**CENTEX CONSTRUCTION PRODUCTS  
ANNOUNCES \$1.00 PER SHARE INCREASE IN ANNUAL DIVIDEND  
EFFECTIVE UPON SPIN-OFF**

(Dallas, TX Nov. 5, 2003): Centex Construction Products, Inc. (NYSE: CXP) today announced that its Board of Directors has approved an increase in its annual cash dividend from \$0.20 per share to \$1.20 per share (representing an increase in the regular quarterly cash dividend from \$0.05 to \$0.30 per share), effective upon the completion of the proposed spin-off of CXP shares by Centex Corporation. This 500% increase reflects the Board's confidence in CXP's financial strength and ability to pay the enhanced dividend from its cash flow without materially impacting its ability to take advantage of future growth opportunities. In addition, the recent reduction in the federal tax rate on dividends makes the higher dividend a more attractive way of distributing earnings to its shareholders.

The dividend increase will not affect the previously announced quarterly cash dividend of \$0.05 per share payable on January 6, 2004 to shareholders of record on December 9, 2003. The increased cash dividend would become effective with the first quarterly cash dividend following the completion of the spin-off.

CXP also reported that the proposed spin-off of CXP shares by Centex Corporation was progressing towards completion, which is now anticipated to occur in January 2004. Under the terms of the previously announced agreement with Centex Corporation, CXP would reclassify 9,220,000 of the approximately 12 million shares of CXP common stock held by Centex into a new Class B common stock having the right to elect at least 85% of the directors of CXP. Centex would then distribute all of these Class B shares and the remaining shares of CXP common stock held by Centex to its stockholders. CXP would also pay a special one-time cash dividend of \$6.00 per share to all of its shareholders (including Centex) immediately prior to the spin-off.

The reclassification will require approval by the CXP stockholders (including the majority of CXP common stock not held by Centex), as well as approval by the IRS of the tax-free nature of the spin-off. The listing of the new Class B Common Stock of CXP will also require the approval of the New York Stock Exchange. Accordingly, there can be no assurance that the spin-off or any of the other transactions described above will occur on the terms described above, if at all.

Centex Construction Products is a Dallas-based company that manufactures and distributes Cement, Gypsum Wallboard, Recycled Paperboard and Concrete and Aggregates.
