Eagle Materials Inc. Reports Fiscal Year and Fourth Quarter Results

DALLAS--(BUSINESS WIRE)-- Eagle Materials Inc. (NYSE: EXP) today reported financial results for fiscal year 2013 and the fiscal fourth quarter ended March 31, 2013. Notable items for the fiscal year and quarter include:

- Fiscal year 2013 revenues of \$642.6 million, up 30%
- Fiscal year 2013 net earnings per diluted share of \$1.22, up 190%
- Fourth quarter revenues of \$159.1 million, up 36%
- Fourth quarter earnings per diluted share of \$0.16, down 20%
- Completed construction and start-up of our greenfield frac sand facility in Corpus Christi, Texas on-time and underbudget.

Fiscal 2013 earnings before interest and income taxes increased 146%, reflecting improved sales volumes across all heritage businesses and higher net sales prices across all businesses, excluding Paperboard, as compared to the prior year. Eagle ended the year with a net debt-to-capitalization ratio of 41%. The results of operations for the recently acquired assets in Oklahoma and Missouri (the "Recently Acquired Assets") for the period from November 30, 2012 through March 31, 2013, are included in the annual results disclosed in this press release. For information regarding the results of operations for the Recently Acquired Assets for certain periods prior to November 30, 2012, including pro forma financial information that combines the results of operations for Eagle and the Recently Acquired Assets, please see our Form 8-K/A filed on April 26, 2013. The increase in our average shares outstanding at March 31, 2013 is primarily due to the impact of our follow-on equity offering, which was completed on October 3, 2012.

Our fourth quarter results were impacted by non-routine items of approximately \$2.4 million, or \$0.04 per share, which included the remaining costs associated with finalizing the acquisition of the Recently Acquired Assets and litigation costs related to our lawsuit against the IRS. Additionally, our fourth quarter cement earnings were impacted by approximately \$14 million, or \$0.21 per share, associated with annual maintenance costs at the Recently Acquired Assets. Start-up costs associated with our recently completed frac sand facility in Corpus Christi were \$1 million, or \$0.01 per share.

Fourth quarter sales volumes improved across all businesses, reflecting improving construction fundamentals in the US and the addition of the Recently Acquired Assets. In addition, sales prices improved in all businesses other than Paperboard. Gypsum Wallboard experienced the most significant improvement, with an increase in average net sales prices of 23% as compared with the prior year's fourth quarter.

Cement, Concrete and Aggregates

Fiscal 2013 operating earnings from Cement were \$46.2 million, a decline of 1% compared to fiscal 2012. Revenues from Cement, including joint venture and intersegment sales, were \$304.1 million for fiscal 2013, 25% higher than last year.

Operating earnings from Cement during the fourth quarter were \$2.3 million, a 69% decrease from the same quarter a year ago. Fourth quarter cement earnings were impacted by approximately \$14 million associated with maintenance costs at the Recently Acquired Assets, partially offset by improved cement sales volumes and sales prices during the quarter. Cement revenues for the quarter, including joint venture and intersegment revenues, totaled \$74.6 million, 50% greater than the same quarter last year. Cement sales volumes for the quarter were 773,000 tons, 45% higher than the same quarter a year ago. The average net sales price for this quarter was \$87.81 per ton, 4% higher than the same quarter last year. Like-for-like cement sales volumes and net sales prices increased 10% and 5%, respectively, versus the fourth quarter of fiscal 2012 (comparison relates to sales from heritage cement plants operated by Eagle during both quarterly periods).

Concrete and Aggregates reported a fiscal 2013 operating loss of \$5.4 million versus an operating loss of \$1.1 million one year earlier reflecting particularly adverse weather during our fourth quarter this year, primarily in the Kansas City area. Revenues from Concrete and Aggregates were \$55.5 million for fiscal 2013, 24% higher than last year, reflecting the impact from our recently acquired concrete and aggregates business in Kansas City.

Gypsum Wallboard and Paperboard

Fiscal 2013 operating earnings from Gypsum Wallboard and Paperboard were \$94.9 million, an increase of 308% compared to fiscal 2012. Revenues from Gypsum Wallboard and Paperboard were \$382.1 million for fiscal 2013, 29% higher than last year's revenues.

Gypsum Wallboard and Paperboard reported fourth quarter operating earnings of \$26.6 million, up 76% from the same quarter last year. The increase in operating earnings was primarily due to higher net wallboard sales prices and sales volumes along with improved paperboard sales volumes offset by lower paperboard sales prices. In addition, our papermill performed its major annual maintenance during the fourth quarter which contributed to the increased operating costs during the fourth quarter.

Gypsum Wallboard and Paperboard revenues for the fourth quarter totaled \$95.6 million, a 20% increase from the same quarter a year ago. The average Gypsum Wallboard net sales price for this quarter was \$145.72 per MSF, 23% greater than the same quarter a year ago. Gypsum Wallboard sales volumes of 433 million square feet (MMSF) were up approximately 9% from the prior year's fourth quarter. The average Paperboard net sales price this quarter was \$492.54 per ton, 3% less than the same quarter a year ago. Paperboard sales volumes for the quarter were 57,000 tons, 1% greater than the same quarter a year ago.

Details of Financial Results

Current quarter Acquisition and Litigation Expense of \$1.8 million consists of costs related to our acquisition of the Recently Acquired Assets and legal fees related to our lawsuit against the IRS.

We conduct one of our cement plant operations through a 50/50 joint venture, Texas Lehigh Cement Company LP (the "Joint Venture"). We utilize the equity method of accounting for our 50% interest in the Joint Venture. For segment reporting purposes only, we proportionately consolidate our 50% share of the Joint Venture's revenues and operating earnings, which is consistent with the way management organizes the segments within Eagle for making operating decisions and assessing performance.

In addition, for segment reporting purposes, we report intersegment revenues as a part of a segment's total revenues. Intersegment sales are eliminated on the income statement. Refer to Attachment 3 for a reconciliation of these amounts.

About Eagle Materials Inc.

Eagle Materials Inc. manufactures and distributes Cement, Gypsum Wallboard, Recycled Paperboard, Concrete and Aggregates from 40 facilities across the U.S. Eagle is headquartered in Dallas, Texas.

EXP's senior management will conduct a conference call to discuss the financial results, forward looking information and other matters at 10:00 a.m. Eastern Time (9:00 a.m. Central Time) on Wednesday, May 15, 2013. The conference call will be webcast simultaneously on the EXP Web site http://www.eaglematerials.com. A replay of the webcast and the presentation will be archived on that site for one year. For more information, contact EXP at 214-432-2000.

Forward-Looking Statements. This press release contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934 and the Private Securities Litigation Reform Act of 1995. Forward-looking statements may be identified by the context of the statement and generally arise when the Company is discussing its beliefs, estimates or expectations. These statements are not historical facts or guarantees of future performance but instead represent only the Company's belief at the time the statements were made regarding future events which are subject to certain risks, uncertainties and other factors many of which are outside the Company's control. Actual results and outcomes may differ materially from what is expressed or forecast in such forward-looking statements. The principal risks and uncertainties that may affect the Company's actual performance include the following: the cyclical and seasonal nature of the Company's business; public infrastructure expenditures; adverse weather conditions; the fact that our products are commodities and that prices for our products are subject to material fluctuation due to market conditions and other factors beyond our control; availability of raw materials; changes in energy costs including, without limitation, natural gas and oil; changes in the cost and availability of transportation: unexpected operational difficulties; inability to timely execute announced capacity expansions; governmental regulation and changes in governmental and public policy (including, without limitation, climate change regulation):possible outcomes of pending or future litigation or arbitration proceedings: changes in economic conditions specific to any one or more of the Company's markets; competition; announced increases in capacity in the gypsum wallboard and cement industries; changes in the demand for residential housing construction or commercial construction; general economic conditions; and interest rates. For example, increases in interest rates, decreases in demand for construction materials or increases in the cost of energy (including, without limitation, natural gas and oil) could affect the revenues and operating earnings of our operations. In addition, changes in national or regional economic conditions and levels of infrastructure and construction spending could also adversely affect the Company's result of operations. With respect to our acquisition of the Lafarge Target Business as described in this press release, factors, risks and uncertainties that may cause actual events and developments to vary materially from those anticipated in forward-looking statements include, but are not limited to, the risk that we may not be able to integrate the Lafarge Target Business in an efficient and cost-effective manner with our other assets and operations, the possible inability to realize synergies or other expected benefits of the transaction, the possibility that we may incur significant costs relating to transition or integration activities, the discovery of undisclosed liabilities associated with the business, the need to repay the indebtedness incurred to fund the acquisition and the fact that increased

debt may limit our ability to respond to any changes in general economic and business conditions that occur after the acquisition. These and other factors are described in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2012 and in its Quarterly Report on Form 10-Q for the fiscal quarter ended December 31, 2012. These reports are filed with the Securities and Exchange Commission. All forward-looking statements made herein are made as of the date hereof, and the risk that actual results will differ materially from expectations expressed herein will increase with the passage of time. The Company undertakes no duty to update any forward-looking statement to reflect future events or changes in the Company's expectations.
