PROXY STATEMENT

Annual Meeting of Stockholders To Be Held July 16, 2002

INTRODUCTION

The accompanying proxy, mailed together with this proxy statement, is solicited by and on behalf of the Board of Directors of Centex Construction Products, Inc., a Delaware corporation (the "Corporation"), for use at the annual meeting of stockholders of the Corporation to be held on July 16, 2002, and at any adjournment thereof. The mailing address of the executive offices of the Corporation is 2728 N. Harwood, Dallas, Texas 75201. The approximate date on which this proxy statement and accompanying proxy were first sent to stockholders was on or about June 19, 2002.

Purposes of the Meeting

At the meeting, action will be taken upon the following matters:

- (1) Election of seven directors, each to hold office until the next annual meeting of stockholders or until his successor shall have been elected and qualified.
- (2) Such other business as may properly come before the meeting or any adjournment thereof.

The Board of Directors of the Corporation (the "Board" or "Board of Directors") does not know of any matters that may be acted upon at the meeting other than the matters set forth in item (1) above.

Recommendation of the Board of Directors

The Board of Directors of the Corporation recommends a vote FOR the election of the seven nominees for director of the Corporation named in the accompanying proxy.

RECORD DATE AND VOTING

The record date for the determination of stockholders entitled to notice of and to vote at the meeting is the close of business on June 3, 2002. At the close of business on the record date, the issued and outstanding capital stock of the Corporation entitled to vote at the meeting consisted of 18,536,228 shares of the Corporation's common stock, par value \$.01 per share ("Common Stock").

The holders of Common Stock will be entitled to one vote per share upon the election of directors and each other matter that may properly be brought before the meeting or any adjournment thereof. Neither the Certificate of Incorporation nor the Bylaws of the Corporation provide for cumulative voting rights. The presence at the meeting, in person or by proxy, of a majority of the outstanding shares of Common Stock is necessary to constitute a quorum. Abstentions and, by definition, broker non-votes will be counted as present for the purpose of establishing a quorum.

Shares represented by valid proxies will be voted at the meeting in accordance with the directions given. If the proxy card is signed and returned without any direction given, the shares will be voted for election of the seven nominees for director named in the proxy. The Board of Directors does not intend to present, and has no information that others will present, any business at the annual meeting other than as is set forth in the attached Notice of Annual Meeting of Stockholders. However, if other matters requiring the vote of stockholders come before the meeting, it is the intention of the

Table of Contents

persons named in the accompanying form of proxy to vote the proxies held by them in accordance with their best judgment in such matters. Any stockholder of the Corporation has the unconditional right to revoke his, her or its proxy at any time prior to the voting thereof by submitting a later-dated proxy, by attending the meeting and voting in person or by written notice to the Corporation addressed to James H. Graass, Secretary, Centex Construction Products, Inc., 2728 N. Harwood, Dallas, Texas 75201. No such revocation shall be effective, however, until received by the Corporation at or prior to the meeting.

The cost of soliciting proxies for the meeting will be borne by the Corporation. Solicitation may be made by mail, personal interview, telephone or other electronic means by officers and other employees of the Corporation, who will receive no additional compensation therefor. To aid in the solicitation of proxies, the Corporation has retained the firm of Mellon Investor Services LLC, which will receive a fee of approximately \$5,000, plus out-of-pocket expenses. The Corporation will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in forwarding proxy material to beneficial owners.

ITEM 1. ELECTION OF DIRECTORS

In accordance with the Bylaws of the Corporation, the Board of Directors has established the number of directors to be elected at the meeting at seven, which shall constitute the entire Board of Directors. Unless contrary instructions are indicated on the accompanying proxy, it is intended that the shares represented by the proxy will be voted for the election of the seven nominees for director named below or, if any such nominees should become unavailable (which is not anticipated), for such substitute nominee as the Board of Directors shall designate. Each director will hold office until the next annual election of directors or until his successor shall have been elected and qualified, subject to removal by the vote of the holders of not less than two-thirds of the then outstanding shares of Common Stock. A plurality of votes cast at the annual meeting, in person or by proxy, is required to elect each nominee.

Compensation and Stock Option Committee Interlocks and Insider Participation in Compensation Decisions

None of the Corporation’s directors, officers or employees has any relationship requiring disclosure under Item 402(j) of Regulation S-K.

Report of Compensation and Stock Option Committee on Executive Compensation

The Compensation and Stock Option Committee of the Board (the “Committee”) provides advice and recommendations to the Board concerning the salaries and bonuses of the executive officers of the Corporation. The Board approves those salaries and bonuses. The Committee also administers the Corporation’s stock option plans and is authorized under such plans to grant options to Non-affiliated Independent Directors, officers and other key employees of the Corporation and its subsidiaries. The Committee is comprised of three Non-affiliated Independent Directors. This report describes the policies and principles that shape the structure of the Corporation’s executive compensation program.

The Corporation’s executive compensation program is structured to achieve the following objectives:

- to attract, retain and motivate highly qualified, energetic and talented executives;
- to create an incentive to increase stockholder returns by establishing a direct and substantial link between individual compensation and certain financial measures that have a direct effect on stockholder values; and
- to create substantial long-term compensation opportunities for individual executive officers based not only on long-term corporate performance but also on sustained long-term individual performance.

To achieve its compensation objectives, the Corporation has structured an executive compensation program using a combination of short-term and long-term elements: (i) annual salary, (ii) annual bonus and (iii) long-term incentive compensation in the form of stock options. In addition, the executive officers of the Corporation are eligible to receive other

Table of Contents

benefits, such as medical benefits and Profit Sharing Plan contributions, that are generally available to employees of the Corporation and contributions under the Corporation's SERP that are accrued for the named executive officers and certain other officers of the Corporation and its subsidiaries.

In structuring the specific components of executive compensation, the Corporation is guided by the following principles:

- annual compensation should be set within reasonable ranges of the annual compensation for similar positions with similarly-sized and types of companies that engage in one or more of the businesses in which the Corporation engages;
- bonus payments should vary with the individual's performance and the Corporation's financial performance; and
- a significant portion of compensation should be in the form of long-term incentive compensation that aligns the interests of executives with those of the stockholders and that creates rewards for long-term sustained corporate performance and the achievement of the Corporation's strategic objectives.

Base Salary

The Committee is responsible for recommending the base salary levels for the named executive officers. In developing salary amounts for fiscal year 2002, the Committee based its recommendations for salary levels on (i) the review conducted last year of salaries for similar positions in similarly-sized companies that engage in one or more of the principal businesses of the Corporation: the manufacture and sale of cement, gypsum wallboard, recycled paperboard, and readymix concrete and aggregates, and (ii) the executive's level of responsibility, experience level and potential for significant contributions to the Corporation's profitability. These recommendations were then approved by the entire Board of Directors.

Incentive Bonus

The Committee is also responsible for developing recommendations for the incentive bonuses awarded to the named executive officers at the end of each fiscal year. The annual incentive bonus program for the executive officers has been structured to create financial incentives and rewards that are directly related to corporate performance during the fiscal year. In particular, the Committee weighs heavily certain financial measurements that are directly related to stockholder returns, such as net earnings, earnings growth, return on net assets, return on equity and other factors. Under the Corporation's annual incentive bonus program, a percentage of potential earnings in each fiscal year is designated as a pool for bonuses, and, provided that established targets are achieved for such fiscal year, the pool is divided, and bonuses are paid, among the employees participating in the program. The amount of the bonus paid to an employee is based on the earnings of the division in which such employee is employed, the percentage of the pool designated for such employee and an objective assessment of such employee's achievement of his or her established performance goals.

Long-term Compensation

To increase the proportion of management compensation that is tied to the Corporation's performance, the Corporation's stock option programs have been structured to link the vesting of option grants to the achievement by the Corporation of certain specific performance targets during the ten years following the dates on which such options are granted. Under the terms of options granted since fiscal year 1998, the number of shares that vest or which become exercisable by the optionee depends upon the achievement of specific financial goals by the Corporation and, for a portion of such options, the passage of time after the achievement of such goals. These financial goals are tied to the Corporation's operating earnings and return on average net assets and are structured to reward the optionee for superior long-term operating performance of the Corporation. Failure to meet the specified

Table of Contents

goals results in those shares not vesting until the end of the ten-year term. The Committee believes that these programs properly align the interests of the Corporation's directors, officers and managers with the interests of the stockholders by linking a majority of their long-term compensation with goals that have a direct and positive effect on stockholder value. Except for certain options granted in fiscal 1995 in connection with the Corporation's initial public offering, all of the options granted by the Corporation to its directors, officers and key employees have been granted under performance programs.

In fiscal year 1995, the Board approved the SERP for certain employees participating in the Profit Sharing Plan. Pursuant to the Internal Revenue Code, the Internal Revenue Service sets a limit (currently \$200,000) on the amount of annual compensation that may be considered in determining, for the account of an eligible participant, the Corporation's contribution to the Profit Sharing Plan. The SERP was established to eliminate the adverse treatment that higher-salaried employees receive under such rule by funding balances for each participant in an amount equal to the additional contribution that he or she would have received under the Profit Sharing Plan had 100% of his or her annual salary been eligible for a profit sharing contribution. Contributions accrued under the SERP for the benefit of the named executive officers vest under the same terms and conditions as the Profit Sharing Plan. Bonuses paid to participants are not included in making calculations for contributions made or accrued to recipients' accounts under either the Profit Sharing Plan or the SERP.

CEO Compensation

The Chief Executive Officer of the Corporation participates in the same compensation programs as the other executive officers, and each component of his compensation is determined by the Committee according to the same criteria. The base salary and incentive bonus of the Chief Executive Officer for fiscal year 2002 were consistent with the Committee's compensation range guidelines and objectives for all officers, and the incentive bonus was determined in accordance with the existing incentive bonus program.

Performance Graph

In fiscal year 2001, the Corporation changed the peer group of companies that it uses to measure performance. The change was necessitated by acquisitions of certain companies within the old peer group that caused financial data for such companies to no longer be available on a stand-alone basis and/or comparisons to such companies to be less relevant due to changes in the geographic area of operations, capitalization and structure of the successor entities as a result of such acquisitions.

The old peer group consisted of five companies with businesses in one or more of the Corporation's primary lines of business. The new peer group consists of three such companies. The companies comprising the old and new peer groups are the following:

Old Peer Group

Lafarge Corporation
Lone Star Industries, Inc.
Medusa Corporation
Southdown, Inc.
USG Corporation

New Peer Group

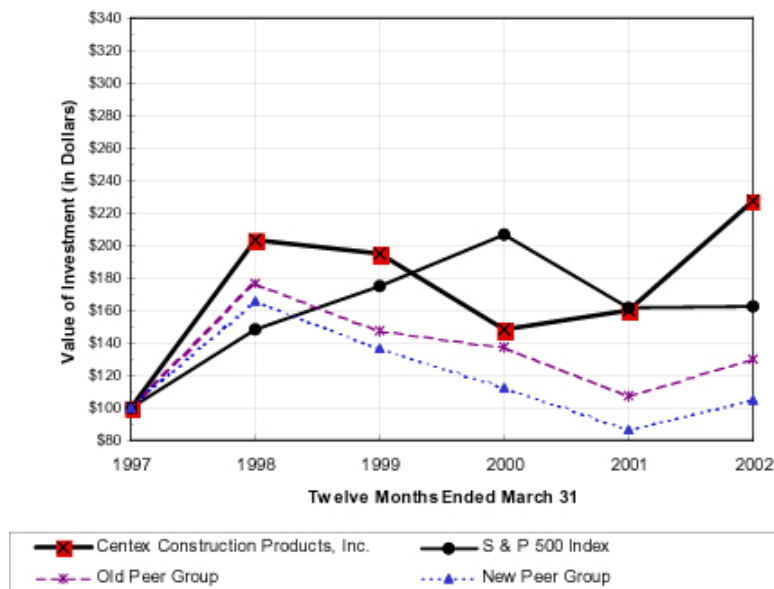

Caraustar Industries, Inc.
Lafarge Corporation
USG Corporation

Lone Star Industries, Inc., Medusa Corporation and Southdown, Inc. were removed from the peer group, and Caraustar Industries, Inc. was added to the peer group. Caraustar Industries, Inc.'s principal manufacturing activity is the production of uncoated and clay-coated recycled paperboard. Lafarge is engaged primarily in the production and distribution of construction materials, including cement, ready-mix concrete, gypsum wallboard, aggregates, cementitious materials and concrete products. USG Corporation is engaged in the production and distribution of building materials, primarily gypsum wallboard and related products. These companies are included in the peer group because they each engage in one or more activities that are comparable to one or more of the Corporation's business segments.

Lone Star Industries, Inc. was acquired by Dyckerhoff AG, and Medusa Corporation was acquired by Southdown, Inc., which, in turn, was acquired by CEMEX, S.A. de C.V. Dyckerhoff and CEMEX are large foreign companies with significant operations outside the United States; accordingly, the Corporation believes that the new peer group presents a more logical basis for comparison than the old peer group in terms of geographic area, capitalization and structure.

The following graph compares the yearly change in the cumulative total stockholder return on the Common Stock during the five fiscal years ended March 31, 2002 with the S&P 500 Index and the new and old peer groups described above. The comparison assumes \$100 was invested on March 31, 1997 in each of the Common Stock, the S&P 500 Index and the peer groups and assumes reinvestment of dividends. The returns of the companies comprising the peer groups are weighted by their respective market capitalizations. Lone Star Industries, Inc., Medusa Corporation and Southdown, Inc. have been assigned a market capitalization of zero in the year they were acquired, as described above (1999 for Medusa Corporation, 2000 for Lone Star Industries, Inc. and 2001 for Southdown, Inc.), and each subsequent year presented for the old peer group, and the remaining members of the old peer group are weighted accordingly.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Corporation’s directors and executive officers, and persons who beneficially own more than 10% of a registered class of the Corporation’s equity securities, to file initial reports of ownership, reports of changes in ownership and annual reports of ownership with the SEC and the New York Stock Exchange. Such persons are required by SEC regulations to furnish the Corporation with copies of all Section 16(a) forms that they file with the SEC.

Based solely on its review of the copies of such forms received by it with respect to fiscal year 2002 or written representations from certain reporting persons, the Corporation believes that its directors and executive officers, and persons who beneficially own more than 10% of a registered class of the Corporation’s equity securities, have complied with all filing requirements required by Section 16(a) for fiscal year 2002 applicable to such persons.

CERTAIN TRANSACTIONS

Centex Service Company (“CSC”), a subsidiary of Centex Corporation, provides the Corporation with employee benefits administration, legal, public/investor relations and certain other services. These services are provided by

CSC pursuant to an Administrative Services Agreement which will expire on March 31, 2003, unless earlier terminated at the option of the Corporation. For fiscal year 2002, the payment by the Corporation to CSC for services rendered under this agreement was \$220,000. Messrs. Hirsch and Eller, who are directors of the Corporation, are directors and executive officers of CSC.

Certain of the Corporation's subsidiaries in the readymix concrete and wallboard businesses may, from time to time, sell their respective products directly to a subsidiary of Centex Corporation. Although the Corporation does not track the volume of such sales to subsidiaries of Centex Corporation, the Corporation believes that such sales account for less than five percent of its total sales volume.

Robert L. Clarke, a director of the Corporation, is a partner in the law firm of Bracewell & Patterson, L.L.P., which law firm provides legal services to certain subsidiaries of the Corporation.

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

On March 23, 2002 the Audit Committee approved the engagement of Ernst & Young LLP ("Ernst & Young") as the Corporation's independent auditors for the fiscal year ending March 31, 2002, to replace Arthur Andersen LLP ("Arthur Andersen"), who were dismissed as auditors effective as of that date. This action followed the Audit Committee's decision to seek proposals from independent accountants to audit the Corporation's financial statements.

In addition to retaining Ernst & Young to audit the Corporation's consolidated financial statements for fiscal year 2002, the Corporation retained Ernst & Young to provide various other services with respect to fiscal year 2002. The aggregate fees for the various professional services by Ernst & Young for fiscal year 2002 were:

- Audit Fees: \$155,000;
- Financial Information Systems Design and Implementation Fees: None; and
- All Other Fees (including fees for tax compliance and consultation, accounting consultation, internal audit support and benefits plans audits): None.

Representatives of Ernst & Young are expected to be present at the Annual Meeting, with the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions from stockholders.

Arthur Andersen's audit reports on the Corporation's financial statements as of and for fiscal years ended March 31, 2000 and 2001, respectively, did not contain an adverse opinion or a disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the Corporation's fiscal years ended March 31, 2000 and 2001, respectively, and the subsequent interim period through March 23, 2002:

- (i) there were no disagreements between the Corporation and Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Arthur Andersen's satisfaction, would have caused Arthur Andersen to make reference to the subject matter of the disagreement in connection with its reports;
- (ii) none of the reportable events described under Item 304(a)(1)(v) of Regulation S-K occurred; and
- (iii) the Corporation did not consult with Ernst & Young regarding any of the matters or events described in item 304(a)(2)(i) and (ii) of Regulation S-K.

Arthur Andersen provided a letter, which the Corporation has filed with the SEC, agreeing with the foregoing statements.

STOCKHOLDER PROPOSALS

Next year's annual meeting of stockholders is scheduled to be held on July 15, 2003. In order to be considered for inclusion in the Corporation's proxy material for that meeting, stockholder proposals must be received at the Corporation's executive offices, addressed to the attention of the Secretary, not later than February 19, 2003.

For any proposal that is not submitted for inclusion in the Corporation's proxy material for the 2003 annual meeting of stockholders but is instead sought to be presented directly at that meeting, Rule 14a-4(c) under the Securities Exchange Act of 1934 permits the Corporation's management to exercise discretionary voting authority under proxies it solicits unless the Corporation is notified about the proposal on or before May 6, 2003, and the stockholder satisfies the other requirements of Rule 14a-4(c). However, except with respect to stockholder proposals included in the Corporation's proxy statement pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, the Corporation's Bylaws provide that, to be considered at the 2003 annual meeting, a stockholder proposal must be submitted in writing and received by the Secretary at the executive offices of the Corporation during the period beginning on January 7, 2003 and ending April 16, 2003, and must contain the information specified by and otherwise comply with the Corporation's Bylaws. Any stockholder wishing to receive a copy of the Corporation's Bylaws should direct a written request to the Secretary at the Corporation's principal executive offices.

Stockholders entitled to vote at the meeting may obtain a copy of the Corporation's Annual Report on Form 10-K for the fiscal year ended March 31, 2002, including the financial statements required to be filed with the SEC, without charge, upon written or verbal request to Centex Construction Products, Inc., Attention: James H.
