News For Immediate Release

CENTEX CONSTRUCTION PRODUCTS SETS DATE FOR STOCKHOLDERS MEETING REGARDING SPIN-OFF OF ITS CENTEX-OWNED SHARES

(Dallas, TX December 3, 2003): Centex Construction Products, Inc. (**NYSE: CXP**) announced today that its Special Meeting of Stockholders regarding the spin-off of all of the CXP shares owned by Centex Corporation (**NYSE: CTX**) will be held at 9:00 a.m., local time on January 8, 2004 at 2728 North Harwood, 10th floor, Dallas, Texas. The record date for the meeting is November 28, 2003.

Centex owns approximately 11.9 million shares of CXP (representing approximately 65% of the outstanding shares of CXP). In connection with the spin-off, CXP would reclassify its shares of Common Stock into two classes and pay a special one-time cash dividend of \$6.00 per share to all of its stockholders (including Centex) immediately prior to the spin-off. The two classes shall consist of a new Class B Common Stock having the right to elect at least 85% of CXP's Board and CXP's existing class of Common Stock having the right to elect the remaining members of the Board. In all other respects, the rights of the holders of the two classes will be substantially the same, including voting on fundamental transactions affecting CXP. Subject to stockholders' approval at the January 8, 2004 meeting, it is anticipated that the spin-off and the cash dividend will be completed by the end of January 2004. Stockholders will also be voting on certain other matters at the Special Meeting.

Under the terms of the agreement reached with Centex in July 2003, CXP and Centex agreed that the spin-off would be accomplished only on a tax-free basis. Centex has informed CXP that it has received approval from the Internal Revenue Service that the spin-off will receive tax-free treatment. When the spin-off is completed, it is anticipated that Centex stockholders will receive approximately .19 shares of CXP Common Stock for each share of Centex common stock (consisting of approximately .15 shares of CXP's new Class B Common Stock and .04 shares of CXP's existing class of Common Stock).

The agreement with Centex also provides that immediately prior to the spin-off, CXP would pay a cash dividend to all of its stockholders (including Centex) of \$6.00 per share. This dividend would only be paid in conjunction with the spin-off and will be funded substantially through borrowings made by CXP. CXP's debt-to-capitalization ratio after payment of the cash dividend and after the spin-off is expected to be approximately 22%.

MORE

CXP believes that the spin-off will be beneficial to its stockholders because, among other considerations, it will increase CXP's shares available to be traded on a daily basis, will eliminate competition for capital between CXP and the other businesses of Centex, and will allow CXP management greater flexibility in dealing with the opportunities and challenges specific to its respective businesses. CXP has a strong balance sheet and its operations are sound and well established. CXP is led by an experienced and talented management and believes that its prospects are good.

CXP is a Dallas-based company that manufactures and distributes cement, gypsum wallboard, recycled paperboard and concrete and aggregates.
