted under our Incentive Plan and represent options to purchase shares of our Common Stock. The vesting of the options is subject to the Company’s achievement of certain performance conditions. Forty-five percent (45%) of such grants vest based on the Company’s three year average earnings before interest and taxes (“EBIT”), which is calculated at the end of each of fiscal 2006, 2007 and 2008. The vesting of forty-five percent (45%) of the options vest based on certain operational metrics set by our compensation committee. The vesting of the remaining ten percent (10%) is based upon the achievement of a net debt-to-capitalization ratio within a certain range. At the end of fiscal 2006, 77.644% of these stock options vested based on achievement of certain of the performance criteria referenced above. One-third of such vested options became exercisable immediately, one-third at March 31, 2007 and one-third at March 31, 2008. The remaining unvested stock

options were forfeited. Under the terms of the option agreements all unvested shares and vested but unexercisable shares become immediately exercisable upon a change in control, as defined in the stock option agreement.

- (3) Under our Incentive Plan, the exercise price is set at the average of the high and low price for shares of Common Stock as reported on the NYSE for the date of grant.

Report of Compensation Committee on Executive Compensation

Under its charter, the compensation committee (the “Committee”) assists the board in discharging its responsibilities relating to the compensation of our Chief Executive Officer (“CEO”) and the other senior executive officers who are required to make disclosures under Section 16 of the Securities Exchange Act of 1934, as amended (such other officers, our “Senior Executive Officers”). In particular, the Committee is charged with the responsibility to: (i) annually review and approve corporate goals and objectives relevant to the compensation of our CEO, evaluate his performance as measured against such goals and objectives and to set the salary and other cash and equity compensation for our CEO based on such evaluation; and (ii) review and approve the compensation of our Senior Executive Officers. See “Board Committees — Compensation Committee” above. The Committee also administers our Incentive Plan and is authorized under that plan to grant cash awards (including annual bonuses) and equity awards (including options and restricted stock) to officers and other key employees and those of our subsidiaries. The Committee is also authorized under the Incentive Plan to grant equity awards (including options and restricted stock) to our non-employee directors. The Committee is comprised of three independent directors. The Committee’s charter may be found at www.eaglematerials.com. This report describes the policies and principles that shape the structure of our executive compensation program.

Our executive compensation program is structured to achieve the following objectives:

- to attract, retain and motivate highly qualified, energetic and talented executives;
- to create an incentive to increase stockholder returns by establishing a direct and substantial link between individual compensation and certain financial and operational measures that have a direct effect on stockholder values; and
- to create substantial long-term compensation opportunities for individual executive officers based on long-term corporate performance.

Table of Contents

To achieve its compensation objectives for fiscal 2006, the executive compensation program used a combination of short-term and long-term elements: (i) annual salary, (ii) annual incentive bonus and (iii) long-term incentive compensation in the form of stock options and restricted stock units (“RSUs”). In addition, our Senior Executive Officers are eligible to receive other benefits, such as medical benefits and profit sharing plan contributions, that are generally available to our other employees, and contributions under our Supplemental Executive Retirement Plan (“SERP”) that are accrued for the Senior Executive Officers and certain other officers of the Company and its subsidiaries.

In structuring the specific components of executive compensation, the Committee was guided by the following principles:

- overall annual compensation over the applicable business cycle should be targeted to be above the median for similar positions with similarly-sized companies that engage in one or more of the businesses in which we engage, although in any particular fiscal year overall compensation for a position could be more or less than the median;
- a significant portion of the executive’s compensation should be “at risk” — that is, dependent upon the individual’s performance and our financial performance;
- The executive’s annual incentive bonus should be structured to drive the achievement of operational, strategic or financial objectives during the fiscal year; and
- a significant portion of compensation should be in the form of long-term incentive compensation that creates rewards for long-term sustained corporate performance and the achievement of our operational and strategic objectives.

The Committee begins the annual process of establishing compensation for the CEO and the Senior Executive Officers by engaging a compensation consultant to conduct a compensation survey of similarly sized companies in similar industries. Based in part on these surveys, the Committee establishes the target level of overall compensation for each position. This target is generally set to be within a reasonable range of the median level of the surveyed companies. In addition, the Committee uses this survey to guide it in establishing the components of executive compensation: salaries, annual incentive bonus opportunity and long term compensation award.

Base Salary

At the time the base salaries for fiscal 2006 for the CEO and other Senior Executive Officers were established, the Committee was responsible for reviewing and approving the base salary level for the CEO and recommending to the board the base salary level for the Senior Executive Officers (during fiscal 2006 the Committee’s charter was amended to provide that the Committee was responsible for reviewing and approving the compensation of both the CEO and the Senior Executive Officers). In keeping with its philosophy that a significant portion of the executives’ compensation be at risk, for fiscal 2006 the Committee set the base salary level for the CEO and recommended that the Board approve the base salary levels for the Senior Executive Officers at or below the median salary of the companies reviewed in the compensation survey.

Annual Incentive Bonus

The Committee is also responsible for approving the annual incentive bonus for the CEO and, in consultation with the CEO, approving the annual incentive bonuses for the Senior Executive Officers. The Eagle Materials Inc. Annual Salaried Incentive Compensation Program for fiscal 2006 was structured to create financial incentives and rewards for executive officers that are directly related to corporate performance during the fiscal year and the achievement by the executive of certain goals and objectives set at the beginning of the fiscal year. Under this program, a percentage of consolidated earnings before interest and taxes (“EBIT”) is designated as a pool for bonuses, with each participating executive being assigned a percentage of such pool. For fiscal 2006, 1.2% of EBIT was allocated for annual incentive bonuses for executives. At the end of the fiscal year, the pool is divided, and bonuses are paid among the executives participating in the program in accordance with such percentages, subject to reduction based on the executive’s individual performance relative to his/her goals and objectives. The amount of the bonus paid to an executive is based on the level of our EBIT, the percentage of the pool designated for such executive and an assessment of such executive’s performance. For fiscal 2006, Messrs. Rowley, Zunker and Graass were participants in the Eagle Materials Inc. Annual Salaried Incentive Compensation Program.

Table of Contents

During fiscal 2006, Mr. Essl and Mr. Powers participated in the annual incentive compensation program established for their operating divisions. Under these programs a percentage of the division operating earnings is allocated to the bonus pool with each participating employee assigned a percentage of the pool representing the maximum bonus opportunity. At the end of the fiscal year, bonuses are paid among participating employees in accordance with such percentage, subject to reduction based on the employee's individual performance relative to his or her previously established goals and objectives.

The Committee believes these programs are consistent with the Company's compensation philosophy in that they place a significant portion of the executive's compensation "at risk." In these instances a significant portion of the executive's total compensation is dependent upon the performance of the Company (or its operating divisions) and the individual's performance. Under this structure, the individual executive's annual incentive bonus compensation will exceed a median level when the operating earnings of the Company (or its operating divisions) are high and the individual achieves a significant part of his or her goals and objectives.

Long-term Compensation

Consistent with the Committee's philosophy of linking compensation to the Company's performance, our equity compensation program has been structured to link the vesting of equity awards to the achievement by the Company of specific performance levels. During fiscal 2006, the Committee granted stock options and RSUs to the CEO and to all of the Senior Executive Officers. The level of stock options and RSUs granted to each such senior executive was based on the compensation survey mentioned above and was targeted to be within a reasonable range of the median level of long-term compensation for such position. Fifty percent (50%) of the value of such awards was in the form of RSUs with the other fifty percent (50%) in the form of stock options. The assumed value of the stock options was based on a Black-Scholes valuation while the RSUs were valued by reference to the closing stock price on the date of grant. The Committee makes its grants to the named executive officers once a year, typically at the Committee meeting that occurs in the early part of the fiscal year which is customarily held in May.

For fiscal 2006, the Committee decided to make awards of RSUs and stock options vest based on three different operating and financial performance criteria. The RSUs and stock options awarded to each of the Senior Executive Officers vest based on the attainment of goals related to EBIT (45% of the award), operational criteria (such as average line speeds in our wallboard plants, average clinker production rate in our cement plants, and safety performance) (45% of the award), and balance sheet improvement (maintaining a target net debt-to-capitalization ratio) (10% of the award). The awards tied to EBIT could vest during a three-year period after the grant, and the awards tied to operational excellence and balance sheet improvement could vest during a one-year period after the grant. Any RSU and stock option awards not vested after the three-year or one-year period, as applicable, will be forfeited. These differing vesting criteria provide a strong incentive to award recipients to focus on promoting both operational excellence and financial performance. The Committee believes that these awards properly align the interests of our executives with the interests of our stockholders by linking their long-term compensation with goals that are directly relevant to stockholder value. In order for these stock options and RSUs to fully vest, the Company must achieve a superior three-year average EBIT and must meet stringent operational performance goals and improve the Company's balance sheet during fiscal 2006. Except for certain options granted to certain employees at the time of hire, almost all of the options and all of the RSUs granted by the Company to its officers and key employees have been granted under performance oriented programs. For a discussion of the vesting of the RSU awards and stock option grants made in fiscal year 2006, please refer to footnote 3 under "Executive Compensation — Compensation Tables — Summary Compensation Table" on page 12 of this proxy statement and to footnote 2 under "Executive Compensation — Compensation Tables — Option/SAR Grants in Last Fiscal Year" on pages 13 and 14 of this proxy statement.

All of the named executives participated in the Company's long-term incentive compensation program.

SERP

In fiscal year 1995, the board approved the SERP for certain employees participating in the profit sharing plan. Pursuant to the Internal Revenue Code, the Internal Revenue Service sets a limit (currently \$220,000) on the amount of annual compensation that may be considered in determining, for the account of an eligible participant, our contribution to the profit sharing plan. The SERP was established to eliminate the adverse treatment that higher-salaried employees receive under such rule by funding balances for each participant in an amount equal to the additional contribution that he or she would have received under the profit sharing plan had 100% of his or her annual salary been eligible for a profit sharing contribution. Contributions accrued under the SERP for the benefit of the named executive officers vest under the same

Table of Contents

terms and conditions as the profit sharing plan. Bonuses paid to participants are not included in making calculations for contributions made or accrued to recipients' accounts under either the profit sharing plan or the SERP.

Limitations on Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction for public corporations for compensation over \$1,000,000 paid in any fiscal year to the corporation's chief executive officer and four other most highly compensated executive officers. However, this law exempts performance-based compensation from the deduction limit if certain requirements are met.

Awards of annual incentive compensation pursuant to the Eagle Materials Inc. Annual Salaried Incentive Compensation Program and long-term incentive compensation are made to the CEO and certain Senior Executive Officers under Eagle's Incentive Plan, a compensation plan that has been approved by the Committee and by our stockholders and otherwise meets the other performance-based criteria under Section 162(m). Accordingly, such awards are exempt from the limit described above. All other compensation paid to the CEO and the other Senior Executive Officers was below the limit described above. The Committee will take appropriate action in the future as it determines to be advisable to minimize any future impacts of this limitation on the Company.

CEO Compensation

General. The Committee established Mr. Rowley's salary for fiscal 2006 in May of 2005. The level of Mr. Rowley's base salary was based on a compensation survey of similarly sized companies in similar industries and was targeted to be at or below the median of the base salaries of chief executive officers of comparably sized companies in similar industries. In addition, the Committee considered the Company's operating performance and Mr. Rowley's individual performance as Chief Executive Officer during fiscal 2005.

Annual Salaried Incentive Compensation Program. Like the other executives, Mr. Rowley participates in the Eagle Materials Inc. Annual Salaried Incentive Compensation Program. Mr. Rowley's annual salary incentive bonus payment for fiscal 2006 was based on Mr. Rowley's participation percentage in the corporate pool (40%), the level of our EBIT for fiscal 2006 and Mr. Rowley's performance relative to the objective and subjective goals approved by the Committee at the beginning of the fiscal year. The Committee believes Mr. Rowley largely achieved these goals and objectives. In particular, the Committee considered the following factors (among others) in assessing Mr. Rowley's performance over the past fiscal year: (i) Mr. Rowley's leadership in guiding the Company to excellent operational and financial performance; (ii) the continuation of the implementation of the Company's strategic expansion strategy as evidenced by: (a) the completion of a cement storage dome at the Company's Illinois Cement plant, (b) the successful on-time, ahead-of-budget construction of a majority of the expansion of production capacity at the Company's Illinois Cement plant, (c) the commencement of construction of a new synthetic gypsum wallboard plant in South Carolina, and (d) the development of the major capital projects relating to the expansion and modernization of the Company's Mountain Cement and Nevada Cement plants; (iii) the successful communication of the Company's long-term goals and opportunities to the Company's stockholders and the investment community, and (iv) the continued development of a solid team and organizational structure at the Company.

Long-Term Compensation. In fiscal 2006, Mr. Rowley received the same type of equity awards as the Senior Executive Officers and other officers. The level of awards for Mr. Rowley was based in part on the compensation survey described above and was targeted to be within a reasonable range of the median level of long term compensation for CEOs at similarly sized companies in similar industries. The method of the valuation of the awards was the same as that used for Senior Executive Officers and other officers.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who beneficially own more than 10% of a registered class of the Company's equity securities, to file initial reports of ownership, reports of changes in ownership and annual reports of ownership with the SEC and the NYSE. These persons are required by SEC regulations to furnish the Company with copies of all Section 16 forms that they file with the SEC.

Based solely on our review of the copies of such forms we received with respect to fiscal 2006 or written representations from certain reporting persons, the Company believes that its directors and executive officers, and persons who beneficially own more than 10% of a registered class of the Company's equity securities, have complied with all filing requirements of Section 16(a) for fiscal 2006 applicable to such persons.

Code of Conduct

The Company has adopted a code of conduct, called "Eagle Ethics," that applies to all of the Company's employees, including the Company's officers. Eagle Ethics also applies to the board of directors. The Company's code of conduct is designed to deter wrongdoing and to promote:

- honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- compliance with applicable governmental laws, rules and regulations;
- the prompt internal reporting of violations of the code of conduct to an appropriate person or persons identified in the code of conduct; and
- accountability for adherence to the code of conduct.

All of the Company's employees and directors are required to certify to the Company, on an annual basis, that they have complied with the Company's code of conduct without exception or, if they have not so complied, to list the exceptions.

The Company has posted the text of its code of conduct on its Internet website at www.eaglematerials.com (click on "Investor Relations", then on "Corporate Governance", then on "Code of Ethics" and then on "Eagle Ethics"). Additionally, the Company will provide without charge a copy of the code of conduct to any person upon written request to our Secretary at our principal executive office.

CERTAIN TRANSACTIONS

In connection with the Spin-off, the Company entered into an administrative services agreement with Centex. Under the terms of this agreement, Centex Service Company ("CSC"), a subsidiary of Centex, provided the Company with employee benefits administration, legal, public/investor relations and certain other services. The terms of this agreement ended on December 31, 2005. For fiscal year 2006, the payment by the Company to CSC for services rendered under this agreement was \$269,110. Laurence E. Hirsch and Timothy R. Eller, who are present or former directors of the Company, were directors and executive officers of CSC at the time the administrative services agreement was entered into with Centex.

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

Ernst & Young LLP ("Ernst & Young") audited the Company's financial statements for the fiscal years ended March 31, 2004, 2005 and 2006.

Ernst & Young reports directly to our audit committee. The audit committee has adopted policies and procedures for pre-approving all audit and permissible non-audit services performed by Ernst & Young. Under these policies, the audit committee pre-approves the use of audit and specific permissible audit-related and non-audit services up to certain dollar limits. Other audit and permissible non-audit services that exceed a \$50,000 threshold must be pre-approved separately by the audit committee, or, for such services that do not exceed \$50,000, by a member of the audit committee. Any such member must report the pre-approval at the next audit committee meeting. In determining whether or not to pre-approve services, the audit committee determines whether the service is a permissible service under the SEC's rules, and, if permissible, the potential effect of such services on the independence of Ernst & Young.

The following table sets forth the various fees for services provided to the Company by Ernst & Young in the fiscal years ended March 31, 2006 and 2005, all of which services have been approved by the audit committee:

<u>Fiscal Year</u>	<u>Audit Fees (1)</u>	<u>Audit Related Fees</u>	<u>Tax Fees</u>	<u>All Other Fees</u>	<u>Total</u>

2005	\$755,265	\$ 95,000 ⁽³⁾	—	—	\$850,265

- (1) Includes fees for the annual audit and quarterly reviews, accounting and financial reporting consultations regarding generally accepted accounting principles.
- (2) Includes fees for benefit plan audits and consent for proxy statement for special stockholders meeting.
- (3) Includes fees for benefit plan audits.

AUDIT COMMITTEE REPORT

To the Board of Directors of Eagle Materials Inc.:

We have reviewed and discussed with management Eagle Materials Inc.'s audited financial statements as of and for the fiscal year ended March 31, 2006.

We have discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended by Statement on Auditing Standards No. 90, Audit Committee Communications, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

We have received and reviewed the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as amended by the Independence Standards Board, and have discussed with the auditors the auditors' independence. We have also considered whether the auditors' provision of non-audit services to Eagle Materials Inc. and its affiliates is compatible with the auditors' independence.

Based on the reviews and discussions referred to above, we recommend to the Board of Directors that the financial statements referred to above be included in Eagle Materials Inc.'s Annual Report on Form 10-K for the year ended March 31, 2006.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Ernst & Young acted as our independent auditors to audit our books and records for fiscal year 2006, and the audit committee has appointed Ernst & Young as our independent auditors for fiscal year 2007, subject to ratification by our stockholders.

We believe ratification of this appointment is good corporate practice because the audit of our books and records is a matter of importance to our stockholders. If our stockholders do not ratify the appointment, our audit committee will reconsider whether or not to retain Ernst & Young, but still may elect to retain them. Even if the appointment is ratified, the audit committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in our best interests and the best interests of our stockholders.

Representatives of Ernst & Young are expected to be present for the annual meeting, with the opportunity to make a statement if they choose to do so, and will be available to respond to appropriate questions from our stockholders.

Recommendation of the Board

Our board unanimously recommends a vote "for" the ratification of the appointment by our board of directors of Ernst & Young as the Company's auditors for fiscal year ended March 31, 2007.

OTHER MATTERS WHICH MAY BE PRESENTED FOR ACTION AT THE MEETING

Our board of directors does not intend to present for action at this annual meeting any matter other than those specifically set forth in the Notice of Annual Meeting of Stockholders. DEADLINE FOR RECEIPT OF STOCKHOLDER PROPOSALS

Next year's annual meeting of stockholders is scheduled to be held on July 26, 2007. In order to be considered for inclusion in the Company's proxy material for that meeting, stockholder proposals must be received at our executive offices, addressed to the attention of the Secretary, not later than February 20, 2007.

For any proposal that is not submitted for inclusion in our proxy material for the 2007 annual meeting of stockholders but is instead sought to be presented directly at that meeting, Rule 14a-4(c) under the Securities Exchange Act of 1934 permits the Company's management to exercise discretionary voting authority under proxies it solicits unless the Company is notified about the proposal on or before April 27, 2007, and the stockholder satisfies the other requirements of Rule 14a-4(c). Our Bylaws provide that, to be considered at the 2007 annual meeting, a stockholder proposal must be submitted in writing and received by our Secretary at the executive offices of the Company during the period beginning on January 26, 2007 and ending April 27, 2007, and must contain the information specified by and otherwise comply with our Bylaws. Any stockholder wishing to receive a copy of our Bylaws should direct a written request to our Secretary at the Company's principal executive office.

FORM 10-K

Stockholders entitled to vote at the meeting may obtain a copy of the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2006, including the financial statements required to be filed with the SEC, without charge, upon written or oral request to Eagle Materials Inc., Attention: James H.
