Report of Independent Registered Public Accounting Firm

The Administrative Committee  
Profit Sharing and Retirement Plan of Centex Construction Products, Inc.

We have audited the accompanying statements of net assets available for benefits of the Profit Sharing and Retirement Plan of Centex Construction Products, Inc. as of December 31, 2003 and 2002, and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2003 and 2002, and the changes in its net assets available for benefits for the year ended December 31, 2003, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2003, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Profit Sharing and Retirement Plan  
of Centex Construction Products, Inc.

Notes to Financial Statements

December 31, 2003

**1. Description of the Plan**

The following description of the Profit Sharing and Retirement Plan of Centex Construction Products, Inc. (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

The Plan, adopted April 1, 1994 and amended and restated January 1, 2001, is a defined contribution retirement plan covering eligible employees of Centex Construction Products, Inc. (the Company or CXP) and eligible employees of certain subsidiaries of the Company, which have adopted the Plan with the Company's consent. The Company and certain subsidiaries collectively comprise the "Participating Employers." The Plan is administered by an Administrative Committee (the Committee) appointed by the Board of Directors of the Company. Centex Corporation owned approximately 64% of the outstanding common stock of CXP on December 31, 2003.

Salaried employees participate in the Plan on the earlier of January 1 or July 1 after completing one year of service, as defined. All salaried employees of Participating Employers are eligible to participate provided the employee is not a member of a group or class of employees covered by a collective bargaining agreement unless such agreement extends the Plan to such group or class of employees. One year of service, for purposes of eligibility, is defined as the 12 consecutive month period during which the employee worked 1,000 hours, ending on the first anniversary of the employee's date of hire.

Transfers from the Centex Construction Products, Inc. Hourly Profit Sharing Plan were due to the conversion of employees from hourly to salaried employees.

**Contributions**

The Plan permits participants to contribute pre-tax up to 70% of their compensation, as defined, (up to a statutory limit) to a 401(k) account upon the date of hire. The Plan also permits participant voluntary (after-tax) contributions of up to 10% of compensation, as defined. Total contributions to a participant's account are limited to a maximum of 100% of compensation (or \$40,000, whichever is less) for 401(k) contributions, Participating Employers' contributions and voluntary (after-tax) contributions on a combined basis.

of Centex Construction Products, Inc.

Notes to Financial Statements (continued)

**1. Description of the Plan (continued)**

Employer discretionary profit sharing contributions are made by the Participating Employers as determined by their respective Boards of Directors. They are allocated to participant accounts on a pro rata basis determined by each participant's length of service and salary. As of January 1, 2003, the Participating Employers, at their sole discretion, may make qualified non-elective contributions to the Plan. No such contributions were made for the 2003 plan year. Forfeitures may be used to reduce employer profit sharing contributions or administrative expenses of the Plan. Forfeitures of \$25,950 were used to reduce employer contributions for the year ended December 31, 2003.

Participants direct the investment of their accounts into various registered investment company funds or the CXP Stock Fund (the CXPSF). Another fund, the Centex Common Stock Fund (the CCSF), exists for those employees who chose to retain their balance in this fund upon transfer of all of their balances from the Profit Sharing and Retirement Plan of Centex Corporation to the Plan in 1994. No additional contributions to the CCSF are permitted. Both the CXPSF and CCSF are unitized stock funds.

Participants may allocate up to 15% of employer and participant (before- and after-tax) contributions to the CXPSF, whereas up to 100% may be allocated to any other investment option (except the CCSF) offered by the Plan.

**Vesting**

After two years of service, a participant is vested in 10% of Participating Employer contributions and related earnings. Participants vest an additional 10% after three years of service and 20% for each additional year of service after that. A participant is fully vested after seven years of service or upon retirement, full and permanent disability, or death. Participants are always fully vested in their 401(k) and voluntary contributions and related earnings.

**Participant Loans**

Active participants may borrow up to 50% of the vested portion of their accounts, not in excess of \$50,000, with Committee approval, but only for approved events, as defined. Loans are collateralized by participant accounts. Such loans bear interest at a rate that approximates market rates and are repayable to the Plan within five years.

Profit Sharing and Retirement Plan  
of Centex Construction Products, Inc.

Notes to Financial Statements (continued)

**1. Description of the Plan (continued)**

Interest rates on outstanding participant loans ranged from 6% to 11% for the year ended December 31, 2003.

**Administrative Expenses**

Certain administrative expenses of the Plan are paid by the Company. The Plan is not required to reimburse the Company for any administrative expenses paid by the Company. Expenses not paid by the Company are paid by the Plan.

**Plan Termination**

Although there is no intention to do so, the Company has the right to discontinue contributions and terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan provides that, in the event of plan termination, participants will become fully vested in their Participating Employer contributions, and the method of distribution of assets will be in accordance with the provisions of ERISA.

**2. Significant Accounting Policies**

**Basis of Presentation**

The accompanying financial statements have been prepared on the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Valuation of Investments**

The Profit Sharing and Retirement Plan of Centex Corporation Master Trust (the Centex Corporation Master Trust) and the Centex Construction Products, Inc. Plans Master Trust

Profit Sharing and Retirement Plan  
of Centex Construction Products, Inc.

Notes to Financial Statements (continued)

**2. Significant Accounting Policies (continued)**

(the Centex Construction Products, Inc. Master Trust) (collectively, the Master Trusts) hold the assets of the Plan, as well as the assets of other plans sponsored by CXP and Centex Corporation (Affiliate Plans). The Plan and Affiliate Plans have an undivided interest in the Master Trusts. The Master Trusts are governed by trust agreements with Fidelity Management Trust Company (the Trustee), which is held accountable by and reports to the Committee.

Investments included in the Master Trusts are valued at fair value. The registered investment company shares are valued based on published market prices, which represent the net asset value of shares held by the Plan at year-end. Investments in the unitized stock funds are determined by the value of the underlying common stocks combined with the short-term cash positions. The fair values of the common stock portion of the funds are based on the closing price of the common stocks on their primary exchange. The short-term cash positions of the unitized stock funds are recorded at cost, which approximates fair value. Participant loans are recorded at carrying value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

The Master Trusts allocate investment income to the Plan based on the Plan's respective ownership interests in each of the Master Trusts' assets. Investment income is then allocated to participants on a pro rata basis. Administrative expenses for the year ended December 31, 2003, include Trustee and recordkeeper fees. Fund management fees are charged directly to each master trust and therefore are included in the net change in fair market value of investments for each of the Master Trusts. Administrative expenses are allocated pro rata to the Plan and Affiliate Plans.

**Distributions to Participants**

Distributions to participants are recorded when paid.

**Reclassification**

Certain amounts in the 2002 financial statements have been reclassified to conform to the 2003 presentation.

of Centex Construction Products, Inc.

Notes to Financial Statements (continued)

**3. Interest in the Master Trusts (continued)**

The Plan invests in various investment securities which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

**4. Income Tax Status**

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated June 4, 2003, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended. However, the Company and the Plan's counsel believe that the Plan continues to be designed in compliance with applicable provisions of the Code.

**5. Related Party Transactions**

Certain Plan investments are shares of registered investment companies managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions.

**6. Reconciliation to Form 5500**

As of December 31, 2003 and 2002, the Plan had \$2,379 and \$0, respectively, of pending distributions to participants who elected to withdraw from the Plan. These amounts are recorded as a liability in the Plan's Form 5500; however, in accordance with U.S. generally accepted accounting principles, these amounts are not recorded as a liability in the accompanying Statements of Net Assets Available for Benefits. The following reconciles net assets available for benefits per the financial statements to Form 5500 as filed by the Company:
