TO BE HELD JULY 15, 1999

INTRODUCTION

The accompanying proxy, mailed together with this proxy statement, is solicited by and on behalf of the Board of Directors of Centex Construction Products, Inc., a Delaware corporation (the "Corporation"), for use at the Annual Meeting of Stockholders of the Corporation to be held on July 15, 1999, and at any adjournment thereof. The mailing address of the executive offices of the Corporation is 3710 Rawlins, Suite 1600, LB 78, Dallas, Texas 75219. The approximate date on which this proxy statement and accompanying proxy were first sent to stockholders is June 22, 1999.

PURPOSES OF THE MEETING

At the meeting, action will be taken upon the following matters:

(1) Election of five directors, each to hold office until the next annual meeting of stockholders or until his successor shall have been elected and qualified.

(2) Such other business as may properly come before the meeting or any adjournment thereof.

The Board of Directors of the Corporation (the "Board" or "Board of Directors") does not know of any matters that may be acted upon at the meeting other than the matter set forth in item (1) above.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS OF THE CORPORATION RECOMMENDS A VOTE FOR ELECTION OF THE FIVE NOMINEES FOR DIRECTOR OF THE CORPORATION NAMED IN THE ACCOMPANYING CORPORATION PROXY.

RECORD DATE AND VOTING

The record date for the determination of stockholders entitled to notice of and to vote at the meeting is the close of business on June 8, 1999. On the record date, the issued and outstanding capital stock of the Corporation entitled to vote at the meeting consisted of 19,454,308 shares of the Corporation's common stock of \$0.01 par value per share ("Corporation Common Stock").

The holders of Corporation Common Stock will be entitled to one vote per share upon the election of directors, and each other matter that may be properly brought before the meeting or any adjournment thereof. Neither the Certificate of Incorporation nor the Bylaws of the Corporation provide for cumulative voting rights. The presence at the meeting, in person or by proxy, of a majority of the outstanding shares of Corporation Common Stock is necessary to constitute a quorum; abstentions and, by definition, broker non-votes will be counted as present for the purpose of establishing a quorum.

Shares represented by valid proxies will be voted at the meeting in accordance with the directions given. If the proxy card is signed and returned without any direction given, the shares will be voted for election of the five nominees for director named in the proxy. The Board of Directors does not intend to present, and has no information that others will present, any business at the annual meeting other than as set forth in the attached Notice of Annual Meeting of Stockholders of the Corporation. However, if other matters requiring the vote of stockholders come before the meeting, it is the intention of the persons named in the accompanying form of the Corporation proxy to vote the proxies held by them in accordance with their best judgment in such matters. Any stockholder of the Corporation has the unconditional right to revoke his, her or its Corporation proxy at any time prior to the voting thereof by submitting a later-dated proxy, by attending the meeting and voting in person, or by written notice to the Corporation addressed to Raymond G. Smerge, Secretary, Centex Construction Products, Inc., 3710 Rawlins, Suite 1600, LB 78, Dallas, Texas 75219; however, no such revocation shall be effective until received by the Corporation at or prior to the meeting.

The cost of solicitation of proxies for the meeting will be borne by the Corporation. Solicitation may be made by mail, personal interview, telephone and/or telegraph or other electronic transmission by officers and other employees of the Corporation, who will receive no additional compensation therefor. To aid in the solicitation of proxies, the Corporation has retained the firm of ChaseMellon Shareholder Services, L.L.C., which will receive a fee of approximately \$4,500 plus out-of-pocket expenses. The Corporation will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in forwarding proxy material to beneficial owners.

ITEM 1. ELECTION OF DIRECTORS

In accordance with the Bylaws of the Corporation, the Board of Directors has established the number of directors to be elected at the meeting at five, which shall constitute the entire Board of Directors. Unless contrary instructions are indicated on the proxy, it is intended that the shares represented by the accompanying Corporation proxy will be voted for the election of the five nominees for director named below or, if any such nominees should become unavailable, which is not anticipated, for such substitute nominee as the Board of Directors shall designate. Each director will hold office until the next annual election of directors or until his successor shall have been elected and qualified, subject to removal by the vote of the holders of not less than two-thirds of the outstanding shares of Corporation Common Stock. A plurality of votes cast at the annual meeting, in person or by proxy, is required to elect each nominee. The Board recommends that stockholders vote FOR the election of such nominees.

The five persons named below are the Board's nominees for election as directors at the meeting. As a result of his planned retirement following the 1999 Annual Meeting of Stockholders, O.G. (Greg) Dagnan has elected not to stand for election as director at the Annual Meeting, and will resign as Chairman of the Board and Chief Executive Officer. The Board of Directors has designated Richard D. Jones, Jr., the current President and Chief Operating Officer of the Corporation, to succeed Mr. Dagnan, and is nominating Mr. Jones for election to the Board of Directors. Except for Mr. Jones, all the persons named below are currently directors of the Corporation. The information appearing in the following table respecting the nominees for director has been furnished to the Corporation by the respective nominees.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION IN COMPENSATION DECISIONS

None of the Corporation's directors, officers or employees has any relationship requiring disclosure under Item 402(j) of Regulation S-K.

REPORT OF COMPENSATION COMMITTEE AND STOCK OPTION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee provides advice and recommendations to the Board concerning the salaries and bonuses of the officers of the Corporation. The Board approves those salaries and bonuses. The Stock Option Committee administers the Centex Construction Products, Inc. Amended and Restated Stock Option Plan and is specifically authorized under such plan to grant options to officers and other key employees of the Corporation and its subsidiaries, subject to ratification by the Board. The Compensation Committee and the Stock Option Committee are comprised of three and two non-employee directors, respectively. This report describes the policies and principles that shape the structure of the Corporation's executive compensation program.

The Corporation's executive compensation program is structured to achieve the following objectives:

- to attract, retain and motivate highly qualified, energetic and talented executives;
- to create an incentive to increase stockholder returns by establishing a direct and substantial link between individual compensation and certain financial measures that have a direct effect on stockholder values; and
- to create substantial long-term compensation opportunities for individual executive officers based not only on long-term corporate performance but also on sustained long-term individual performance.

To achieve its compensation objectives, the Corporation has structured an executive compensation program using a combination of short-term and long-term elements: (i) annual salary; (ii) annual bonus; and (iii) long-term incentive compensation in the form of stock options. In addition, the executive officers of the Corporation are eligible to receive other benefits such as medical benefits and profit sharing plan contributions that are generally available to employees of the Corporation and contributions under the Corporation's SERP that are accrued for the named executive officers and certain other officers of the Corporation and its subsidiaries.

In structuring the specific components of executive compensation, the Corporation is guided by the following principles:

- annual compensation should be set within reasonable ranges of the annual compensation for similar positions with similarly-sized and types of companies that engage in one or more of the businesses in which the Corporation engages;
- bonus payments should vary with the Corporation's financial performance; and
- a significant portion of compensation should be in the form of long-term incentive compensation that aligns the interests of executives with those of the stockholders and that creates rewards for long-term sustained Corporation performance and the achievement of the Corporation's strategic objectives.

Base Salary

The Compensation Committee is responsible for recommending at the beginning of each fiscal year the base salary levels for the five named executive officers. In developing salary compensation amounts for fiscal 1999, the Compensation Committee reviewed the salaries for similar positions in similarly-sized companies which engage in one or more of the principal businesses of the Corporation: the manufacture and sale of cement, gypsum wallboard and readymix concrete and aggregates. Included within the survey were those companies which comprise the peer group in the Comparative Cumulative Total Stockholder Return graph on page 11. The Compensation Committee confirmed that the base salaries of the named executives were consistent with its objective of setting base salaries within reasonable ranges for similar positions in competitive companies. In setting base salary levels, the Compensation Committee also considers the executive's experience level and potential for significant contributions to the Corporation's profitability. After completing its review and decision-making process, the Compensation Committee submitted its decision as to base salary levels to the entire Board of Directors, which confirmed the Compensation Committee's decision.

Incentive Bonus

The Compensation Committee is also responsible for developing recommendations for the incentive bonuses awarded to the named executives at the end of each fiscal year. The annual incentive bonus program for the executive officers has been structured to create financial incentives and rewards that are directly related to corporate performance during the fiscal year. In particular, the Compensation Committee weighs heavily certain financial measurements that are directly related to stockholder returns such as net earnings, earnings growth, return on net assets, return on equity and other

factors. In fiscal 1998, the Compensation Committee restructured the annual incentive bonus program of the Corporation so that a percentage of potential earnings is designated for bonuses and, provided that established targets are achieved in the applicable fiscal year, such pool is divided, and bonuses are paid, among the employees participating in the plan. The amount of the bonus paid to an employee is based on the earnings of the division in which such employee is employed, the percentage of the pool designated for such employee and an objective assessment of such employee's achievement of his or her established performance goals.

Long-term Compensation

Consistent with the Corporation's effort to increase the proportion of management compensation which is tied to the Corporation's performance, the Compensation Committee in fiscal 1995 structured certain of its stock option programs to link the vesting of stock option grants to the achievement by the Corporation of certain specific performance targets during the ten years following the stock option grant. Beginning in fiscal 1999, under the terms of the stock options, the number of shares that "vest" or which become exercisable by the optionee depends upon the achievement of specific financial goals by the Corporation and, for a portion of such options, the passage of time after the achievement of such goals. These financial goals are tied to the Corporation's operating earnings and return on average net assets and are structured to reward the optionee for superior long-term operating performance of the Corporation. Failure to meet the specified goals results in those shares not "vesting" until the end of the ten-year term. The Compensation Committee believes that these programs properly align the interests of the Corporation's officers and managers with the interests of the stockholders by linking a majority of their long-term compensation with goals that have a direct and positive effect on stockholder value. Except for certain grants of stock options made in fiscal 1995 in connection with the Corporation's initial public offering, all of the stock options granted by the Corporation to its officers and key employees were granted under these performance programs.

Commencing with fiscal year 1995, the Corporation's Board approved the SERP for certain employees participating in the Profit Sharing Plan. Pursuant to the Internal Revenue Code, the Internal Revenue Service sets a limit (currently \$160,000) on the amount of annual compensation which may be considered in determining, for the account of an eligible participant, the Corporation's contribution to the Profit Sharing Plan. The SERP establishes balances for each participant in an amount equal to the additional contribution which he or she would have received under the Profit Sharing Plan had 100% of his or her annual salary been eligible for a profit-sharing contribution. Contributions accrued under the SERP for the benefit of the named executive officers vest under the same terms and conditions as the Profit Sharing Plan. Bonuses paid to participants are not included in making calculations for contributions made or accrued to recipients' accounts under either the Profit Sharing Plan or the SERP.

CEO Compensation

The Chief Executive Officer of the Corporation participates in the same compensation programs as the other executive officers with each component of his compensation determined by the Compensation Committee according to the same criteria. The base salary and incentive bonus of the Chief Executive Officer for fiscal 1999 were consistent with the Compensation Committee's salary range guidelines and objectives for all officers. The incentive bonus granted to the Chief Executive Officer for fiscal 1999 was determined in accordance with the restructured incentive bonus program.

The Internal Revenue Service limits the deductibility for federal income tax purposes of certain executive compensation payments in excess of \$1 million. The Corporation does not anticipate that any individual executive officer's compensation will be subject to this limitation in the current year or in the foreseeable future. The Compensation Committee will take appropriate action in the future as it determines to be advisable to minimize any future impacts of this limitation on the Corporation.

PERFORMANCE GRAPH

The following graph compares the yearly change in the cumulative total stockholder return on the Corporation's Common Stock during the fiscal year ended March 31, 1999 with the S&P 500 Index and a peer group composed of companies with businesses in one or more of the Corporation's primary lines of businesses: cement, gypsum wallboard and concrete/aggregates. The companies comprising the peer group are weighted by their respective market capitalizations and include the following: Lafarge Corporation, Lone Star Industries, Inc., Medusa Corporation, Southdown, Inc. (Medusa Corporation and Southdown, Inc. merged in 1998) and USG Corporation. The comparison assumes \$100 was invested on April 19, 1994 in the Corporation's Common Stock and in each of the S&P 500 Index and the peer group, and assumes reinvestment of dividends.

SECTION 16(a) COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Corporation's directors and officers, and persons who beneficially own more than 10% of a registered class of the Corporation's equity securities, to file initial reports of ownership, reports of changes in ownership and annual reports of ownership with the Securities and Exchange Commission (the "SEC") and the New York Stock Exchange. Such persons are required by SEC regulations to furnish the Corporation with copies of all Section 16(a) forms they file with the SEC.

Based solely on its review of the copies of such forms received by it with respect to fiscal 1999, or written representations from certain reporting persons, the Corporation believes that its directors, officers and persons who beneficially own more than 10% of a registered class of the Corporation's equity securities have complied with all filing requirements required by Section 16(a) for fiscal 1999 applicable to such persons.

CERTAIN TRANSACTIONS

Centex Service Company ("CSC"), a subsidiary of Centex Corporation, provides the Corporation with employee benefit administration, legal, public/investor relations and certain other services. These services are provided by CSC pursuant to an Administrative Services Agreement which will expire on March 31, 2000, unless earlier terminated at the option of the Corporation. Commencing April 1, 1999, this agreement was amended to increase the annual payment for such services rendered for the remainder of the term of the agreement to \$198,000. Messrs. Hirsch and Quinn, who are directors of the Corporation, are directors and executive officers of CSC.

As a result of the Corporation's initial public offering, the Corporation is no longer included in Centex Corporation's consolidated federal tax return. Accordingly, approximately \$34.3 million of deferred income taxes became payable by the Corporation to Centex Corporation pursuant to a Tax Separation Agreement entered into by the Corporation and Centex Corporation in connection with the Corporation's initial public offering in April 1994. During fiscal 1996, Centex refunded to the Corporation approximately \$2.9 million of the payments made for these deferred taxes because of an overpayment on the returns filed with the applicable taxing authorities.

The Corporation does not sell any of its products directly to Centex Corporation or to any of its affiliates. Certain of the Corporation's customers purchase readymix concrete and gypsum wallboard from the Corporation for resale to subsidiaries of Centex Corporation and others. Although the Corporation does not track the volume of such indirect sales to subsidiaries of Centex Corporation or to any of its affiliates, the Corporation believes that such sales account for less than 5% of its total sales volume.

Robert L. Clarke, a director of the Corporation, is a partner in the law firm of Bracewell & Patterson, L.L.P., which law firm provides legal services to certain subsidiaries of the Corporation.

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

Arthur Andersen LLP acted as the Corporation's independent public accountants for the fiscal year ended March 31, 1999. The Corporation's independent public accountants are selected annually by the Board of Directors at its meeting held immediately following the annual meeting of stockholders. It is anticipated that the Board of Directors will select Arthur Andersen LLP as the Corporation's independent public accountants for the current year.

Representatives of Arthur Andersen LLP are expected to be present at the meeting, with the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions from stockholders.

STOCKHOLDER PROPOSALS

The Corporation's 2000 annual meeting of stockholders is scheduled to be held on July 20, 2000. In order to be considered for inclusion in the Corporation's proxy material for that meeting, stockholder proposals must be received at the Corporation's executive offices, addressed to the attention of the Secretary, not later than February 23, 2000.
